

One of the interesting Exhibits Shown at the Methodist Centenary Celebration

To prove that he could fly, the world's greatest and physical pain the Hindu fakir would perform a feat of strength, much to the amusement of less spiritual on-lookers. The feat of strength will be one of the interesting exhibits shown at the Methodist Centenary celebration, in Weldon, N. C., June 20 to July 15. Whether a fakir from any other part of the world can be found to demonstrate his power of endurance will be a question of the evening with celebration officials.

To Play Great Organ at the Methodist Centenary

MRS. MONTGOMERY LYNCH of Seattle will play the great \$30,000 organ in the presentation of "The Wayfarer," the magnificent pageant of the Methodist Centenary Celebration, in Columbia, O., June 16 to July 18. Montgomery Lynch, her husband, will direct the chorus of 1,000 voices, which is a part of the pageant.

REDUCED FARE ADDS INTEREST

Visitors to Methodist Centenary to Be Well Cared For.

REGISTRATIONS ON INCREASE

Housing Committee of the Celebration Have More Than Forty Thousand Rooms in Private Homes at Their Disposal. Where Those Who Attend Can Be Lodged as Conveniently as at a Hotel.

Announcement by the government that a special low rate of fare and a third fare for the round trip has been authorized for the celebration, Columbia, O., June 16 to July 18, has tremendously increased the interest in that event and advanced materially the number of registrations coming from all parts of the United States. At headquarters the other day a single man brought back registrations from 14 separate states and South America.

The low rate has increased work for the special committees, which are responsible for housing the large influx of visitors now seen to be on their way. Accommodations fall into three classes.

First, the hotels which have an average daily capacity of 2,000 visitors.

The second field of accommodation will be in public buildings, which have been specially fitted up for this sort of service for the celebration. These include the State School for the Blind, the State School for the Deaf, the large barracks which were provided at Ohio State university for the student army training corps, and other buildings of a similar nature held in reserve should the throng exceed even present generous expectations.

The third line of convenience for the hospitality of Columbia is in the homes of the citizens themselves. More than 40,000 rooms have been listed with the housing committee and these are card indexed by location, telephone number and best means of access. Visitors to the celebration may be lodged as conveniently as a clerk at a hotel assigns a visitor to his room. In order that there might be no misunderstanding, the committee in charge has a uniform rate for accommodations in private dwellings. The charge will be

\$1 per day for a single person in a room with bath and toilet for the entire stay.

Always an exhibit provided with a restaurant, committee at the World's Fair is having its summer season of pleasure in the exhibition which were arranged in various hotels in 24, when the state became dry. In addition to these exhibits, many have been for feeding large numbers of people, but have been included in the exhibit club grounds.

MONSTER SCREEN AT METHODIST CENTENARY Special Lantern Devised For Throwing Pictures.

Finishing details are being placed on the arrangements for the erection of the largest screen for the projection of pictures ever built in the world. This is to be one of the features of the Methodist Centenary Celebration to be held in Weldon, N. C., June 20 to July 15.

This monster screen will have a surface for pictures 100 feet long and 40 feet high. It will be erected in each direction. A special lantern has been successfully devised for throwing these tremendous pictures the necessary distance. The screen will be 20 feet from the nearest operator and will be built to withstand 40 pounds pressure to the square foot. The screen which will project these pictures has already successfully thrown pictures in a square in New York City across a distance of 40 feet and a half with a lantern mounted on a truck. The lantern has been successfully tested for throwing these tremendous pictures the necessary distance. This Camel's 8 days are up!

Man, but he's thirsty!

He'll never go eight days without a drink again. He had never tasted Pepsi-Cola when he started that stuff!

The desert's awfully hot, the Oases few and far between: PEPSI-COLA is simply precious to this old caravan-begging ship of the sandy Sahara.

With Pepsi-Cola as an incentive he could keep going all day. Why don't you drink Pepsi-Cola, too, this hot weather, and keep going all day at full speed?

The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases, by having it in the house you escape much pain and suffering and all risk. Buy it now, it may save life.

AND SHE ANSWERED.

In the conservatory during the Twelfth Night ball.
Reginald—Now that we are alone, Claire, I can ask you a question that I have been burning to ask you all the evening.
Claire (overcome with emotion)—Oh, Reginald!
Reginald—Ever since I entered the ballroom I have felt that my necktie was slowly creeping over the back of my collar, and the thought of my appearance made me miserable. Tell me, Claire, is my necktie all right?

SHREWD GIRL.

He—if you could have two wishes come true, what would you wish for?
She (frankly)—Well, I'd wish for a husband.
He—That's only one.
She—I'd save the other wish until I saw how he turned out.

THE HUM OF THE MILL.

He was a lad from the backwoods of Arkansas, where sawmills are numerous. Going into the army and overseas he arrived at Camp Codford, England. While here he saw and heard his first aeroplane. The aviator was flying low and the buzz of the engines could be distinctly heard. Turning to a buddy he says: "Where is that sawmill I hear?"

Chronic Constipation.

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxative. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.
