MESSAGE OF HOPE.

Ring happy bells of Easter time!
The world takes up your shout sublime:
"The Lord has risen!" The night of fear
Has passed away, and heaven draws near.
We breathe the air of that best time
At Easter time.

Once again comes the message of Easter, and on next Sunday, April 23, in song and sermon the story of the Resurrection will be proclaimed throughout the world.

Once again comes the glad season when men look up and catch a vision of a risen Christ. He is risen, indeed, and we know whom we have believed and that the Christians' trust and faith in a crucified Saviour is not in vain.

The choir sings about it. Preachers proclaim it. The multitudes believe it. Does it seem strange that because a small group of sad-eyed, discouraged men and women, almost two thousand years ago, suddenly came to believe that a man they had loved had returned to life after He had been placed in the tomb, people should still believe it today? Nineteen centuries is a long time, and Palestine is far away, yet we continue to tell the resurrection story, and proclaim Him the King of Glory.

As you catch the spirit of Easter-tide, and remember that it was Jesus who "brought life and immortality to light," joy surges in your heart, day breaketh and the shadows flee away, for He ever stands at the right hand of the Father to make intercession for us.

The resurrection of Jesus means a victory over death and the grave, for upon this historic fact of the risen Saviour is based the whole of Christianity and immortality beyond the grave. For if there was no resurrection then, indeed, is our faith in vain and there is no hope.

So the message of life comes to cheer us on in our Christian race and as the people assemble in their respective places of worship next Sunday to give expression to the story of the cross in anthem and sermon, it should give emphasis to the Christian faith and a blessed assurance that there is a life beyond. May we each and all lay hold, by faith, on the blessed promises and with child-like faith look up to Calvary's hill and say "we know that our Redeemer lives—for He is risen, as He said."

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marionette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."
—Mrs. FRED BENSAR, Marionette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."
—Mrs. THOS. DYRAN, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 29 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."
—Miss IRENE PROULSTIER, 1923 Manhattan St., North Side, Bellevue, Pa.
