Gov. PENNSYLVANIA, of Pennsylvania, says reformers in politics are a disturbing element. There are a lot of things in politics like Pennypacker that need disturbing.

THE report that J. Pierpont Morgan's tacit endorsement may prevent Mr. Cortelyou from being made Secretary of the Treasury, seems to be based on politics rather than business. A man with Mr. Morgan's endorsement could dispose of the deficit before the close of office hours every day.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure.

LETTER TO ROBT. RANSOM, Weldon, N. C.

Dear Sir: Have you found out you can paint a job with fewer gallons Devco than of anything else, lead-and-oil or anything else?

Mr. Floyd Almy, House and Sign Painter, Greenwich, N. Y., found it out three years ago he writes: "I have used Devco lead-and-oil for the past three years, and cannot say too much in its favor. I am now using it on a big job that I took by contract, and it has saved me at least \$25 in the cost of the material."

Devco is the strongest paint we know of; goes furthest, takes less of it to do your job.

Lead-and-oil is pure; lead-and-oil is stronger; covers more; goes further.

Have you found out you can paint a gallon Devco in less time than a gallon of anything else? That means less time for the job. Less time; less money.

Less paint; less money for that; less time; less money for that. Devco lasts longer; do you mind the less money for that? You are sure of it.

Yours truly,  
F. W. DEVCO & CO.

## A WONDERFUL SAVING

The largest Methodist church in Georgia, calculated to use over one hundred gallons of the usual kind of mixed paint in painting their church.

They used only 32 gallons of the Longman and Martin L. & M. Paint mixed with 24 gallons of linseed oil. Actual cost of paint made was less than \$1.20 per gallon.

Saved over eighty (\$80.00) dollars in paint, and got a big donation besides.

EVERY CHURCH will be given a liberal quantity whenever they paint.

Many houses are well painted with four gallons of L. & M. and three gallons of linseed mixed herewith.

Wears and covers like gold.

These celebrated paints are sold by W. D. Tibber, Roanoke Rapids, N. C.
