ranged frame. Vengance is in would be a misfortune." Home Made Perfumery

The ordinary method of obtain ing the perfume of flowers, and one that has been employed for ages, is by distilation. Shakspeare tells

And it looks like raining every - flowers distilled, though they with mirrote. And my back hair not winter meet, Lune but their show; their substance still half high enough for the style !-lives sweet ;" Give me a coople of hairpins, Louor, in plain prose, that by distilling ise! I'll try and draw it up a little flowers we may possess their sweetness in winter, when their beauty

has passed away. The odor of flowers is due to a minute portion of a volatile oil, which is continually generated and given off by the plant. When the flowers are distilled with water, the essential oil rises with the steam and is condensed with it in the receiver. But the fragrant principle may be obtained in another way, which, as it requires no apparatus, may furnish an agreeable recreation to some of our readers who have flower gardens and plenty of

he broke the nose off little Annie's doll, and upset the card basket into leisure. The sweetness that would be the spittoon! And I declare! if otherwise wasted on the summer air may thus be saved, to delight the The third since February, to my sense long after the blossoms that certain knowledge! Of their sweet deaths are sweetest odors

We presume that most persons would prefer to buy their periumes rather than to manufacture them in this way, but some may enjoy the work for its own sake, and consider that the fragrant product is worth all the time and trouble it has cost. -Journal of Chemistry.

Make a Note of This. Whenever a gentleman wants

anything published, whether it interests the public or only an individual, he is willing and will propose to pay. Somebody must pay for it, hereafter it will not be the prin-er. The fact that the proposed publication would interest the public has nothing to do with the matter at issue. Newspapers are private, not public property. Judging from present indications They are published to make money

-Surely the heathen are invading us on every side.
