A SENSIBLE QUESTION.

An Irishman went into Mr. Rick's jewelry store to buy a clock and the jeweler showed him one for \$10. "What \$10 for that bit of clock!" he exclaimed. "Is there anything wonderful about it?"

"Yes," replied the other. "It is an eight-day clock."

"And what of that?" inquired Pat.

"Why," answered the jeweler, "it goes eight days without winding."

Pat scratched his head in bewilderment.

"So much as that?" he said.

"Well, there's one question I'd like to ask you. If it goes eight days without winding, how long will it go if you wind it?"

REASON FOR FAITH.

At Princeton they tell of a freshman who, as he blithely went his way whistling on the streets one day, was accosted by a classmate: "Whither away?"

"I'm going to Dr. Smith's to be examined for appendicitis," said the other.

"Great Caesar!" exclaimed the class mate, "you don't seem to be very much worried about it."

"Oh, no," said the freshman, "there won't be anything doing. I've never been able to pass an examination the first time in all my young life."

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's
Vegetable Compound
Is Prepared For
Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for woman's life.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtues.

GIVE GRENADE BANKS TO SCHOOL CHILDREN

Millions to be Distributed by Treasury Department to Encourage Happy Habit of Thrift.

Hand grenades made by the United States government to bomb the Huns to destruction are now to be used to boom thrift. Millions of the little machines of destruction, with the explosive carefully removed, are to be given to the school children of the United States to encourage the saving habit. The grenades are being converted into miniature savings banks. They will hold pennies and nickels and dimes which can be converted into Thrift Stamps. The Thrift Stamps in turn can be converted into War Savings Stamps.

Distribution of the grenades in the several Federal Reserve Districts will be left in the hands of the district Savings Directors. In this district the War Loan Organization, with head quarters in Richmond, Va., has so far

HAND GRENADE SAVINGS BANK

It is estimated that a grenade bank will be awarded to each child who, during the vacation period, earns enough money to buy a War Savings Stamp.

Some bank in every community will lead each child a grenade and at the close of the vacation period the child will return it, with the money it contains, to the bank. There the money will be counted. If the child has saved enough to buy a War Savings Stamp the grenade-bank will be his, but in all events the cash must be invested in Thrift Stamps if not enough has been saved to pay for a War Savings Stamp. The grenade-banks are of considerable value and will be splendid souvenirs of the great war, and the War Loan Organization of the Fifth Federal Reserve District is anxious to place them in the hands of as many children as possible.

BRITISH THRIFT.

The British War Savings Committee has become a permanent institution in England and the following declaration has been issued explaining the English attitude toward thrift:

"Quite as important, both as a source of revenue and as a social movement, is the restraint of luxury, and growth of economy and simplicity of life among the well-to-do. Otherwise goods and services will be wasted. War savings applies to all classes and appeals to all incomes."

HOW SAVINGS HABIT HELPS EVERYBODY

Money Invested This Year in Thrift Stamps Returns in Five Years Vastly Increased.

On New Year's day 1921, there will begin a remarkable series of dividend payments to American people. Hundreds of millions of dollars of War Savings Stamps sold during 1918 will then be redeemable. On each New Year's day thereafter for a number of years there will undoubtedly be huge returns to the American people of the money borrowed with interest.

These great dividend days bring American bankers new opportunities and also responsibilities. How can new thrift habits be linked to thrift institutions? How can this money, the product of thrift, be mobilized for further work?

Already the bankers are working with the Treasury Department to continue thrift habits. For people who save money there is a wide range of thrift institutions that will take charge of funds, put them to work safely and return good earnings. As the government plans to borrow by general education of thrift in every way, so the banks and thrift institutions can aid the government by encouraging general thrift and building bigger business themselves.

One of the first steps to be taken by bankers is that of spreading information about banks, life insurance, building and loan associations, federal farm loans, and all other thrift institutions. The best way to meet Uncle Sam's borrowing needs is to promote thrift in the broadest possible lines.

Every dollar deposited in a savings bank becomes available for national finance. Every life insurance policy sold is equivalent to an indirect loan to the government. Every obligation assumed by thrift people such as a building mortgage is a stimulus to production and saving, and therefore, as much a national service as the direct purchase of government securities.

In placing these matters clearly before everybody in his community the banker will live up to his opportunity and his responsibility in the new thrift movement. When the billion dollar New Year Days arrive he will be ready.

TELLS HOW SHE BUYS WAR SAVINGS STAMPS

Woman Tells How by Intelligent Savings Plan She is Able to Accumulate Money Which Was Formerly Wasted.

"Save while the money is warm" is the motto of a woman who has established a reputation both for herself and her family by the number of War Savings Stamps she bought without apparently stinting in the least. Here is her system.

"The only way to save is to save. When I have actually saved a quarter I put it into a Thrift Stamp without delay. If I save that quarter on one thing and then spend it carelessly for something else, I have not saved any real money.

"For example the other day I went down town expecting to pay \$10 for a pair of special shoes. To my surprise I found there was a sale that day, and got the very pair of shoes I wanted for \$7.75. I had saved \$2.25. But how to keep it saved. I knew that if I simply regarded it mentally as saving, before the end of the month it would be spent miscellaneously. I went right down stairs in the store and bought six Thrift Stamps and stuck those quarters in the Thrift card where they could not get away before the end of the month.

"I do the same thing when I have saved a single quarter or half dollar, and I am seriously thinking of getting a little penny bank to hold saved pennies or dimes until they grow to Thrift Stamp size. What is more, I am getting a whole lot of fun out of this most fascinating game, the game of 'Getting Ahead.'"

Health Insurance

One of the distinctive qualities of food baked with Royal Baking Powder is wholesomeness.

This is health insurance of such vital importance that millions of women bake at home just to be sure that Royal Baking Powder is used.

A MIRAGE.

A man from a bone-dry Arkansas community went to a wet Missouri town and was invited by an acquaintance to have a drink. In the saloon the friend asked:

"What are you going to have?"

"Have?" dreamily returned the visitor, blinking at the glorious array of barrelled and bottled goods.

"I ain't going to have nothin'."

"What do you mean, Gabe? You won't have a drink after coming all this distance?"

"Nope!" answered the Arkansawyer. "There ain't no such place as this. I'll wake up in a minute."—Lamar (Mo.) Democrat.

AN ABSURD QUESTION.

"You sign this deed of your own free will, do you, madam?" asked the lawyer.

"What do you mean by that?" demanded the large, florid-faced woman, looking threatening upon the lawyer.

"I mean there has been no compulsion on the part of your husband. Has there?"

"Him?" she ejaculated, turning to look at the little, meek man sitting behind her. "Frederick? I'd like to see him impulse me."

GOOT HER LESSON.

"Do you think you could learn to love me?" asked the ardent young man.

"Well, I don't know," replied the young thing, thoughtfully.

"I have \$5,000 in Liberty bonds, \$10,000 invested in good paying stock—"

"Go on; I'm learning."

"And \$50,000 in well paying real estate."

"All right, dear; I've learned. Believe me, you're some teacher!"

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.
