#### A FAST AGE.

The Charlotte News Throws Together Some Astonishing Facts.

Occasionally when we are about the rapidly changing events of the day we are made to partially realize what a fast age we live in. In fact it is so rapid that this realization is only experienced seldom but when it is we are appalled and made to start at the sheer facts.

A person today lives just about ten times faster and more strenuously than did his ancestors of a half or even a quarter century ago. New York has been termed the But not till he's familiar with insomnia and gout, Paris of America and possibly justly so. It would probably be safe to say that life in that city is just about as rapid as anywhere else in cur day by day in succession. From these facts we can faintly realize what a fast age we are indeed living in. They are as fol-

# **Family**

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected. Neuralgia simply makes tife unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pills an excellent remedy for overcoming head-ache, neuralgin and distressing pains of all sorts. I have used them for the past seven years in this capacity with the heat of results.

#### CIVILIZING POOR "LO."

BY NIXON WATERMAN.

The time has come when "Injuns" must be civilized, they say; brought face to face with statistics Their blankets, paint and savagery must all be put away, They've got to have their hair cut short and wear their clothing plain, And act like other citizens of Uncle Sam's domain.

#### CASTLE YESTERDAY.

In the Valley of Contentment, just beyond the Hills of Old, Where the streams are always silver and the sunshine always gold, Where the hour is ever morning and the skies are never gray, In the yellow haze of springtime stands the Castle Yesterday.

## Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they, imagine, one from dyspepsia, another from heart disease, another from iver or kidney insease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present allike to themselves and their easy-going and indifferent, or over-lusy doctor, separate and distinct diseases, for which he assuming them to be such prescribes his pills and politons.
