NURSING SERVICE IS RAPIDLY EXPANDING

This American Red Cross Work Flourishing in Small Towns Throughout Country.

More than 27,000 graduate nurses have been enrolled in the American Red Cross to date and its department of nursing is daily increasing its enrollment.

The department of nursing has been authorized to maintain an adequate reserve of nurses for the army and navy. It will continue to supply the needs of the United States Public Health Service to which it has assigned more than 1,000 nurses in the last year.

It will assist in establishing proper nursing service in foreign countries where the American Red Cross has established hospitals, dispensaries and schools for nurses. Courses in hygiene and care of the sick have been started for thousands of women who have never received any education in this direction.

Rural nursing which was in its infancy a short while ago has been put ahead at least a decade through the work of the department of nursing and local Red Cross chapters.

Public health nursing has been extended to many rural communities and now flourishes actively in hundreds of small towns and counties. Nearly a thousand efficient nurses have already been assigned to this kind of work.

The department of nursing is uniting with other organizations in a year's campaign in recruiting nurses for training schools, in educating the general public as to standards of nursing education and in showing communities their responsibility toward schools of nursing. It will endeavor to meet all these needs as well as to continue the enrollment of students who will be utilized as instructors in home dietetics, in developing nutritional clinics, and in supplying dietitians for the United States Public Health Service and the civilian hospitals.

The Nursing Service will continue to offer to women and young girls the opportunity of securing instruction in home hygiene and care of the sick in every community in the country. This instruction has not only added the foundation for public health but in some places has given impetus to the establishment of hospitals and community school houses.

"As a community profits by the work of the nurse," says Miss Clara D. Snow, director of the department of nursing, "it is logical that the community should be aroused to its responsibility. The American Red Cross stands ready to help in a general campaign of recruiting and must have the support, sympathy and understanding of the medical profession as well as the intelligent co-operation of the people at large."

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

NATIONWIDE FIGHT AGAINST DISEASE

American Red Cross Will Have Health Centers in All Parts of United States.

The American Red Cross has launched upon a nation wide campaign of fighting disease and physical defect among the American people. A new and unique health institution has come into being as the result of several months' study by the Red Cross Health Service Department at National Headquarters.

Officials in charge of the department predict that before long this new health activity will be in actual operation all over the country, and that the slogan—"American Red Cross Health Center"—will become as familiar to the people everywhere as are now the signs of the telegraph companies.

Busy Long Before War.

The interest of the American Red Cross in the fight against disease is not, however, of recent origin. Long before the war the organization began this health service through its medical units in disaster relief work and its department of Town and Country Nursing.

During the war and following the armistice thousands of American Red Cross officials have been fighting disease in the war-stricken countries. At the same time tens of thousands of local Red Cross officials have been engaged in disaster relief work and its department of Town and Country Nursing.

The American Red Cross has determined that all this valuable experience in health service abroad and at home shall not go to waste. So long as there are a half a million people dying yearly in this country from preventable causes, and so long as more than one-third of the American children and young people are victims of physical defects, the Red Cross recognizes the urgent need for continued Red Cross health service at home.

How Organization Works.

The Red Cross Health Center is governed by business principles, applies business methods, and, in its more simple form, can be established and conducted by lay people.

It proceeds upon the demonstrated fact that health is a commodity that can be bought and sold like furrows and soap. Therefore, it establishes itself in a community in the practical business section of the community. It displays its goods in the form of attractive health exhibits in its show windows. It advertises constantly and extensively. And it uses every business and social device to attract customers.

Teaching Disease Prevention.

The Red Cross Health Center is of service to the sick in that it gives out reliable and complete information about existing clinics, hospitals, sanatoria and other institutions for the sick and the defective; about available nurses, both trained and practical; about how to obtain and use their services; and about the best way to obtain them.

Teaching Disease Prevention.

The Red Cross Health Center is, however, of even greater service to the well. It teaches people how to prevent sickness and disease. This is done in many interesting and attractive ways: first of all by the distribution of popular health literature and through health lectures illustrated with lantern slides or with health motion picture films. Then special exhibits are given, one after the other, on various health subjects. Practical demonstrations are made; also health clinics for children to interest and instruct them; and their elders. Classes are organized in personal hygiene, home care of the sick, first aid and food selection and preparation. Health clubs, both for younger and older people, are formed; also Little Mothers' League. Nutrition and growth clinics are conducted for children.

Already more than a hundred of these Red Cross Health Centers are in actual operation throughout the country. Many of them also conduct medical clinics, but the one chief, outstanding feature of the American Red Cross Health Center is its health education service which teaches well people how to keep well.

FRENCH PRAISE FOR OUR RED CROSS WORK

Lauding the work accomplished by American philanthropy for war-stricken France, Andre Tardieu, former high commissioner from that nation to the United States in a recent article widely commented on throughout the French press, says:

"The American Red Cross has accomplished a work which will be the heartiest gratitude of every true Frenchman. In 1915 this great relief organization spent in behalf of France nearly 87,000,000 francs, and in 1919 its expenditures on charitable projects in our country attained the tremendous total of 171,000,000. It has recently turned over to the French relief organizations huge stocks of supplies whose value must be counted in the hundreds of thousands of francs.

"Fifteen million American boys and girls, handed together in the Junior Red Cross of America, are back of a movement to establish the closest ties between themselves and France's younger generation through the charitable works they have financed and are now carrying out among our little war sufferers.

"The bonds of friendship between France and America, so cemented by mutual admiration, respect and gratitude."

A Traveling Man's Experience

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1908 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a taxi for a next stopping place, a well-man."

HOME SERVICE FOR EVERYBODY IN NEED

Do you know what the present day Home Service of the American Red Cross is?

Many people do not know that, besides completing the work for ex-servicemen, especially the disabled, it provides the same neighborly service to families in general that it formerly gave families of soldiers, sailors and marines.

"Home Service covers a wide and varied field," says Frederick C. Munroe, general manager of the American Red Cross. "It gives aid to families in solving such problems as budget planning, marketing, tiding over times of financial stress, keeping children in school, helping crippled children, widowed and deserted mothers, children backward in school and children in conflict with the law. It renders service to the homeless and transient, to the illiterate, to non-English speakers, to the unemployed, and gives friendly assistance and advice to foreign speaking groups."

In addition to helping families in the solution of their own problems, Home Service helps in strengthening the weak spots in the social life of communities. It joins hands with others to make communities safer, healthier and happier.

Organizing action along lines in which the community is already interested is one of the objects of Home Service. It has established community meetings, patriotic celebrations, pageants and picnics. Rest rooms, recreation facilities, play supervisors and moving pictures have been provided. Through Home Service other agencies are influenced to bring about improved commercial amusements and better school facilities and to promote traveling libraries as well as to secure county agricultural and home demonstration agents.

If you need assistance at any time, go to the secretary of the nearest Red Cross chapter and describe the situation. Your confidence will be sacredly respected and every possible effort will be made to aid you.

American Red Cross Roll Call.

The Fourth Annual Roll Call of the American Red Cross will be held this year from Armistice Day, November 11, to Thanksgiving Day, November 25, inclusive. During this period the men and women of the United States will sign their annual dues and renew their membership.

An Old Fault Finder.

An irritable and fault finding disposition is often caused by indigestion. A man with a good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

Counterfeit tickets to heaven are good to almost every point on the other route.

A Great Remedy.

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by E. H. Deat, a hotel man at Puy-de-Fort, France, who used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends.

Some men think they are almost good because they are afraid to be very bad.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is catarrh of the bladder. It is the only positive cure now known to the medical fraternity, catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure.

Alabama Minister Relieved

Stomach Troubles Made Him Feel Sick at Meal Times, But Now Always Enjoys His Meals.

Do YOU enjoy your meals? Eat without the dread of the after effects? Lack of appetite, and a disagreeable sick-stomach feeling after meals, usually indicate that your digestive organs are not working properly. As a result, you will feel weak, lose weight and lack the energy that is to be derived from well-digested food.

A valuable help in correcting such conditions is mentioned by the Rev. E. K. McKenzie, of Route 1, Boston.

Whatever you wish in high grade, artistic jewelry, in charming new designs, our assortment will please you perfectly.

OUR PRICES WILL SATISFY.
