BACK TO BUSINESS

Politics will now be temporarily laid aside and public attention will again be returned to business and the work of speeding the return to normal conditions. Taft is elected president and cotton declined the day after. The result would have been the same had Bryan been victorious, and the march toward prosperity will not be halted.

As is usual at this period the attitude of all business is one of expectancy. The directors of big enterprises await the result in a presidential election. The election being over new orders will begin to roll in and the wheels now idle will begin again to turn. The Southern cotton mills are showing signs of reawakened activity, and abroad the mills of all kinds are preparing to return to full time work, filling the dinner pail of the workman to overflowing and bringing peace and happiness once more to the manufacturers and all alike. These same conditions would have been noticeable had the Democratic candidate been elected. Both Taft and Bryan are strong, upright, honest men in their convictions and true to the general advancement and welfare of this nation. It is not true that the election of Bryan would have caused stagnation in business. This nation is strong enough and powerful enough to be prosperous under either party. Democracy is defeated, nationally, and all good Democrats will gracefully accept defeat and remain loyal American citizens.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed, you have a running ear, or a feeling of fullness, and what is entirely closed. Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever, and cases not cured are named by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure.

The remains of Mr. Silas C. Moore were brought from Louisville, Kentucky, arriving here Sunday night on 85. Mr. Moore left Halifax county about 19 years ago first going to Cairo, Ill., where he lived several years, afterward going to Louisville where he engaged in the furniture business, being a member of the firm of Moore, Miller & Co., who did quite an extensive trade. Deceased came to his death by a pistol shot wound, inflicted by his friend and partner, they having had some misunderstanding over a business matter. Mr. Moore was 43 years of age. Those surviving him are his mother, Mrs. R. H. Moore, 73 years old, two brothers, R. V. Moore, of Halifax, and J. D. Moore, of Norfolk, and two sisters, Mrs. W. T. Fountain, who lives at the old homestead with her mother, and Mrs. Mantie L. Hux, of Flamer, S. C. The remains were taken up to the old home Monday morning and placed away, Rev. J. E. AN Atchison man married a school teacher, and he says that for three years whenever the school bells would ring, she would act up like the horses at the fire department when the fire bell rings.

Foley's Honey and Tar clears the air passages, soothes the irritation in the throat, softens the inflamed membranes and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system.
