EXECUTIVE MANSION,

COLUMBIA, Dec. 23, 1876.

MY DEAR SIR :- I have the honor to enclose a copy of my inaugural, as the esented yesterday to the Senate by duly elected Governor of South Carolina. In view of the present events and the official sanction given to gross misrepresentations of the acts and purposes of the majority of the good people of this commonwealth, I deem it proper to declare rs at Salem, Oregon. — The that profound peace prevails thoughout the government. State; that the course of judicial proceedings is obstruted by no combination of citizens thereof, and that the laws for the protection of the inhabitants in all their rights of person, property and citizenship are being enforced in our courts. While the people of this State are not wanting either in the spirit or means to maintain the rights of citizenship against the usurped power which now defics the supreme judicial authority of the State, they have such faith in the justice of their cause that they propose to leave its vindication to the proper legal tribunals, appealing at the same time to the patriotism and public sentiment of the whole country.

The inflammatory utterances of a portion of the public press reader it perhaps not inopportune for me to state that, although the people of South Carolina view with grave concern the present critical conwhich threatens to subject to an extreme was taken up. test the Republican system of government itself, it is their firm and deliberate purpolitical problems that involves the exhibition of armed force, or that moves through form of the Constitution, or the peaceful &c. 7

agencies of the law. Trusting that a solution may be had which, while maintaining the peace of the country, shall do no violence to the constitutional safeguards of popular rights, the people of all the States in an earnest effort to prese ve the peac and sustain the laws and the Constitution, 1 am, very respectfully, your obedient servant,

WADE HAMPTON, Governor of South Carolina. His Excellency R. B. Hayes, Governor of Ohio.

P. S.—As the settlement of the vexed political questions which now agitate the public mind must ultimately depend on now discussing them. yourself or your distinguished competitor for the Presidency. I have addressed a letter similar to this to his Excellency Governor Tilden. WADE AAMPTON.

A New Enterprise.

We learn that a company has been formed in Boston for the purpose of running a paper manufactory in this city. They have leased, for ten years, the works of the Cape Fear Fibre Company and are now having new and improved machinery manufactured for the purpose of making up the stock without the use of the guns. They will also put in machinery for the manufacture of the stock into paper. It is expected that they will begin operations here as soon as the miserable Presidential muddle is settled.
