PEANUT BAGS.

For the good of the Peanut Industry, it has been determined by the members of this association, that it will be necessary to request the farmers to pack their peanuts in new 68 inch and 70 inch 8 ounce burlap bags, and when peanuts are packed in bags different from the above, a deduction will be made on the following basis:

Cotton bags, a deduction will be made 10c each.
Second hand bags a deduction will be made 10c each.
New 7 1-2 ounce bags 68 or 70 inches a deduction will be made of 5c each.

In view of the fact that some dealers in the past have delivered 7 1-2 ounce bags on contracts for 8 ounce bags, we would advise you to see that each bale of 500-68 inch 8 ounce bags you receive weigh 472 1-2 pounds, and each bale of 500-70 inch 8 ounce bags weigh 486 1-2 pounds, exclusive of the wrapping and cordage. If they run short of the above weight, you are receiving 7 1-2 ounce bags instead of 8 ounce bags.

HISTORIC SCENES IN OLD NEW ENGLAND

Scene of The Battle at Bloody Brook in Deerfield, Mass.

In passing through South Deerfield, Mass., autoists cross the historic old stream called Bloody Brook, a name derived from the freightful massacre by Indians which occurred there on the 18th of September, 1675.

In those days King Philip, sachem of the Pokanoket tribe of Indians, was on the warpath. He had so terrified the settlers of the Connecticut River Valley that the northernmost towns of Northfield and Deerfield were ordered abandoned.

In abandoning Deerfield the settlers had left large stores of newly harvested grain, and it was in quest of these needed stores that Captain Lathrop, with a picked troop of eighty men, proceeded to Deerfield from the town of Hadley, twenty miles south. The grain had been successfully procured and the party was some six miles off of the settlement of Deerfield when it prepared to ford a stream. The stream was bordered by thick woods, and tradition relates that the men imprudently placed their weapons in the wagons and scattered to gather the wild grapes which abounded. Thus disarmed, they were quickly and completely overwhelmed by the hordes of Indians estimated at 500 strong, by whom they had been ambushed. Of the eighty or more men in Captain Lathrop's command not more than eight escaped alive.

Two other scouting squads of Englishmen which were in the vicinity hurried to the scene upon hearing battle, but could do nothing except drive the Indians away so that the bodies of their comrades might be decently buried.

A monument now marks the scene of this horrible massacre, and the stream where the disaster occurred is known to this day as Bloody Brook.

REPORTED HER TROUBLES.

Just A Few. But If Anything Happens Later She Will Call Again.

The family had not had the telephone very long and every one took a deep and abiding interest in it. On the outside of the directory they had noted the words, "Trouble, call No. 4217."

It had been a hard morning and everything had gone wrong. Finally, the lady of the house in desperation turned to her trusty telephone and called 4217.

"This is the trouble department," answered the operator sweetly.

"Is this where you report your troubles?" asked the lady.

"Yes, ma'am."

"Well, I only want to report that our cat got drowned in the cistern this morning; the baby is cutting a new tooth; the cook left without warning; we are out of sugar and starch; the stovepipe fell down; the milkman left only a pint instead of a quart today; the bread won't rise; my oldest child is coming down with the measles; the plumbing in the cellar leaks; we have only enough coal to last through tomorrow; the paint gave out when I got only half over the dining room floor; the mainspring of the clock is broken; my three sisters-in-law are coming to visit tomorrow; the man has not called for the garbage for two weeks; our dog has the mange; the looking glass fell off the wall a while ago and broke to pieces, and I think that my husband is taking considerable notice of a widow lately that lives next door. That's all today, but if anything happens later I'll call you up and tell you about it."

"My son Edwin is subject to croup," writes Mrs. E. D. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere.

DEEP BREATHING.

"Draw Nigh to God and He Will Draw Nigh to You."

One day a young man found that he needed stronger lungs. So he began taking lung exercises. Every day he filled his upper lungs breathing in until his chest was expanded as much as possible. Then he filled the lower part of his lungs. Then his entire lungs. He did these things fifteen or twenty times a day for several years. At the end of those years a physician who examined him said he did not believe there were a better pair of lungs in that part of New England.

Now, you notice what it was that gave that young man those lungs. It was not breathing that did it. Everybody breathes. In order to live, people have to take fresh air into their lungs and let it out again. It was not breathing that gave him his strong lungs; it was deep breathing; it was taking in, day after day, more air than people usually do.

This helps us to understand something else.

Air is all around us; we are always breathing air, but we have to practice deep breathing in order to get strong lungs. So, too, it is in our relations with God. God is everywhere. He is always with us.

"Nearer is He than breathing, Closer than hands and feet."

But still God does not seem to help and use most of us very much. Why is this? It is because most of us take just so much of God as comes to us naturally, without making any try to get more of Him. But when we pray, when we read God's word, when we try to know and to do His will—when, day after day, we do this thoughtfully, earnestly—then we find that God helps us more than He did before.

This is what the Bible means when it says, "Draw nigh to God, and He will draw nigh to you." (Jas. 4:8)—Selected.

Sufferer from Indigestion Relieved

"Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him of these spells right away." writes Mrs. Thomas Casey, Geneva, N. Y. Obtainable everywhere.

PROOF.

"Mary, does that young man calling on you mean business?"

"I should say he does, mamma! Why, last night he lay down a full house to papa's busted flush."

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

OLD WOMAN'S WAYS.

The science-fellers can tell the ways

Of the stars, through the Lord's eternal days—

The time that it takes the world to run

Clean 'round the belt o' the blazin' sun;

Jes' every way that a world may roam;

An' track the comets, that have no home;

An' most o' the weather bureau men

Can hit the weather one time in ten;

But none can tell, in rain or shine,

The ways o' the Woman the Lord made mine!

Forty years—come Christmas Day—

We've traveled together the selfsame way,

An' the times that I 'lowed her mind I knowed,

I was in the wilderness, 'thout road!

The minute I said to myself: "She'll see

That Wisdom at last abides in me,

An' I'm right for once, an' I'm goin' strong,"

That was the time she writ me "Wrong!"

An' I'd say, as off to myself I'd git:

"Blest if I know that woman yet!"

But, thinkin' over the thousand schemes

I had for riches I seen in dreams:

Many a project, many a plan,

Sure to make me a millionaire-man;

I half-way think if it weren't that she

Hadn't been travelin' long with me;

Put on the brakes—made the train stand still

When the wheels was rattlin' down the hill

An' I thought for sure I was goin' some,

I wouldn't be here to tell how come!

I dunno the wherefore of the why,

But we travel on, to the by an' by,

An' I no more ask to understand

As we go together, hand-in-hand;

I only know, as the Night comes fast,

That we'll love each other to the last;

An' when we stand where the light don't fade,

At the Gate where the close enquirement's made,

With her I'll be hopin' some grace to win,

For she'll give 'em a reason to let me in!
