666 cures Malarial Fever.

OUR SCHOOLS OPENED SEPTEMBER 9TH.—The public schools of our town opened Monday, Sept. 9th, with an enrollment of 242 pupils in the white schools, 43 of whom are in the high school department. The colored school enrolled 160, one of whom is taking high school work.

One pleasing feature of the opening was the presence of so many patrons. We were exceedingly glad to have them out and trust that it will not be the last visit.

Rev. E. M. Snipes conducted our devotional exercises after which a few remarks were made by Hon. W. E. Daniel, chairman of the school board, and by the Superintendent. The pupils then assembled in their class rooms and the work was carried on throughout the day.

We trust this will be a successful year's work in our school.

THE CONDITION IS NOT OUR MAKING OR CHOOSING.—The War Industrial Board has ordered that all newspapers must not carry any subscribers on their subscription lists who have not paid in advance, and the order is to go into effect at once. There are fifteen rules in the regulations laid down for the government of the newspapers, and the publishers are required to make sworn statements as to how each regulation is being carried out. These measures are being put into effect to conserve print paper, and it is likely that the publisher who disregards these rules as laid down by the War Industrial Board will be refused his usual supply of paper.

This condition is not of our making or choosing. The War Industrial Board rules that beginning October 1st no newspaper shall carry a subscriber who owes more than three months on his subscription, and that subscriptions must be paid in advance.

So if you should go to the post-office after October 1st, and find no paper there, you will understand. Pay up at once and avoid being cut off.

THE WOMAN'S AUXILIARY OF GRACE EPISCOPAL CHURCH.—The September meeting of the Woman's Auxiliary was held Monday at four thirty at the home of Mrs. J. T. Gooch.

The President, Mrs. Turner, opened the meeting. Mrs. Kate Benedict of Swansea, Mass., led the devotionals. During Mrs. Benedict's visit to her former home town, her interest, and kindly influence has been keenly felt not only by the church people but by her many friends.

A stimulating and encouraging report was read by the secretary, Mrs. Cochran.

After the business session, Mrs. William Mercer Cohen presented an inspiring account of the spirit, and plans of the Blue Ridge Conference, embracing in her talk, first: The war work plan of the Woman's Auxiliary which will be conducted throughout the United States, in all the Episcopal churches during the first week in Advent. Secondly: The power and spirit of prayer. Thirdly: The Negro Problem. Lastly: The good to be derived from Mission study classes.

All present were much impressed with the enthusiastic message. This is the first time that the church here has had the honor of being represented at this most inspiring missionary conference.

Miss Emma Purnell also attended this conference as a representative from the Sunday school.

Two ladies were enrolled as members of the Auxiliary. After this interesting and profitable meeting, each member felt aroused to renew her efforts for greater and nobler work. A refreshing beverage was served by Mrs. Gooch, assisted by Mrs. Benedict and Mrs. Durham.

666 cures Headaches. Biliousness, Loss of Appetite, or that tired aching feeling, due to Malaria or Colds. Fine tonic.

666 cures by removing the cause.

BANKHEAD HIGHWAY DELEGATION.—Col. Benehan Cameron, Col. C. M. Vansitory, Chief Engineer, W. S. Falls, North Carolina members of the Bankhead Highway Association and Mr. J. A. Rountree, General Secretary of the National Bankhead Highway Association, together with Hon. Harry Stubbs and Mr. Downing, spent last Wednesday night in Weldon, on their way from Raleigh to Norfolk, selecting a route for the Norfolk-Raleigh spur of the main line of the Bankhead Highway.

Many who think they will be chosen are not even called.

DOCTORS PRESCRIBE ACID IRON MINERAL.

Eminent Physicians Now Endorse This Greatest of All Remedies Because of Its Remarkable Properties.

Practically the entire medical profession is now of one voice in declaring that men and women of the present day lack enough iron in their systems to keep up with the pace that these modern times demand. The public is turning to Acid Iron Mineral as the one remedy to supply the deficiency because it contains just the right proportions, and does not harm the teeth.

For run-down system, blood diseases, catarrh, indigestion, catarrh of the stomach, rheumatism, female troubles, running sores, piles, and other life-sapping sickness, there is no remedy that is its equal—no remedy that will give you the same satisfactory results. Rev. A. C. Pinakney, of Carbon, N. C., was a sufferer from severe stomach troubles previous to trying Acid Iron Mineral, but is now in splendid health, and is glad to have us use his name in the hope that some other sufferer will be helped as he had been helped to perfect health.

Sold in 50c. and \$1 bottles, guaranteed free from alcohol and guaranteed to give satisfaction or your money refunded. You take no chances when you buy this famous mineral remedy. If your dealer cannot supply you, send to Ferro-dine Chemical Corp., Roanoke, Va.

GOVERNMENT SENDS AN URGENT CALL.

The President of the Civil Service Commission recently wired: "Need for stenographers and typists at Washington grows more acute daily. Increase effort all possible."

The Government and business concerns are short five hundred thousand office assistants. Salaries never before heard of are now being offered.

We have perfected and copyrighted charts and lesson sheets that enable us to teach you, at your home, by mail, in thirty lessons, a system of Shorthand used by about ninety per cent. of the Government stenographers, and to teach you, by mail, in Eight Weeks, a Bookkeeping Course that is superior to any six-months' course.

The Government drafted our Civil Service Bookkeeping Set. Clip, fill out, and mail the coupon following:

COUPON
Draughon's College, Nashville, Tenn.: Send FREE book on Home Study and tell me why a Home Study Course, given by our new method, is better than a course at college; also, tell me about the contract that you will give to secure for me a good position. Sell While Selling Is Good.

Load heavy and pull to the Halifax.

HALIFAX WAREHOUSE,

J. S. THOMAS, Manager.

Enfield, - N. C.

BUSINESS COMES WHERE IT IS INVITED AND STAYS WHERE IT IS TREATED WELL.

"Because Business comes where it is invited" is one reason why in every message in this paper to you we say "Come and See" and we know if you "COME AND SEE"—"You will be Treated Well." We are so anxious to treat you well that we have taken advantage of market conditions for your benefit and in many instances selling to you goods cheaper than they can be bought again wholesale. This is why we are not having a special sale. We had rather treat you well all the time than a month or two in each year.

"Come and See" is all we ask.
