A light no-top buggy for sale or exchange. See advertisement.

Hen fruit are still pleutiful in our market at 10 cents per dozen.

Efforts are being made to establish a Military Company in this place. Rere

grounds of the Baptist church in this place are being ornamented with rows of evergreens.

Marcus W. Robertson, Esq., who has been for some time past in Colorado has returned to this place. The average Barlical office holder

heresbouts has grown more impudent since the Returning Board at Washing ton has been at its dirty work. Judge Cannon, who has been riding the First District, has been compelled

to return home for a while on account of being sick. Judge Henry is to hold the spring term of the Courts in the 12th District commencing at Robbinsville on the 2d

Monday in April, being at Murphy on the following Monday. Several new streets are being cut in town, one of them running through from Main street, at a point just north of the Eagle Hotel, to back street in the direction of Beau Catcher. This will prove quite an improvement.

The Radicals of this locality, feeling ashamed of the stolen victory which they have achieved at Washington, on Monday cut down the Haves flag pole which has been standing for several months in front of court house square.

We are pleased to see again upon our streets the graceful form of our young friend Willie D. Hilliard, of this place, which as been during the winter attending Medical lectures in Philadelphia. Returing home on Monday, the lectures having closed until next fall.

Our townsman Mr R. F. Brack, has an application at the Patent Office for a fruit and vegetable air-tight preserved—the theory of his invention consisting of a pressure by which it is enabled to use from the vessel at different times with-out in the least damaging its contents. We wish him success with it.

Mr. J. D. Chamberlain, who is connec ted with the house of C. W. Thorne & Co., of Richmond, Va., will be in this place about the 16th or 15th of March, with samples of spring hats. Our mer-chants are well acquainted with this house, and our young friend. Chamber-lain always meets with a welcome here.

On another page will be found an interesting account of the adventures of Judge Cannon in reaching Currituckhow the Judge took Baltimore for Currituck Courthouse. The Judge doubt-

It appears that a difficulty occarred, the origin of which we have not obtained, between Baxter Turpin, a s in-law of Mrs. Tate, and Creighton Morrow, the latter a man some 50 years of that there will be no slip in the happen-

A NATURAL CONSEQUENCE.—A friend of ours gave his wife three pigs on condition she would take care of and feed three others for him. The six pigs were placed in a pen-all the same size and age. She selected three of them and named them Hayes, Wheeler and Grant-he named the others Tilden, Hendricks and Vance. The result is that the Radical pigs steal all the corngrow fat and thrive, stand at the trough all day and exhibit as much greediness all day and exhibit as much greediness as the average Radical officials—whilst the other three pigs have to take their chances and don't look as if they will be able to stand it much longer. There must be something wrong in the returning board and they reel as if they had been counted out or bull-dozed, They want a fair count or a free fight.

A NORTH CABOLINIAN MAYOR OF GALVESTON, TEXAS.—From a Galveston exchange we see that Col. D. C. Stone, a native of this State, is the Democratic nominee for the Mayorship of that city. The Galveston News gives the following biographical sketch of

THE SUPERVISOR OF CONVICTS— ty of Henderson that it will run a train The position which has been filled for the past fifteen months by Henry Miller, of Raleigh, that of supervising or caring for the wants of and farnishing provisions to the convicts at work on the W. N. C. Railroad, has been given to Wm. Howard of Rowan. Mr. Howard was formerly a resident of this place. The position of two overseers over these convicts has been merged into one, and Mr. H. I. McDuffle, of Fayetteville, has been graded, as it is all now undercontract to see the iron horse snort appointed to that.

HOMICIDEIN HAYWOOD.—We learn of a homicide occurring in Haywood as far as Hendersonville has already been purchased.

"WHAR THE LAW AS ARE, THAR THE BUZZARDS DO CONGREGATE."—The Revenue officers and sich of this section have been flocking to Washington during the past week, to be vin at row, the latter a man some 50 years of tage, when Turpiu shot him three times with a pistol, killing him. There were two witnesses of the affair, who give directly opposite testimony as to the mature of the difficulty between the two men. Yr. Juo. TOBACCO-A HANDSOME RETURN. We have several times called the attention of the farmers of this section to the fact that, with but little additional labor and no real added cost, they can introduce into our midst a vast amount of pocket money, affording great relief to each farmer engaging in it and adding greatly thereby to the general comfort of our people—and this can be easily done by each farmer planting some two or three acres of tobacco, without curtailing the crop hitherto grown by him-We are glad to learn that in some sections of this county this system will be adopted quite generally this year.

As a practical evidence of the results of this plan, we are informed that Mr. John Brown, a farmer residing some 13 miles below here on the French Broad last year grew tobacco on three acres of land, which yielded some 1500 pounds and, which yielded some 1500 points and having recently shipped the same to Danville, Va., has received returns therefor He realized an average of \$32.00 per hundred, or the sung little sum of four hundred and eighty dollars. Now who will say this does not pay?

A newly married, but very jealous to such minded man, sent his young wife hom to her parents yesterday morning, be cause the night before, while talking in her sleep, he heard her say, "don't Tommy; don't Tommy; I am married now, and must not be kissed by anybody but papa and my husband." Tommy was the name of the young husband's laterival, and the little wife must not even dream about him.

It has reached the ears of the people in this community that Returning Board Hayes will be the next President, and it would appear from the harsh expletives that I have heard in connection therewith that all of our people are not like the man whose wagon upset with his apples—at any rates they risk a few cuss-words at Hayes and the infernal crew who have stolen the Presidency for him.
