Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. BANKING HOUSE OF The Farmers' and Merchants' Loan and Trust Company, CORNER WATER & COMMERCE STS., NORFOLK, VA.

To the Public:-The great capitalists of the world consider First Mortgage Railway Bonds, judiciously selected, one of the best investments to be found. States, Cities, Towns and Counties man issue bonds, as some of our Southern States have done, until their credit is destroyed and

their bonds are almost worthless; but a First Mortgage Railway Bond, like a first mortgage on a farm, IS A LIMITED DEBT WHICH CANNOT BE INCREASED. Railway Bonds hould not be conjounded with Railway Stocks. The Stock of a Road may be in the hands of speculators, and never pay a dividend, indeed may be almost worthless, yet the First Mortgage Bonds of the same Road may be a perfectly sound security, and pay interest every six months with unfailing regularity.

This Company will recommend to investors only such Bonds
as the Directors believe to be perfectly sound and safe, as well as profitable.

The Company transacts a General Banking business, like a State or National Bank, and allows interest at the rate of six per cent, per annum on Special Deposits and Trust Funds. Interest compounded 1st January and 1st July, Incestments of Trust Funds quaranteed. Correspondence invited and further information giv is with
