To every horse there is a man, and the "breaking up" which has been so long delayed by the freeze is rapidly progressing. The farmers have commenced on a new principle this year and are resolved to carry it out. Only a woman's hair! Who has not, some time in his life, picked such a golden thread from his best coat collar, and felt his heart beat the quicker for it? Or gazed upon a tress laid away in some nook, and not felt the influence of tender memories? Only a woman's hair! and we don't like it in biscuit.
Failure of the Munros.
We regret to learn that Messrs. G. C. & W. J. Munro, of Providence R. I., have suspended payment and with heavy liabilities. These gentlemen were engaged in the West India trade and have had some operations in this city since the war. For some years previous to 1861, they were located in this city where they carried on a large West India business.
That Broken Pavement.
It is claimed that the break in the pavement on Third street, between Princess and Chestnut, was caused by some of the Fire Department and that the city authorities should therefore have it repaired. If malcontents were bricks there would be plenty of material on hand for the purpose.
The City Question.
The Committee of Twenty, ten from the Wards and ten from the Central Committee, met last night at Munro's Hall to confer in regard to the matter for which they were appointed. It is said that a majority of the Committee oppose the appointment of a Police Commission while they are unanimous in regard to the proposition for a Board of Audit and Finance.
Superior Court.
This tribunal closes its labors to-day after a laborious session of four weeks, the only interval being the recess taken on the occasion of the death of the lamented Col. Strange. It has been a busy four weeks, and the dockets have been pretty well cleared off. The next term falls due on the tenth Monday after the second Monday in February, the 23d of the month, on which occasion Judge Seymour will preside.

A Golden Wedding.

A friend who was present on the occasion writes to us the following account of the celebration of the Golden Wedding of Mr. and Mrs. Robert Deatherage, a venerable couple who have friends and relatives in this city:
"There was celebrated at Maple Glenn, in Rappahannock county, Va., at the residence of Mr. Robert Deatherage and Caroline, his wife, in the presence of a large company of relatives and friends, on the 23d of January, 1877, a Golden Wedding, the company consisting of the dignitaries and elite of the county. Says our friend: 'It was one of the most splendid come-offs that I ever had the pleasure to witness. The dinner could not well be surpassed, and what was more there was plenty of it, drinkables as well as eatables. There were present four physicians, several ministers, the county clerk, the attorney, the sheriff, the jailor and a host of justices, ex-justices and ex-representatives, twelve soldiers of the late war, sixteen Masons, three acting magistrates and a score of pretty girls, besides the old gray-headed veterans of the county, but one of whom was older than the venerable host. Many beautiful presents were received, but none surpassed those sent from their lady friends and relatives in Wilmington. A beautiful and appropriate address was delivered by Rev. Mr. Hildrup, of the Methodist church.

Served Him Right.

A day or two ago several little girls were standing in front of a store window on Market street, admiring its contents, when a colored boy rudely forced his way among them, pushing them roughly aside, as he did so. One of the girls remonstrated with him when he deliberately raised his hand and struck her across the cheek. One of the clerks, who witnessed the circumstance, then rushed out and seized the boy and dragged him into the store where he met the proprietor and informed him of the circumstance. That gentleman, who has children of his own and knows how to protect them, invested a quarter in a cowhide and taking the rascal into the rear of the store gave him the best that the cowhide had in it. The boy was glad when it was over with and was profuse in his declaration that he would "never do so no more."

The Canal Meeting.

The meeting called in the interest of the proposed New River Canal was held last evening at the City Hall.
The meeting was opened by calling A. H. VanBokkelen, Esq., to the Chair, and requesting Mr. Walker Meares to act as Secretary.
On taking the Chair, Mr. VanBokkelen explained the object of the meeting in a highly interesting address, giving much valuable information touching the importance of this project to the future interests of this city.
On motion, a committee of three, consisting of A. J. DeRosset and Edward Kilder, Esquires, and Mayor Canaday, were appointed to draft resolutions expressive of the sentiments of the meeting as to the importance of this undertaking.
The committee reported the following resolutions:
WHEREAS, The opening of an inland communication by water to connect the North East branch of the Cape Fear River with Pamlico Sound will greatly benefit the entire country upon and accessible to the line of such connection, and advance the value of the lands owned by the State on and contiguous thereto, we, the citizens of Wilmington N. C., in meeting assembled—*Resolved*, That the Legislature of the State now in session, be memorialized to grant to the New River Canal Company such tracts of land as are asked for by said Company in Section bill 82, session 1876-77, with such protection as may be necessary to the efficient completion and working of their line.
The Chairman, by request of the meeting, then read the memorial to be presented to the Legislature.
On motion the resolution of the committee and the memorial were adopted, and a committee, consisting of Messrs. P. Heinsberger, W. H. Green and Dr. M. J. DeRosset, was appointed to procure signatures to the memorial.
By unanimous request, Major Young then addressed the meeting, giving most interesting details touching this great project.
On motion the thanks of the meeting were tendered to the Chairman and Major W. L. Young for the interesting information placed before it.
The meeting then adjourned.

Interesting Phenomena in 1877.

On March 1 Mars will pass Jupiter, near the point the sun reaches at his extreme southern declination, but this sight will not be as interesting as the former, as Mars will be nearly overshadowed by the superior brilliancy of Jupiter. But the astronomical event of the year will be the apposition of Mars, which will occur on the fifth of September. This happens once in a little more than two years, but owing to the ellipticity of the planet's orbit a greater degree of brilliancy is presented when apposition and perihelion occur together, as is the case this year, Mars coming to perihelion Aug. 21, and to apposition fifteen days later. During the months of August and September the fiery little planet will blaze nearly all the night, with a brilliancy rivaling that of Jupiter itself. Appositions of Mars are valuable for determining the sun's distance, by means of the planet's horizontal parallax, being for this purpose inferior only to transit of Venus. The comparative movements of Mars and Saturn will be interesting, the former passing Saturn on the twenty-sixth of August, and finally passing him on the third of November in direct motion again, Saturn being in retrograde motion all the time. On the ninth of November Venus and Jupiter will again be in conjunction, being about three hours' distance from the sun. They will not, however, be nearer than about two and one-half degrees. Venus being at her greatest heliocentric latitude south, and Jupiter but little past his descending node. During the months of September, October, and November the four planets, Venus, Jupiter, Mars and Saturn will all be visible in the even-

Judge McKoy.
Hon. A. A. McKoy, Judge for this District, closes his labors with us to-day and will not resume them again for four years, the interval to be occupied by him in riding the various circuits in the State, beginning with Harnett County, which opens at Lillington next Monday.
To say that our people part with Judge McKoy with much regret will but feebly express their sentiments. His able, manly, upright and impartial course since he first presided on the Bench in this county has won for him that genuine esteem which true merit will always achieve, while his kindly manner, courteous bearing and thoughtful consideration on the Bench and in private life alike have gained for him a perpetual place in the hearts of the masses. Our district is proud that she is to be so nobly represented in every other section of the State.

Wonderful Success.
It is reported that Boschee's German Syrup has, since its introduction in the United States, reached the immense sale of 40,000 dozen per year. Over 6,000 Druggists have ordered this medicine direct from the Factory, at Woodbury, N. J., and not one has reported a single failure, but every letter speaks of its astonishing success in curing severe Coughs, Colds settled on the Breast, Consumption, or any disease of the Throat and Lungs. We advise any person that has any disposition to get Lungs, to go to their Druggists—and get this Medicine, or inquire about it. Regular size, 75 cents. Sample Bottle, 10 cents.
