Persons have been known to gain a pound a day by taking an ounce of Scott's Emulsion. It is strange, but it often happens. Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

A noted writer has said that the greatest calamity that could befall mankind is not war, famine nor pestilence, but a change in woman's dress by which bright colors would give way to sombre hues. He bases this idea on the fact that many cities are large and flourishing because of the great industries established in them to minister to the feminine love of color. Fortunately the calamity hinted at is not at all likely to occur.

The launching of the Delaware in Newport News last week was an event of more than passing interest in naval circles, for there was then put overboard the largest man-of-war ever launched in any country. The Baltimore Sun says: "Her extreme length is 518 feet and 9 inches. Her displacement on the trial trip is 20,000 tons, and her full load displacement will be 22,000 tons. The heaviest battleship in service at the present time is the British ship Dreadnought, of 17,400 tons displacement. No foreign country has so large a battleship as the Delaware, nor is any country except the United States engaged in building one so large. Great Britain is constructing at this time seven great battleships, ranging in tonnage from 18,000 to 19,250. Germany's largest battleship is 13,200 tons, and she is building one, five of which are 19,000 tons displacement. The heaviest French ship in commission is 14,865 tons, with eight building, the largest being 18,320 tons. Japan's largest battleship is 16,400 tons. She is building one of 19,200 tons and one of 19,800 tons. The United States is building six battleships, four of which are heavier than any vessels afloat or building in any other way.

**DON'T BE MISLED.** The retail druggists of this country, as a class, are noted for their high standard of intelligence and honorable dealing, but it is a well known fact that occasionally you will find one who will try to sell you something else when you call for a remedy of established reputation. He forgets that your health is more important than his pocket book.

For example, when you ask for Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy, don't let any druggist, drug clerk or storekeeper persuade you into buying something else in its place. Every time he succeeds in selling you a worthless substitute he makes more profit, but you are humbugged at the expense of your health.

For many years we have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root. From the very beginning, the proprietors had so much confidence in it that they invited every one to send for a free sample bottle so that people could judge of its great curative value in even the most distressing cases of kidney, liver and bladder troubles.

On another page of this paper you will find a few of the letters, prompted by feelings of heartfelt gratitude, that are constantly coming to Dr. Kilmer and Company. No one can doubt such sincere and honest testimony.

Swamp-Root is prepared only by Dr. Kilmer & Co. Laboratories, Binghamton, N. Y.—Don't experiment.—If you need a medicine you should have the best.

## The Test That Tells.

DORRIS, Ala., Jan. 21, 1909. Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen—About one year ago two of my children suffered badly from back aches and diarrhea. Their urine was very bad and they would have severe spells of dizziness and were all run down in health. I was just about discouraged. I tried several remedies and finally a friend of mine who was taking Swamp-Root for kidney trouble with great results, and I decided to get some for my children. I noticed there was some improvement after they had taken two large bottles, and continued to give it to them until they had taken a half dozen bottles and were well on the road to recovery. I think Swamp-Root has done more for my children than any other medicine I have tried and I recommend it to one having children who suffer as mine did.

R. W. LINSENV, City Clerk, Dothan, Ala.

## The Value of a Remedy is Proven By Its Cures.

ELIZABETH, Ala., Dec. 14, 1909. Dr. Kilmer & Co., Binghamton, N. Y. Dear Sirs—I have derived such great benefit from the use of your remedy, Swamp-Root, that I believe it to be the most important for the public to know its worth. For the last several years I have been the most miserable of men. Did not know that the trouble was but had to attempt very frequently both day and night, an all night up generally finding no relief. I was greatly distressed after eating a meal and had about worn out. I had tried nearly everything I could find advertised and had of without helping me to any great extent, until finally in October last at about, W. L. I purchased a one dollar bottle of Swamp-Root and commenced taking it according to the directions. I have almost had another bottle and experienced such great relief from same that I purchased five dollars worth at Binghamton, Ala., and continued to use and am now taking it in smaller doses and longer intervals, in place of four times a day and I believe by the time your supply is used up I will be entirely well. I am feeling better, better than I have felt for years past. Can't sleep any more, in fact I am feeling so good that I cannot resist telling you about it. You are at liberty to publish this testimonial should you wish. This is STALLARD, U. S. A. Referral, Box 2, E. N. 2, Elkwood, Ala.

TAYLOR, Pastor Baptist Church, New Rochelle, N. Y.

I will be glad to help my neighbors who are suffering from kidney trouble. I will be glad to help my neighbors who are suffering from kidney trouble. **A Contractor.** DORRIS, ALA., Jan. 10, 1909. Dr. Kilmer & Co., Binghamton, N. Y. I obtained a bottle from a druggist and after taking a few bottles I felt better. I continued to take it until I had taken six bottles and I feel as if I have been completely cured. I can thoroughly recommend Swamp-Root to any one suffering from kidney troubles, as I find it afforded me great relief.

Dr. Kilmer's likeness is on the outside wrapper of every bottle.

## Beneficial In Severe Cases.

ELIZABETH, TENN. Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen—I have known how to express my appreciation for the good your Swamp-Root has done me. I had been greatly troubled with my kidneys, and with pain in the back and with what the doctors termed inflammation of the neck of the bladder. Sometimes my back would get in such a shape that I was almost helpless. I had tried several bottles and medicines to no avail, and finally I noticed in some paper where Dr. Kilmer proposed to send a sample bottle of his kidney medicine, Swamp-Root. I was very glad to see it, and I received promptly a sample bottle. After taking it I found it did me good. I then purchased two bottles from your merchant, Mr. W. J. Elmer. After taking the medicine I felt like a new man, and one day rode five miles to church school. You are at liberty to use this letter, or refer anyone to me, as I will always be glad to tell what a wonderful remedy this Swamp-Root is. Mr. James Evans, of Sandersville, Tenn., is taking it with good results. Yours very truly, D. A. MOYER, Member Tennessee Legislature, Rural Route No. 21, Edgfield, Tenn.

## Results It Has Proved.

DORRIS, ALA., Jan. 21, 1909. Dr. Kilmer & Co., Binghamton, N. Y. Dear Sirs—I have been suffering more or less from kidney trouble for the last five years and was induced to try your Swamp-Root. An happy to say, after taking your medicinal that it has cured me. I am a traveling salesman for Messrs. Volgate & Co., New York, and am always traveling on the road. Drinking the different waters affected my kidneys. Very truly, SAMUEL WOLF.

## A Prominent Mason.

JACKSON, TENN. According to my experience, I do not consider there is anything so equal Swamp-Root for kidney affection. Twice it relieved me when I was completely helpless. The last time I was traveling in Texas when my kidneys became affected, and for ten days I suffered excruciating pains, accompanied with severe chills. Several years previous, having been relieved of a similar attack, I naturally would not believe in Swamp-Root. I was completely restored and went on my way rejoicing and praising Swamp-Root. This was three years ago and I have had no indication of a return of the affliction. I. P. SMITH, JR., 27 Mason.
