CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy.

Chas. H. Fletcher
Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. NEW THEORY IN ASTRONOMY.

Possibility That There is a Tail Attached to Our Earth Leads to Ingenious Suggestions.

Opposite to the sun there is a very mysterious glowing patch which is thought to be attached to the earth as a cometlike tail.

The highest regions of our atmosphere consist of very light gases, and the impression is that some of these were driven away by the sun or by other means, and that they stream off from the earth into space just as the light gases do from the head of a large comet.

Naturally, this theory has aroused much controversy, and has led to all sorts of ingenious suggestions. One of these is that a swarm of meteors (of the kind we know as shooting stars) keeps us company space at a distance of about a million miles, or four times the distance of the moon. But a tailed earth is an ideal vehicle for imaginary flights.

It might be argued that if our globe has a tail why should not the planets Mercury and Venus, and even Mars, have one. Well, perhaps they have, for all we know to the contrary. Our earth's tail would be much more easily seen by us because of its nearness and brightness.

ALL SERENE.

BY FRANK L. STANTON.

The country's going all serene from early morn till night—
"Sweet fields arrayed in living green and rivers of delight"
The streams are singin' to the sea, and all the happy hills
Are thrillin' glad as glad can be with songs of whippoorwills!

The blooms are bending with the bees, and all the birds above
Are sending messages to God—sweet messages of love!
The stars in perfect skies of blue—in fields of glory gleam,
And earth is like a world made new, and heaven not a dream!

O wondrous is the weather! the color's in the clod,
And the splendid honeysuckles just sweets all the sod!
The world rolls nearer heaven, and life is perfect bliss,
And it's great to be a livin' in a lovely land like this!

GRANDFATHERS FOUR.

It is hard for me to look at your old-fashioned photographs
And realize you once had entity.
But—preacher, sailor, gambler man and tailor,
I thank you for the dreams you lived and handed down to me.

For visions I have had of coral reef at sunset
And dark-eyed maids and everglades and ships that plowed the sea,
For an ear attuned to catch the wanderlust's deep voice a-calling,
I thank you, mister sailor,
For your courtesy and kindness,
I thank you for the dreams you lived and handed down to me.

For visions I have had of gambling hell a-glitter,
Fortunes, lives and souls staked on a card or two or three,
Of duels fought at sunrise to keep a woman's honor clean,
I thank you, mister gambler,
For your courtesy and kindness,
I thank you for the dreams you lived and handed down to me.

For visions I have had of a wife and home and babies,
And a life of simple service from strife and envy free,
With leisure spent in checker games or neighboring or reading,
I thank you, mister tailor,
For your courtesy and kindness,
I thank you for the dreams you lived and handed down to me.

For visions I have had of Jerusalem the Golden,
Of a crowned throng that gather by the everlasting tree,
To sing the song the morning stars first sang to their Creator,
I thank you, mister preacher,
For your courtesy and kindness,
I thank you for the dreams you lived and handed down to me.

WHY MRS. LOT LOOKED BACK.

Reasons Explained, but To-day it is the Man Who Usually Does the Turning.

The mystery of Lot's wife turned around, womanlike, after being warned specially not to, was explained by Alexander Black, novelist, at a dinner of the Society of Arts and Science, New York.

Mr. Black said Mrs. Lot merely wanted to see if she was being followed by a man.

The subject of profound debate was "Marriage Is a Success. Yes? No?" It was discussed with lights turned low under red shades.

Mr. Black said it is now the man who does the turning around and looking back, "usually slightly down.

"Over their faces come curiously mingled expressions of bewilderment and amazement.

"I have seen them turned into cynics or into poets. I have seen them turned by their direction and struck by automobiles."

Periodic Bilious Attacks.

Persons subject to bilious attacks at regular intervals know when to expect an attack. They find that they have no desire for food when an attack is due but usually eat because it is meal time. Skip one meal and take three of Chamberlain's Tablets and you may be able to avoid the attack. Persons subject to periodic bilious attacks should not drink tea or coffee at any time.
