## RURAL CREDIT LAW MAKES MONEY CHEAP

Former High-Interest Agencies  
Rush to Reduce Rates to  
the Farmers.

### BIGGER LOANS AT LESS COST

May Borrow Half of Land Value  
at Less Than Five Per Cent.—  
Effect Already Being Felt  
Strongly.

The effect of the new rural credit law, passed by the Democratic Administration, already is being felt in lower interest rates, although the land banks have not yet been organized. Testimony to this effect is being given at the hearings held by the Federal Farm Loan Board in various western cities.

At the hearings in Nebraska, numerous farmers stated that interest rates in the home-stating section of that State already have been reduced from one to two per cent. by the prospective competition of the thirty to forty-year loans that the land banks soon will be making.

The average loan that an insurance company or other loan agency would make on a 640-acre "Kinkaid" claim was \$1,000. The commission deducted from this left the farmer \$850. He paid interest at from 8 to 10 per cent. for five years on \$1,000, making his average net interest rate from 11 to 13 per cent.

This now is stopped by the coming competition of the new rural credits law. Loan agents are rushing into Nebraska to make five-year loans at lower rates, to forestall the operation of the new law.

### Lodge Protecting Banks.

This may account for the attack made on the Democratic rural credit measure by Senator Lodge, at Beverly, Mass., on Sept. 23, when he stated that money could be borrowed on better terms from regular agencies than under the rural credit act.

Mr. Lodge declares that this act will endanger the present National and cooperative banks and tend to break them down, according to the report of his speech in the Boston Globe.

The farmers of the West, who have suffered exorbitant interest rates for years, are not worrying about the banks. Their testimony before the Farm Loan Board showed that they are enthusiastic over the new law, and ready to help put it in successful operation.

### Benefits to Farmers.

The new farm loan act provides means by which farmers can form cooperative or joint stock associations and borrow from the regional Federal Farm Loan Bank on the security of their land. Two farmers can form one of these associations. They can borrow up to 50 per cent. of the value of their land, for a period running up to forty years.

The loan is repayable in small annual installments, or can be paid in full at any time. The estimated interest rate is 5 per cent. The farmer who borrows will share in the profits of the business, thereby reducing his interest rate to a still lower figure.

The Democratic National Committee has issued from its headquarters, at No. 30 East Forty-second street, New York, a pamphlet for free distribution, fully explaining the rural credit law. It may be obtained from your Democratic State or County Committee.

## LABOR TIDE FLOWING STEADILY TO WILSON

Organized Workers of Michigan and Illinois Indorse Democratic Candidate.

Enthusiastic offers of support continue to pour into National Democratic headquarters from working men and union leaders from every section of the United States and from every trade and industry. Not only will President Wilson get hundreds of thousands of votes from working men, but thousands of wage-earners who have voted the Socialist ticket will this time mark their ballots for him.

The latest indorsement of President Wilson by a labor leader comes from John H. Walker, president of the Illinois State Federation of Labor.

"A working man who would vote for Hughes, in the face of his acts and declarations against labor and in the face of the great accomplishments of Mr. Wilson for labor," said Mr. Walker, "must be uneducated, uninformed, blinded by prejudice, or carried away by party sentiment."

No word said for President Wilson will have greater effect than a statement by Andrew Furuseth, president of the Seamen's Union, declaring: "I am for the election of Woodrow Wilson and a Democratic Congress because of the enactment of the Seamen's law and of the Clayton act, recognizing and enforcing the equality before the law of workmen with other citizens."

Asking, "Are Ye for God or Mammon?" President A. B. Garretson of the Order of Railway Conductors urges President Wilson's re-election. In the October number of "The Railway Conductor," Mr. Garretson is a life-long Republican.

## DO YOU WANT PEACE WITH WILSON, OR WAR WITH HUGHES?

There is only one choice against peace, and that is war. Some of the supporters of that party, outspokenly declare that they want war, so that the certain prospect of the success of the Republican Party is that we shall be drawn in one form or other into the embroilments of the European war, and that to the south of us the force of the United States will be used to produce in Mexico the kind of law and order which some American investors in Mexico consider most to their advantage.

There is a more serious aspect even than that. There is an immediate result of this thing, my fellow citizens. From this time until the 7th of November it is going to be practically impossible for the present Administration to handle any critical matter concerning our foreign relations, because all foreign statesmen are waiting to see which way the election goes; and in the meantime they know that settlements will be inconclusive.—From President Wilson's address to the Young Men's Democratic League at Shadow Lawn, Sept. 30.

## "VOTE AS AMERICANS"— FOR WILSON, SAYS EDISON

No Time Now to Try an Inexperienced Man, Declares Inventor, Leading President.

By GEORGE CREEL.

"There are too serious to talk in terms of Republicanism or Democracy. Parties are all right, neither we've got to have them with our system of government. But when it's American that's at stake, men have got to vote as Americans, and not as Democrats or Republicans."

This is the message to the American people that Thomas A. Edison gave to me in a recent interview.

"This man Wilson has had a mighty hard time of it," he continued, "I don't

THOMAS A. EDISON.

believe there was ever a president who had as many big questions to decide. They have come in bunches. He hasn't always pleased me, just as I suppose he hasn't always pleased other people, but when you look the record over, it's so good that criticism comes close to being nothing more than cheap fault finding.

"A fool or a coward would have had the United States in all sorts of trouble. As it is, we are at peace, the country was never more prosperous, and we have the strength that comes with honor and integrity of purpose."

"Had we recognized Huerta, it would have served notice upon the world that the United States, while believing in democracy for home use, was willing to stand for despotism where other peoples were concerned. President Wilson's Mexican policy has been wise and just and courageous."

"Belgium? Hindsight! In the light of two years, it's easy to say what should have been done. But at the time, not a single paper or a public man even thought of anything but keeping the United States out of the European horror."

"As I said at the start, it has just been one big thing after another with Wilson. I never have known so many dangerous questions brought up for decision to any one President."

"Look at the threatened general railroad strike. If carried through, such a strike would have thrown the whole country into confusion."

"In my opinion, Mr. Hughes, if President, would have found it difficult to decide on the best course for the Government to take in such matters. His capacity for hindsight, as we learn from his speeches, is highly developed, but as to his foresight, we are not equally well informed."

"They say Wilson has blundered. Perhaps he has. But I notice that he usually blunders forward."

"Mr. Wilson now has had about four years of experience, and I think that he has earned faith and trust. I do not think it a sensible thing to change to an inexperienced and untried man. Therefore, I am for Woodrow Wilson."

## WILSON THE ABLE GUIDE.

Shortsighted Not to Elect Him, Says Mrs. Joseph Fels.

"I have a deep conviction that the hope of Democracy lies with Woodrow Wilson. If we fail to reelect him, we have much to fear."

This speaks Mrs. Mary Fels of Philadelphia, an independent politician and one of the two American delegates to the Stockholm Peace Conference held in January, 1916. Since the death of her husband, Joseph Fels, she has continued his work in the Fels Commission, founded by him to promote the Single Tax Movement.

"I see no use," she says, "in picking out specific measures, other things done or things left undone. I see
