NO SENSE OF HUMOR.

"How did you happen to lose your cook?"
"She didn't like my style of humor."
"No?"
"Having shown symptoms of an artistic temperament on several occasions, I asked her if she thought our kitchen was a way station on the road to the movies, and, bless my soul, she quit!"

ANOTHER "DRY" VOTE.

"A burnt child dreads the fire," announced the teacher during the lessons proverbs. "Now, give me a sentence different in wording but meaning the same thing."
A grippy hand shot up from the back of the class.
"Please, teacher," came a small voice. "A washed child dreads the water."

TURKEY'S DRAFT LIMIT.

BANKS TO SAFEGUARD BONDS AND STAMPS

Are Ready to Protect Securities of Small Investors Free of Nominal Charge.

In buying Liberty Bonds, Victory Bonds, Thrift and War Savings Stamps the people of the United States have done more than perform a patriotic duty—they have invested in the soundest securities in the world, gold obligations of the United States of America.

But the safeguarding of these securities has become a problem for many folk. Only a few persons, relatively, have either a safe in the home or office, or a safe-deposit box in the vaults of the bank. But so many patriotic citizens are keeping bonds and stamps about the house, in the bureau drawer, under the mattress, or on the shelf. And even if the treasure is thus hidden from thieves, there is the ever present danger of fire, and the loss of the money invested.

There may be no further call for the people at large to subscribe to huge bond issues, but the government needs the daily and weekly sums which come in from the sale of Thrift and War Savings Stamps for taxes must be kept down. The danger of loss has deterred some people from getting so many stamps as they might otherwise buy. Hence the problem will be a future question as well as a present one.

Steps have been taken, however, to meet this situation.

First, every bond or stamp certificate may be registered with the Treasury Department. Registration means that the owner's name and the number of his security have been "registered" by the government, and that nobody but himself can possibly get the money which the bond or stamp certificate calls for. Certificates may be registered through the nearest postoffice; bonds through the nearest bank.

And the second method for safeguarding has been provided by the banks themselves. Every bank—national bank or savings bank—and every trust company has, of course, ample and secure vaults. For the man who does not feel that he can afford to rent a safe deposit box to keep Liberty Bonds and War Savings Stamps in, many of the banks and trust companies have announced their willingness to keep these securities for him in their own vaults.

SUCCESSFUL DOLLARS ARE THOSE WORKING

Invested in War Savings Stamps They Never Fail to Yield You Handsome Profit.

It is the dollar that goes to work that is the successful dollar. The idle dollar is a failure. The successful dollar brings back another dollar with it. It makes itself a dollar and something—two dollars and something—a whole family of dollars.

But the careless dollar goes off somewhere and is never seen again. A Texas man the other day lost a lifetime's savings—\$728. His dollar had gone off in the pockets of one fake stock promoter. He had not taught his dollars to keep good company.

Hundred's of years ago a man to whom a handful of money had been trusted buried it all in a napkin. He got no increase—he did not even keep what he had.

The dollar that succeeds is energetic—and careful. War Savings Stamps do more than save your dollars. They put them to work at compound interest. And they never fail. Your government guarantees every one of them.

A man once bought Manhattan Island for \$24. He had the \$24. Buy War Savings Stamps and be ready.

Provide a silver lining for the coming cloud. War Savings Stamps will do it.

Too often when a man's good deeds for themselves he spoils the effect by going around with his mouth open.

WAR SAVINGS STAMPS MADE HOME POSSIBLE

Man Who Suddenly Found Himself Without Roof Over Head Was Able to Buy Property.

This true story tells how War Savings Stamps built a sure protection around one Washington war worker and his family.

Early in the war savings campaign he began a small systematic investment in Thrift Stamps, which ultimately grew until he had an investment of \$100. He says he acquired his stamps without depriving himself or family. The investment "just grew" out of incidental savings.

Presently this incidental money became scarce. The war worker and his family felt the burden of the exorbitant high cost of living, and the anxiety and expense of extraordinary illness of the two children. This gripped the man. He awoke one morning to find that he had no place to live.

His residence had been sold and he and his family were asked to vacate. He could find no house to rent within his means, and was confronted with the necessity of leaving the city or buying a home in the suburbs. He could not buy, without making a substantial initial payment, and ready funds were accumulating beyond reach.

Then he thought of his War Savings Stamps. He remembered they were redeemable on presentation, with accrued interest. With the proceeds of these stamps and with all the sums he could gather he made first payment on a new house in the suburbs.

Recently he refused to sell it for \$1,200 more than the purchase price. This man is a War Savings Stamp enthusiast—and he is on the straight road to financial independence.

Start your mind going along saving lines and then watch it travel. Buy W. S. S. regularly.

Put together to produce more, to eliminate waste, to save and to invest in W. S. S.

Keep your money at work for you. Invest your Liberty Bond interest in W. S. S.

REMEMBER THE ANT

Save and have! Remember the story of the ant and the grasshopper? The ant worked and saved. The end of each day found him with a little more added to what he had the day before. The grasshopper danced and sang and added his time away. Winter came; the ant had plenty. The grasshopper had nothing; he had not saved. He went to the ant and asked for help. Said the ant: "While I worked, you fooled your time away. You can dance now for all I care."

Are you an ant-person or a grasshopper-person? Some time are you going to have to ask for help and will someone tell you to dance; or will you be independent?

If you save now, you'll have later on. Let the end of every week find more Thrift Stamps on your card. At the end of every month be able to show more War Savings Stamps (part) on your certificate. Lend your money to the government at 4 per cent interest, compounded quarterly, and see it grow.

Take stock of yourself! What are you worth? Will next New Year's Day find you worth more or less? Which will you be: an ant or a grasshopper?

There's much to be said on both sides when a woman attempts to write a letter on a single sheet of paper.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work.—Mrs. B. R. ZULLIGAN, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit.—Mrs. J. O. RICHESON, 328 West Race Street, Portland, Ind.

CALOMEL SALVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should have a sluggish liver. It is a disease, and it is perfectly curable.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of many calomel pills and you will feel weak, sick, and named tomorrow. Don't let your doctor tell you that. You will waste up feeling great. X-ray diagnosis, constipation, sleeplessness, headache, coated tongue, and your stomach. Your druggist says you don't get Calomel's Liver Pills. Your money is waiting for you.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin" owned and made by Americans and proved safe by millions of people. I know a quantity of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylicacid.
