

WOMAN SICK TWO YEARS

Could Do No Work.
Now Strong as a Man.

Chicago, Ill.—"For about two years I suffered from a female trouble. I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspaper and determined to try it. It brought almost immediate relief. My weakness has disappeared and I am now as strong as a man."

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from dyspepsia, indigestion, inflammation, irregularities, nervousness, headache, bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

100 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound. —Mrs. J. O. Hixson, 1735 Newport Ave., Chicago, Ill.

Better Farming in the South

MEANWHILE THE WORLD WANTS ITS TOBACCO

FARMER HAS BRIGHT PROSPECTS WHICH WAR WILL ONLY IMPROVE—FERTILITY PROBLEMS.

CHARLES A. WHITFIELD

Worldwide war and war prices should not disturb the tobacco farmer in the least, and should move him only to try to meet the increased demand and realize the greater profit which the market affords. Prosperity is abroad, why should not the tobacco grower get his share of it?

On the battle front tobacco is the one adaptive its aromatic smoke rises as an incense from every trench. The army demand is great and growing. Persistent rumor has it that the manufacturers' stocks are running low. Certain it is that consumption in this country is increasing.

Bright Outlook.
In fact the outlook for tobacco is bright and it would seem that every pound grown this year would find ready market at good prices. It is therefore a year to go in to raise bumper crops, to prepare the seed bed well, to plant good seed, fertile land, and cultivate thoroughly so that the maximum crop of the best quality could be obtained and the largest profit secured.

Feeding the Plant Liberally.
Just as farmers are doing for all other crops, the tobacco farmer should be doing for his crop, that is, feed liberally with plant food. This is a year when prices which crops are bringing should induce the farmer to be generous in feeding them, and considerate in giving them the best possible cultivation, feeding assured that at an time in many years would this be better justified by the returns that can be expected this year.

No plant is more responsive to good fertilization and cultivation than tobacco. It yields heavily when properly fertilized and when the fertilizer is well balanced the better the quality of the crop.

The shortage in the supply of potash incident to the war has been a disturbing factor. It is true, but if a fertilizer containing the amount of potash generally recommended is not in

Why Constipation Injures.
The bowels are the natural "sewerage" system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Cathartic.

Obtainable everywhere.

Many a man has won out because of his inability to realize that he was whipped.

For a practical illustration of economy watch a small boy when he has occasion to use soap.

Had Cough? Feverish? Grippy?

You need Dr. King's New Discovery to stop that cold, the soothing "Isabon" ingredients beat the irritating membranes, soothe the sore throat, the antiseptic qualities kill the germ and your cold is quickly relieved. Dr. King's New Discovery has for 15 years been the standard remedy for coughs and colds, and is recommended by thousands of doctors. It is a bottle to have and use it early in your cold, and you will find it a most reliable remedy for all colds, coughs, croup, and all bronchial affections. At your druggist's.

When the other fellow tells you a falsehood and you catch him at it he thinks he is clumsy and you think you are clever.

A diplomat is one who knows how to get what he wants without fighting for it.

Insomnia.

Indigestion, usually always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk, also take one of Chamberlain's Tablets immediately after supper and see if you do not rest much better.

Obtainable everywhere.

A boarding house is many a man's only excuse for getting married.

Clear Your Skin In Spring.

Spring house cleaning means cleaning inside and outside. If your skin is an abomination of inactivity. Blush and blotches with a mild laxative, and clean out the accumulated wastes, away to take. They do not grip. Dr. King's New Life Pills will clear your complexion and brighten your eye. Try Dr. King's New Life Pills tonight and three of the sluggish winter shells, at druggists, 25c.

The man who thinks he understands women is no penetrative thinker.

Stop Left Over Coughs.

Dr. Bell's Pine Tar Honey will stop that hacking cough that lingers from January. The soothing pine balsam soothes the phlegm, heals the irritated membrane, the glycerine relieves the tender tissues, you breathe easier and coughing ceases. Don't neglect a lingering cough. It is dangerous. Dr. Bell's Pine Tar Honey is antiseptic and pleasant to take, benefits every cold, get it at your druggist today. Formula on the bottle, 25c.

France—"And will Bobby be sorry when I marry his sister?"

Bobby—"Yes, I will, 'cause I like you."

Spring.

Spring is looked upon by many as the most delightful season of the year, but this could not be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment, Obtainable everywhere.

Children Cry FOR FLETCHER'S CASTORIA

Adrift with Humor

Bugs—"I just got something to prevent my hair from coming out."

Diggs—"You don't say so? What is it?"

Bugs—"A divorce."

"She did wrong to look back, didn't she, Bessie?"

"Yes, mamma!"

"And what do you think Lou did when his poor wife turned into a dollar of safe?"

"I don't know mamma, I expect he wondered where he could get another one."

A child saw Mr. Smith wearing a suit, but not smoking a cigar, go past the house.

"Mamma," said he, "why don't Mr. Smith fix the draught so the smoke will go up his chimney?"

The tailor has the following account of a nearsighted old gentleman who lost his hat in a sudden gale. The old gentleman started in pursuit of his hat, disappearing head-piece, and finally thought that he saw it in a yard behind a high fence. Scrambling over with great difficulty, he started to chase it, but each time he thought he had caught it it seemed to move away. Then a woman's angry voice broke on his ears.

"What are you doing there?" she demanded shrilly.

He explained mildly that he was only trying to retrieve his hat.

"Your hat?" she said. "Well, I don't know where your hat is, but that's not a hat you're chasing; it's our little black hen!"

WONDERFUL STUFF!
LIFT OUT YOUR CORNS

Apply a few drops, then lift corns or calluses off with fingers—no pain.

No doubt! At any time, whether hard, soft or between the toes, and swollen right up and hot, without a particle of pain or soreness.

This drug is called Eucalyptol and is a compound as often discovered by a Chemist.

Ask at any drug store for a small bottle of Eucalyptol, which will cost but a trifle, but is sufficient to rid you of all corns or calluses.

Put a few drops directly upon any tender, swollen corn or callus. Instantly the swelling disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug, Eucalyptol, does not cut out the corn or callus, but dissolves them in the out skin, preventing the surrounding skin from being irritated by the rubbing of the corn or callus with fingers and can be lifted off with the fingers.

First select a girl for pretty and then bet her a dollar that you can kiss her without touching her. This sounds impossible and will appeal to her sporting blood.

"Next kiss her and pay the dollar like a good loser."

Who wins?

Safe Medicine for Children.

Is it safe? Is the best question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic and may be given to a child as readily as to an adult. It is pleasant to take, too, which is of great importance when medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere.

NEW DISGUISE.

"I was preparing to shave a chap the other afternoon," says a head barber. "I had trimmed his hair, and from such talk as I had had with him I judged him to be a sort of easy-going, unexcitable sort of fellow. But suddenly his manner changed. Out of the corner of his eye he had seen a man enter whose appearance upset him. 'Hurry, George!' he muttered to me. 'Later to the eyes—quick quick! Here comes my tailor!'"
