

# BLOOD

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor. There is nothing else to live on or by. When strength is full and spirits high we are being refreshed—bone, muscle and brain, in body and mind—with continual flow of rich blood. This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood is food, to keep the blood rich. When it fails, take

## SCOTT'S EMULSION

It gets the whole body going again—man, woman and child.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World."

### THE ROANOKE NEWS.

THURSDAY, MAR. 19, 1909.

Published Every Thursday.

ENTERED AT POSTOFFICE AT WELDON AS SECOND-CLASS MATTER.

RATES OF SUBSCRIPTION IN ADVANCE:  
One Year, (by mail) postpaid, \$1.50  
Six Months, " " " " " .75

A weekly Democratic journal devoted to the material, educational, political and agricultural interests of Halifax and surrounding counties.

Advertising rates reasonable and furnished on application.

The motto of the England militant suffragettes ought to be: "Give us notoriety, or give us jail."

The Salome dance has been barred in Missouri, which looks as if they had changed that "show me" motto.

BOURKE COCKER censures the press for too great leniency to public men. What a clever thrust at the muck rakers.

SEVENTY per cent. of the Government expenditures are for military outlay, past, present or future. Can any other nation on a peace footing beat it?

THE business of the Candy Trust fell off considerably last year, seems to imply that the uses of adversity are not as sweet as they are cracked up to be.

UNITED STATES Senator Stephenson has taken his seat that cost him \$115,000 in the Wisconsin Senatorial primary. The Badger State voters were evidently hard to convince.

AND now the papers are all noting the fact that ex-President Roosevelt has broken an ax-handle while chopping wood. Yet he has the big stick, and he can easily whittle out another.

It is a pleasure to believe that Mr. Taft is a better friend of the South than any of his predecessors of like faith. He has shown more common sense in dealing with them than all the rest together.

MR. ROCKEFELLER'S splendid gift to the Naval Y. M. C. A. of the \$300,000 building in Norfolk, is a fine monument to his generosity. It is a building worthy the benefactor, and one of which he may well be proud.

"A Texas legislator complains that he was improperly approached," says the Mobile Register. As we understand the situation in Grand Old Texas, nothing so fills a legislator with woe as to be improperly approached.

AN Ohio judge has decided that it is not unlawful to sell liquor in the middle of a stream passing through "dry" territory. We fear this ruling may produce an amphibious population throughout some sections of the country.—Washington Herald.

NORTH CAROLINA now has a law on the statute books that should be sufficiently drastic to abate the cocaine evil. By the provision of this law the drug can be sold only on prescription, only then in certain quantities and its violation is a misdemeanor.

Why Go Elsewhere?  
Our agency will show convincing evidence of 35 years extensive sale and highly satisfied users of L. & M. Paint. All dealers in other paints combined cannot furnish equal evidence. When painting with L. & M. you are painting with Metal Zinc Oxide combined with White Lead. Zinc is imperishable and makes the L. & M. wear and cover like gold. Its colors remain bright and lasting. Don't need repaint for 10 to 15 years. Besides it cost one-third less for paint.  
Sold by E. CLARK, Weldon, N. C.

### FOLEY'S KIDNEY CURE

Keeps Blood and Bladder Right

# BEFORE

BEFORE a great while now there will not be anything to get excited about except baseball.

NAT GOODWIN'S new play, "The Master Hand," sounds like a full house, or at least a flush.

Wild geese flying northward are so numerous in Lehigh and Northampton counties, Pennsylvania, that they have eaten all the green blades from the wheat stalks in many of the fields, and farmers say that will not grow when spring opens.

WHILE the New York Central fine of \$108,000 for rebating to the sugar trust stands, the sugar trust must pay \$150,000 for cheating in weight in paying duty. This "amoying of honest business men" is getting very bad—very bad.—New York World.

THE Court of Appeals in Georgia has just made the following deliverance:

"Being the mother born, the judges of this court, take judicial cognizance of the fact that in Georgia to call a man a liar, even without directing him with a weapon, generally means a fight. There may be exceptions to this rule, but they are rare exotic and find little nourishment on Georgia soil and under Southern skies."

ONE half of the United States Navy should be kept on the Pacific coast at all times, in the opinion of the Senate. An amendment to the naval bill was agreed to providing that in the discretion of the President one-half of the navy shall be kept in Pacific waters so far as practicable. The President has already the authority to so divide the fleet, but the amendment amounts to an expression of Congress in favor of such action.

### THE COOPERS FOUND GUILTY.

Twenty Years in the State Prison For Each.

The jury in the case of Colonel Duncan B. Cooper, Robin Cooper and John D. Sharp, on Friday acquitted Sharp, and Saturday morning returned a verdict of guilty of murder in the second degree as to the two Coopers, the sentence being twenty years in the State prison for each.

An immediate application was made by the Coopers' attorneys for bail. Judge Hart said it would be granted and fixed the amount at \$25,000 for each.

Both the Coopers took the verdict calmly. The Colonel's two daughters, however, are heart broken.

Eighteen ballots were taken. The jury stood five for first degree, six second degree and one to acquit. The matter remained the same until Friday night when Juror Hyde, who voted for acquittal, came over to second degree murder and the verdict resulted.

Under the Tennessee law the jury fixes the penalty and the maximum of 20 years was decided upon.

When the lawyers for the Coopers were insisting upon getting a jury of mountaineers, many of whom could not read, they probably imagined that such a jury would lightly regard the shooting down a man who had written sarcastic things about such prominent citizens as the Coopers.

On the contrary, these rugged men seem to have gone right to the marrow of this case, and put the seal of their disapproval upon men who hunt in pairs to take the life of another. Colonel Cooper's own declaration that he reserved his fire to have killed Carmack if his son failed put the case outside that of a chance street duel.

### CASTORIA

For Infants and Children.  
The Kind You Have Always Bought  
Bears the Signature of *Dr. J. C. Watson*

Is a man only half a man until he takes unto himself a better half?

Fashionable men and women appreciate the beauty and freshness given their complexion by using Dr. Hoag and Turbin's Complexion Ointment. Price 75c. Sold by W. M. Cohen, Weldon, N. C.

Kind words never die—likewise also the other kind.

Here is a suggestion of value. Take Dr. Hoag & Turbin's Epilepsy Remedy for its price \$5.

And a deadbear will continue to be one until he dies.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package.

A woman's train of thought is often on the rear of her dress.

EGGS FOR HATCHING.—I have for sale white and brown Leghorns and white Wyandottes eggs for hatching. Price \$1 for 15 eggs, all fresh and of pure stock. Apply to W. D. Harrison, Kitchin, N. C.

### NEW TARIFF BILL.

Expected to Increase Revenues \$40,000,000—Inheritance Tax Modeled on Lines of New York Law—Lumber Duties Cut in Half—Wood Pulp on the Free List—Maximum and Minimum Basis Adopted for Schedules.

The new tariff bill has been presented in the House of Representatives by Congressman Payne, of New York, chairman of the Ways and Means Committee.

Some of the salient features of the bill follow:

An additional duty of one cent per yard is placed on mercerized cotton fabrics, with a small additional duty on lappets, and increased duties on stockings fashioned and shaped wholly or in part on knitting machines.

Coffee is on the free list; tea is taxed 8 cents per pound and 9 cents when brought in from other than the producing country.

Iron ore is on the free list, a reduction from the present rate of 40 cents a ton. The duties on manufacture of iron and steel are materially reduced. Tin plate and steel rails are reduced.

Hides are on the free list and duties on manufactured leather reduced, and shoes reduced 40 per cent.

Lumber and timber duties are cut in half.

An inheritance tax is provided, estimated to bring in \$20,000,000. There is to be reciprocal free trade with the Philippines, with a limitation on the amount of sugar and tobacco annually to be imported. Reciprocity with Cuba continues.

The internal revenue tax on cigarettes is increased from \$3 to \$3.60, and from \$1 to \$1.50 per thousand. Beer and whiskey are not touched.

Nails, wire, hardware, tools, etc., are reduced.

Sugar is reduced five one-hundredths of a cent per pound.

The cheaper grades of wool are reduced.

Tallow, cottonseed oil and works of art more than twenty years old, are placed on the free list.

The tariff on boots and shoes is reduced 40 per cent, and on other leather manufactures in proportion. The pony schedule remains about the same, but the duties on window and plate glass of the smaller sizes are increased, while the duties on the larger sizes are reduced. The tariff on wool of the first and second class, used principally in clothing, is not disturbed, but on wool of the third class, known as carpet wool, is reduced on the cheaper grades. The recommendations for placing wood pulp on the free list and reducing the duties on print paper with certain restrictions, made by the committee of the House, are incorporated in the bill.

The duty on refined sugar is reduced five one-hundredths of a cent a pound, and on dextrine one-half cent a pound.

The reduction of one cent a pound is also made in the duty on starch, with the exception of potato starch.

Zinc ore is assessed one cent per pound for the zinc contained. The tariff on pig iron is reduced from \$4 to \$2.50 per ton.

The principal increases are made in the duties on lemons, cocoa and substitutes for coffee, coal tar dyes, gloves and coated papers and lithographic prints.

The new tariff bill is made on a maximum and minimum basis, with the provision that the maximum rates are not to go into effect until 60 days after the passage of the bill. Reciprocity provisions are contained in the paragraphs assessing duties on bituminous coal and coke, and agricultural implements, by which these articles are given entry free of duty when imported from countries which permit the free importation of these articles from America.

### Simple Remedy for La Grippe.

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes.

E. CLARK.

Cussing is a thing to make a get a certain amount of satisfaction even out of barking his shins on a rocking chair.

### A Religious Author's Statement.

Rev. Joseph H. Festerman, Salisbury, N. C., who is the author of several books writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days and unable to get up without assistance. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased. I cheerfully recommend Foley's Kidney Remedy."

E. CLARK.

Cures Coughs Prevents Pneumonia

### HALIFAX COUNTY TEACHERS.

Association Meeting at Scotland Neck One of the Most Delightful Since Organization.

The Scotland Neck correspondent in writing to the News and Observer of the meeting of the Halifax County Teachers' Association in that town Friday says:

"Yesterday was a great day for the educational interests of Halifax county. The Halifax County Teachers' Association held sessions in the graded school auditorium in this place, and the meeting was one of the most enthusiastic of the kind ever held in this county. The Association was organized last November and this was the third session. About fifty teachers were present besides a number of visitors. The people of the town turned out in large numbers and the day was packed full of interest.

The teachers were called to order in meeting by Prof. R. H. Latham, of Weldon, president of the Association. They were welcomed by an address by Albion Dunn, on the part of the town, and by E. E. Hilliard, president of the board of trustees of the Scotland Neck graded school, for the school and trustees. President Latham responded in brief and appropriate remarks.

Prof. E. C. Brooks, of Trinity College, was then introduced and delivered a strong and forceful address on "The True Teacher." Prof. Brooks captured his audience, and at the conclusion of his address was the recipient of many expressions of appreciation for his timely and helpful address.

Dr. A. S. Harrison, superintendent of Public Instruction for Halifax county, was present and conducted a Round Table exercise for the benefit of the teachers who were greatly interested.

At noon a most elaborate luncheon was served in the building to the teachers and visitors. The luncheon had been prepared by the good housekeepers of the town, and a royal service it was.

In the afternoon various papers were read by members of the Association, and at night there was a general educational rally under the auspices of the Halifax County Betterment Association. The meeting was presided over by Prof. C. W. Wilson, superintendent of Scotland Neck Graded Schools. Addresses were delivered by Dr. Harrison and Prof. Latham.

A local Betterment Association was organized with sixty members, with Mrs. T. W. Fenner, president, Mrs. C. T. White, vice-president, and Miss Eleanor Smith secretary and treasurer.

The next session of the Association will be held in Enfield. One of the most pleasing features of all the reports was the statement that half the public schools in the county have libraries.

With the exception of Miss Lamberton, who went to Norfolk on a visit, the entire faculty of the Weldon Public School was in attendance as follows: Superintendent R. H. Latham, president, and one of the most enthusiastic school workers in the State; Miss May Hampton, first grade; Miss Etta Powell, second grade; Mrs. Sallie Gooch, third grade; Miss Helen Pope, fourth grade; Miss Theresa Dickens, fifth grade; Miss Melissa Phillips, sixth grade; the seventh is Miss Lamberton's grade; Miss Burke Thompson, high school.

It is needless to say the next session will be one of the best. It will be held in the hometown of our excellent county superintendent of public instruction, Dr. A. S. Harrison, of Enfield, and if any county can offer a more earnest and efficient school worker than Dr. Harrison we fail to know its location on the map of North Carolina.

EVERYTHING IN FURNITURE

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure.

Many a man's cowardice has kept him from getting in bad.

### Thousands Have Kidney

Trouble and Never Suspect It.

How To Find Out.

Fill a bottle of common glass with your will and let it stand twenty-four hours. If you find a brick or a string of white phosphate or any other substance in the bottle, it is a sure sign of kidney trouble. The kidneys are the filters of the blood; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

### What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. Correct inability to hold water and scalding pain in passing it, or back effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go to the toilet at night, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you have kidney medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmor & Co., 1101 Broadway, N. Y. Mention this paper and remember the name, Dr. Kilmor's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### TRUSTEES SALE OF LAND.

By virtue of the power of substitution in a certain deed of trust, bearing date January 1st, 1908 from M. W. Hamilton to W. H. Hamilton, Trustee, duly recorded in Book 136 at page 219 of the Register's office for Halifax county, N. C., I, W. H. Hamilton, Trustee, shall

On the 23rd day of April, 1909, at the court house door in Halifax county, N. C., at 12 M., o'clock, expose to sale for cash, to the highest bidder, that certain tract or parcel of land in the county and State aforesaid and in Halifax township, "Beginning at the Dry Pond Branch crosses said road and thence running S 74° E 335 poles thence East 126 poles thence S 25° E to the fork of the road near where the Dry Pond Branch crosses said road and thence along said road S 60° W 100 poles to a stake and thence along said road S 60° W 100 poles to a stake and thence along said road to the beginning and containing 26.8 acres, less the same more or less. Terms of sale cash.

W. H. Hamilton, Trustee.
