THE DAILY REVIEW.

VOL. 2. WILMINGTON, N. C., MONDAY, MARCH 5, 1877. NO. 38.

THIS NOON'S MAIL.

[Raleigh Index-Appel Special.]
Washington, March 3.—I am credibly informed that the position of Secretary of War has been or will be tendered to General Joseph E. Johnston, of Virginia.
The House to-day passed a resolution declaring Mr. Tilden elected.
Two fights occurred to-day—one on the floor.
Washington, March 3.—1:10 A. M.—The House is dispatching business quite rapidly, but the probability is that the session will last until twelve to-morrow. Unless the House recedes from its position on the army bill there will be an extra session.
A telegram was sent Governor Tilden to-night signed by many members notifying him that the House had adopted Knott's resolution declaring that he had been legally elected by the electoral and popular vote.
The Louisiana Returning Board called in a body to-night on Hayes.
The House amended the rules giving the clerk extraordinary powers in organizing the next House.
The Senate passed the bill paying Southern Postoffice claims incurred prior to the war, some three hundred and fifty thousand dollars. G. C. W.

CAROLINA.

Raleigh is moving for a Criminal Court.
Dr. Bizzell, member of the House from Sampson, is quite ill.
The Raleigh *Observer* now claims the largest circulation in the State.
It is said that the Asheville and Spartanburg R. R. will reach Henderson by next January 1st.
And now Asheville has imbibed the blue glass martial spirit and is about to organize a military company.
St. John's R. C. Church in Raleigh having been declared unsafe, the congregation will worship in Briggs' Hall.
The second entertainment of the Raleigh Combination Troupe and Cornet Band takes place in Raleigh on Tuesday evening.
Gov. Kemper, of Virginia, has requisitioned Gov. Vance for the delivery of Milton and Fanny Hirston, colored, charged with burglary and larceny.
Mr. C. G. Funder, of Laurinburg, and Miss Sophia C. Gibbs, daughter of Rev. G. W. Gibbs, were married in Hickory last Wednesday.
The Hickory *Press* says: A man by the name of Thomas Messer was severely cut in an affray at Brindletown on the 13th of Feb., and died a few days later.
The Rockingham *Spirit* says: A number of new residences are to be erected in town this spring and summer. Among the gentlemen who contemplate building residences are Rev. T. W. Guthrie, O. D. McLean, Esq., and Dr. J. M. Covington.
The Hickory *Press* says: One night last week, some of the muffon-loving dogs on Clark's Creek in this county made a raid through that neighborhood and killed eleven sheep, three of which belonged to Mrs. Harriet Sigmon and eight to Mr. Mike Bollinger. Notwithstanding this some people value their dogs more than sheep.
The Asheville *Citizen* says: John Brown, a farmer residing some 15 miles below here on the French Broad, last year grew tobacco on three acres of land, which yielded some 1,500 pounds, and having recently shipped the same to Danville, Va., has received returns therefor. He realized an average of \$32, per hundred, or the snug little sum of four hundred and eighty dollars. Now who will say this does not pay?
The Asheville *Citizen* says: We learn of a homicide occurring in Haywood on the county line on the night of the 20th ult., at the residence of a Mrs. Tate, a widow lady. It appears that a difficulty occurred, the origin of which we have not obtained, between Baxter Turpin, a son-in-law of Mrs. Tate, and Creighton Morrow, the latter a man some 60 years of age, when Turpin shot him three times with a pistol, killing him. There were two witnesses of the affair, who give directly opposite testimony as to the nature of the difficulty between the two men. Mr. Jno. Turpin, the father of the murderer, came upon the scene and prevented his son escaping, keeping him under arrest until the arrival of the Sheriff, who conducted him to the jail at Waynesville, where he now awaits trial.

Cut! his Out—It May Save Your Life!
There is no person living but what suffers more or less with Lung Disease, Coughs, Colds or Consumption, yet some would rather than pay 75 cents for a bottle of medicine that would cure them. Dr. A. Boschee's German Syrup has lately been introduced in this country from Germany, and its wondrous cures astonish every one that tries it. If you doubt what we say in print, cut this out and take it to your Druggist, and get a sample bottle for 10 cents and try it, or a regular size for 75 cents.

Look at It!

FIRST-CLASS SHAVE with Bay Rum, only 10 cents. Stylish hair cut, 25 cents. Luscious Shampoo by machinery, 25 cents. Mustache dried, 25 cents. Everything done in silence. A liberal reduction to monthly customers at the great Reform Barber Shop under the First National Bank. Come and try the new and skilled barbers.

No session of the City Court to-day.

Blue glass treatment is easily seen through.

Something new that no body wants—pneumonia.

The planters are preparing land for the coming season.

Square toed boots and shoes have gone out of fashion.

Cream colored dresses are made with fuby colored sleeves.

The new version is "when wrong is mighty it must prevail."

Cool and cloudy this forenoon, but with a prospect of better weather ahead.

Barque *Fairy Belle*, Gardner, from this port, arrived at Rio Janeiro on the 31st of January.

Schr. *Helen M. Condon*, McCarthy, sailed from Belfast, Me., on the 28d ult. for this port.

Schr. *Hattie Turner*, Hupper, from this port, arrived at Kennebunkport, Me., on the 28th ult.

The "Cabot" is the latest bounet. It possesses the peculiar property of making a young girl look like an old apple woman.

Monthly meeting of the Ladies' Benevolent Society will be held at the Hook & Ladder Hall on Tuesday, March 6th, at 4 o'clock.

If you have no cold victuals for the poor, hungry tramp, don't send him away without anything. Give him your mother's receipt for making oyster dressing.

Capt. E. C. Woodson's name appears at the head of the Raleigh *Observer* local page as its city editor. We think Woodson and the *Observer* are both to be congratulated.

A little child's locket, bearing the initials E. McM., was lost yesterday in Brooklyn Hall or on Fourth street. The finder will be rewarded liberally by leaving it at this office.

Mayor Canaday has gone West on business connected with the Western N. C. R. R. and Alderman Gardner will preside at the revolving desk in the Mayor's office until his return.

A visitor to an art gallery, on being asked whether he preferred pictures to statuary, said he preferred the latter, as "you kin go all round the statoes, but you see only one side of the picters."

An old horse, the property of Mr. Alfred Martin, breathed his last this morning. He was a fine animal, and was ridden by a Wilmington man during the late unpleasantness between the States.

He purchased his sweetheart a pair of ten-button gloves and handed them in at the door himself. The servant girl took them, and going to the foot of the stairs bawled up: "Please miss, 'ere's a young man as has brought you a pair of leggin's."

The most hopeless specimen of imbecility to be seen these days is a man leaning over a dry goods counter, staring helplessly into the eyes of the unsympathizing young fellow behind it, and wondering "what in blazes was the name of that thing the old woman told me to get?"

We would suggest to the business community that not for years have newspapers been so widely circulated or so largely read as at the present time. This, in connection with the fact that the Spring trade is about opening, makes the opportunity for advertising a more valuable one than any we are likely to have for a long time to come.

Personal.
Admiral J. H. Strong, of the U. S. Navy, is stopping at the Purcell House. He leaves the city en route for Camden, S. C.

A Family Quarrel
There are but six dailies in the State, and three of these, the Raleigh *News* and *Observer*, and Wilmington *Star* are bragging about the biggest circulation. The Charlotte *Observer* and Newbern *Nat Shell* are yet to hear from, and the REVIEW stands ready to take notes and report progress.

Dancing School.
Mr. Frank M. Agostini advises his dancing schools in this issue. "Professor" Agostini's classes were commenced about two weeks ago and now number over fifty scholars. He is a pretty dancer and having personal knowledge of the Terpsichorean art is well calculated to teach the young idea how to shoot in this direction.

In the Way.
The schr. *Ella May*, which was wrecked a short time since near New Inlet, is in the channel, and submerged and presents a dangerous object of which some brave craft may founder. The spot should be marked at once by a buoy. The wreck, we understand, has been sold to Messrs. G. G. Barker & Co., on private terms.

The Meeting to-night.
The Democrats of the city are requested to meet at the Court House this evening at 8 o'clock, when matters of importance relative to the city bills now or recently before the Legislature will be brought to their attention. Among these are the Criminal Court, and the friends of this measure should be on hand to care for its interests.

Billiards.
Mr. Fred W. Smith, of Buffalo, N. Y., is to give the lovers of billiards a treat at the Mozart Saloon to-night. He is to play a game against the best player in the city, giving very large odds and is to make fifty on a run or nothing. He is a fine player and performs some very difficult shots, one of which is jumping a ball from one table to another and carom, and makes the shot he called before shooting. The public are invited to attend. See advertisement in another column.

An Egg Eater.
On Saturday we published an account of a young man eating three quarts and a pint of New River oysters at one sitting but the *Reidsville Times* marches to the front the champion egg eater. It says: Dan Martin of Reidsville wears the belt for eating eggs. He is a negro. Some young men the other night bought Dan 44 eggs and he ate them all, hard boiled, at one sitting. After which he drank seven glasses of water and called for more eggs. This is an actual fact.

A Welcome Visitor.
Mrs. Hemminway, the founder of the Tileston Normal school of this city is here on a visit and is the guest of Miss Amy M. Bradley, the principal of the school. Mrs. Hemminway, is always a welcomed visitor, and has certainly done more for the good and welfare of the poor children and the cause of education than many of our own citizens. Her philanthropy has endeared her to our citizens, gaining for her the love and respect of each individual member of this community. How many children of this city will owe their education and success in life to Mrs. Hemminway's benevolence would be a very difficult question to answer.

No Jubilarumification To-Day.
Contrary to the advice of several prominent Republicans, the colored political population in this city determined on a jubilarum to-day in honor of the elevation to the Presidency of the unelected candidates of the Radical party. They intended to shoot some big guns; but they didn't. The preparations were all made; the gunners had assembled with cartridges and caps, priming pins, swabs and lanyards, the band was "thar" ready to blow for Hayes after every discharge of the mighty cannon; everything was ready, in fact, but the cannon, and that has not been found yet. A substitute was looked for but none was found. An on-looking Democrat did at one time suggest that a greasy looking Republican who was busiest in the search for the missing gun and whose mouth was apparently as big as all out-of-doors, be used as a substitute, but this suggestion was scouted because of the fact that a barrel of powder and a bolt of flannel for one cartridge was a rather expensive business. The crowd finally dispersed without the expected demonstration.

The City Bill a Law.
The bill to provide for the government of the City of Wilmington has passed both Houses of the Legislature and is now a law. The city is divided into five wards, Registration commences at once and is to continue every day and an entirely new registration is to be made. A residence of 90 days in the ward is required. The election is to be held on the fourth Thursday in March and the term of office is two years, but the ten Aldermen elected this month will not go into office until June 1.

The Thermometer.
From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:
Augusta, 51; Charleston, 57; Cincinnati, 87; Jacksonville, 60; Knoxville, 80; Lynchburg, 34; Memphis, 33; Mobile, 55; Montgomery, 40; Nashville, 31; New Orleans, 59; New York 24; Norfolk, 38; Pittsburg, 24; Savannah, 58; St. Louis, 37; Washington, 32; Wilmington, 47.

To Measure Land.
To aid farmers in arriving at accuracy in estimating the amount of land in different fields under cultivation, the following table is given by an agricultural paper:

5 yards wide by 963 yards long contain 1 acre.
10 yards wide by 484 yards long contain 1 acre.
20 yards wide by 242 yards long contain 1 acre.
40 yards wide by 121 yards long contain 1 acre.
80 yards wide by 60½ yards long contain 1 acre.
70 yards wide by 69½ yards long contain 1 acre.
60 feet wide by 726 feet long contain 1 acre.
110 feet wide by 369 feet long contain 1 acre.
120 feet wide by 363 feet long contain 1 acre.
220 feet wide by 198 feet long contain 1 acre.
240 feet wide by 181½ feet long contain 1 acre.
440 feet wide by 99 feet long contain 1 acre.

Loss of the Dixie.
The little steamer *Dixie* which sailed (or rather steamed) hence for New York on last Wednesday morning, has been beached near Beaufort, and will probably prove a total loss. The only information relative to the matter received here is through a dispatch, from Capt. George Sullivan, to Mr. Jos. H. Neff of this city, which is dated yesterday at Beaufort and which simply says that the *Dixie* broke down and was beached 11 miles West of Beaufort bar. The *Dixie* has been used for years past by Mr. O. G. Parsley Jr. on the line between this city and Smithville, but having been exchanged for the steamer *J. S. Underhill*, now on that line was at the time of her loss owned by Mr. J. K. Fairbanks, of New York. She registered but 13,160 tons and originally cost about \$6,000 although her value when she was last in this port was not above \$2,500. She is probably uninsured.

Legislative Locals.
In the General Assembly, on Saturday last, the bill for the better government of the city of Wilmington came over from the House and upon motion of Mr. Short, the Senate concurred in the House amendments.

House amendments to Senate bill to provide for the weighing of cattle in Wilmington, and to provide for the repairs of the quarantine hospital, at Smithville, were taken up and, on motion of Mr. Bennett, the Senate concurred.

A message was received from the House announcing that it had refused to concur in the Senate amendments to the bill to locate a permanent seat of justice for Pender county, and asking for a committee of conference.

Mr. Stickney moved that the Senate recede, and asked for the yeas and nays, which were ordered, and the Senate refused to recede.

In the house the bill to authorize the commissioners of New Hanover county to levy a special tax, was taken up and passed its third reading.

The Senate amendments to the bill in regard to the county-seat of Pender county, were taken up and the House refused to concur.
Bill to authorize New Hanover county to fund its floating debt, was taken up in the house and passed its third reading by a vote of, yeas 81, nays 0.
Bill to incorporate the Wilmington Press Company, was taken up in the house and passed its several readings.

Knights of Honor.
On the evening of the 27th of January last a lodge of Knights of Honor was established in this city, and since that time has nearly doubled its membership. One or two applications for membership are before the lodge at every meeting, and the lodge is now in a flourishing condition. We understand the regalia for the order has been shipped and is daily expected to come. The lodge meets to-night as will be seen by reference to our advertising columns.
