**WHY YOU ARE NERVOUS**

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is failing, when strength is declining, the same nervous system gives the alarm in headaches, dizziness, dreamlike sleep, irritability and unless corrected, leads straight to a breakdown.

**LETTER FROM DUNN.**

Former Pastor of the Weldon M. E. Church Sends In Some News Items From His New Field of Labor.

Dunn, N. C., Feb. 23, 1916.

Having lived in Weldon longer than we have ever lived in any other town, and having received at the hands of the people of Weldon uniform kindness, we are always glad to get news from that good town. The visits of THE NEWS are hailed with delight in the parsonage here in Dunn. I am glad you are giving more space to church news than you did some time ago. I believe a majority of your readers will enjoy items of news concerning the movements of the different churches more than almost any other sort of news.

Dunn is blessed (?) with a variety of churches. No one need stay out of the church because he cannot find a church that suits him. We have the Roman Catholic, the Holiness, the Free-will Baptist, the Primitive Baptist, the Missionary Baptist, the Presbyterian, the Disciples, and the Methodist. Most of the church buildings do credit to the denominations that erected them and worship in them. The Missionary Baptist church and the Methodist church have not been completed on the inside, though both are used for worship. I believe I have never seen a prettier church building than the Methodist church here. One looks in vain for some part of the building that could be improved on. I should think the Missionary Baptist church building cost more than any other church building in the town, and our church next. The Presbyterians have quite a neat church building, located on Layton and Cumberland streets, while the Methodist church is located on Layton and Divine streets. The parsonage is situated between the Methodist and Presbyterian churches, and is only a few feet from either, there being no other building between them.

Our departure from Weldon was not exactly what we might have wished. For a month I had been sick with grippe, and when the day came for us to start for our new home, rain was falling and it was cold and disagreeable overhead and under foot. However, the trip from Weldon to Dunn was quite pleasant, and our reception here was all that we could have wished. We have already learned to love the people here, but that does not involve the forgetting the dear friends of Weldon. Of course the people of Weldon are delighted with having the Presiding Elder and his family in that town and unless I am very much mistaken "Elder Bundy" is delighted with that arrangement, for he loves Weldon almost as much as I do.

The good reports that reach me of the favorable impressions made upon the people of Weldon by Brother and Sister Shamburger do not in the least surprise me, it is just what I expected. May they have the most successful year in their ministry! With love and all good wishes to all the people of Weldon, I am, Sincerely, J. A. HORNADAY.

**Dangers of Draft.**

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuritic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c. at your drug.

**EDITOR ROANOKE NEWS:**

Last week's issue of THE ROANOKE NEWS contains an "editorial" implying charging the County Commissioners with withholding from the people the amount of the salaries paid to county officials. The "Editor" is especially interested to know the amount paid the Sheriff, Register of Deeds and the Clerk of the Court as salary in comparison with the amount which they received under the fee system. Had the "Editor" used a little diligence, he could have ascertained that the amount of salary now paid to the county officials was determined by the Legislature of 1913, and that with the exception of the amount (not the number of clerks) paid to the jailer, the deputy clerk, the clerks of the Register of Deeds and the deputy sheriff, the County Commissioners have no discretion in the matter, and reference to chapter 287 Public Local Laws 1913 would have disclosed the amount paid to each. In case of inaccessibility of the aforesaid Act, Hon. W. T. Clement, who was a member of the General Assembly of 1913, and who was a supporter of the salary bill, could, and no doubt would, cheerfully have furnished this information, or in case he had forgotten, Mr. S. G. Whitefield, who like Mr. Clement lives in the town of Enfield, and who monthly audits the books of the county officials could have given this information. Your inquiry reminds the writer of the little school boy who having his book open in his lap at the right place asked his mother how to spell cat.

By consulting the Public Local Laws of 1913, the "Editor" could have ascertained exactly from what source the salaries are paid and derived; he could have ascertained from the county treasurer whether the county was losing money or making money under the salary system; he could have learned from the Act that all fees collected by the county officials under the salary system are pooled and from this pool the salaries are paid. He could have learned from the treasurer of the county that the pool has always been sufficient to pay the salaries of the officers without drawing on the county funds; he could have learned from the county treasurer that coming the amount allowed under the fee system to the Sheriff \$800 for holding court, to the Register of Deeds for preparing the tax lists \$750, and to Dr. A. S. Harrison, former Superintendent of Public Instruction, for an assistant \$600. That the county is actually saving from \$2,000 to \$2,500 per annum, a little further inquiry would have disclosed the fact that the Register of Deeds under the old system had three clerks, all of whom he paid, and that under the new system he has three clerks only two of whom the county pays and the third he pays himself.

The Clerk of the Court did not have an assistant under the fee system, the Superintendent of Public Instruction does not have an assistant under the salary system, and it may not be impertinent to inquire why it was necessary for the former Superintendent of Public Instruction to have one, but this is not very material, the material thing being that under and by reason of the salary system, the county is actually saving from \$2,000 to \$2,500 per annum.

The Sheriff of the county has only those deputies allowed by law, and the duties of a deputy sheriff are the same under a salary system as under a fee system. It may also be instructive to note Mr. Editor that the salary system was inaugurated in compliance with an insistent demand from the very source which is now turned crine.

Don't bushwhack, Mr. Editor, if you have any real grievance, or if you know of any mismanagement, it is your duty to the public as a good citizen to cut it out, so the blame, if any, can be placed where it belongs and the people may have the opportunity of correcting it.

And "Orion" be mindful of this fact, you called loudly for a primary, you got a primary and the people acting under and voicing in your primary, elected the present county officials, and it is not your part to blame the people, if in using their intelligence, they are able, without the assistance of your wished for Moses, to distinguish between your wishes and their will.

Always be mindful of this further potent fact, that no man gets a certificate of election upon a minority vote, the certificate of election follows "Vox populi" and not "Quod velis vocem esse Populi."

Waiting doesn't pay. If you neglect kidney backache, Urinary troubles often follow. Act in time by curing the kidneys.

Doan's Kidney Pills are especially for weakened kidneys. Many people in this locality recommend them.

Here's one case: Miss E. T. Powell, dressmaker, 824 Arlington St., Rocky Mount, N. C., says: "I had a severe attack of rheumatic pains. I suffered from backaches and pains in the back of my head and between my shoulders. My kidneys were not acting right and I couldn't rest well at night. I doctored and used several medicines, but nothing seemed to do me much good. Finally, I used Doan's Kidney Pills and they relieved the aches and pains in my back, corrected the kidney annoyance and did me a great deal of good." (Statement given November 21, 1910.)

**LASTING RESULTS.**

More than three years later, Miss Powell said: "The benefit Doan's Kidney Pills gave me has been permanent. I have had no signs of rheumatic pain or any other kidney trouble for some years."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Powell has twice publicly recommended.

**Take This for LaGrippe Coughs**

The danger of laGrippe lies in its tendency to develop pneumonia, and the March death record from pneumonia is appalling. Stop your cold before it reaches the danger point, and take Foley's Honey and Tar Compound. Mr. W. P. Bowen, Jimps, Ga., writes: "I had a terrible attack of laGrippe, aches and pains all over my body, and a dry hacking laGrippe cough. I began taking Foley's Honey and Tar and when I had taken one bottle my cough was cured, my cold was well."
