THE DAILY REVIEW.

VOL. 2. WILMINGTON, N. C., TUESDAY, MARCH 6, 1877. NO. 39.

PLEASE NOTICE
We will be glad to receive communications
from our friends on any and all subjects of
general interest but:
The name of the writer must always be
furnished to the Editor.
Communications must be written only on
one side of the paper.
Personalities must be avoided.
And it is especially and particularly under-
stood that the editor does not always endorse
the views of correspondents, unless so stated
in the editorial columns.

MR. HAYES IS PRESIDENT.
R. B. Hayes and W. A. Wheeler were
yesterday inaugurated as President and
Vice President of the United States.

Mr. Hayes' Inaugural Address, which
was received by telegraph last night, is
what we have no hesitation in pronoun-
cing an excellent thing and if he only lives
up to the programme mentioned there he
may yet gain the approval of the people
of the whole country as well as of his party
adherents. But promises are valueless
until put to the test and it yet remains to
be seen whether Mr. Hayes will carry out
his good intentions or whether he will fall
back into the arms of those who oppressed
the people of the South during the eight
years of Grant's Administration.

Commissioner's Court.
Mr. George Butler, of Point Caswell,
Pender county, was arraigned before
Commissioner Cassiday this morning on
the charge of selling liquor without a li-
cense, in violation of section 3,244 of the
Revised Statutes. He was found not guilty
and discharged.

Wonderful Success.
It is reported that Boschee's German
Syrup has, since its introduction in the
United States, reached the immense sale
of 40,000 dozen per year. Over 6,000
Druggists have ordered this medicine
direct from the factory, at Woodbury, N.
J., and not one has reported a single fail-
ure, but every letter speaks of its aston-
ishing success in curing severe Coughs,
Colds settled on the Breast, Consumption,
or any disease of the Throat and Lungs.
We advise any person that has any pre-
disposition to weak Lungs, to go to their
Druggists—and get this Medicine, or in-
quire about it. Regular size, 75 cents.
Sample Bottle, 10 cents. Two doses will
relieve any case. Don't neglect your
cough.

Deputy Marshals.
Dr. W. H. Peterson, of this county, has
been appointed a Deputy U. S. Marshal
for the counties of Pender, Onslow, Duplin
and Sampson. Mr. J. N. VanSoelen re-
mains Deputy Marshal for the District
and will continue, as heretofore, to operate
in all of the counties of the District, in-
cluding those for which Dr. Peterson has
just been appointed specially.

Going on the Stage.
Mr. James M. Brown, of this city,
left here this morning for New Orleans,
at which point he will take the stage as
one of the world renowned *Haverly* Min-
strels, who it will be remembered, gave
such a delightful entertainment here not
long since. Mr. Brown is a young gen-
tleman of decided musical abilities, and
we believe also considerable histrionic
powers, and we should be glad to hear of
his success in the new life on which he
has embarked.

Registration and Polling Places.
Elsewhere in these columns we publish
a diagram of the new ward limits of the
city, and below we give the names of the
Registrars and Inspectors and the Polling
Places as specified in the act.

First Ward—Upper Division.—L. J.
Thornton, Registrar. O. A. Wiggins, Jesse
Ives, Whiteman Wilson and C. H. Thomas,

Howe and John H. Waddell, Inspectors.
Polling Place Store, of Isaac N. Sharpe,
on Queen, between Fourth and Fifth streets.

Democratic Meeting Last Night.
Pursuant to the notice published in our
last, a meeting of Democratic voters of
this city was held at the Court House last
night.

Col. W. L. Smith was called to the
chair and Mr. S. H. Fishplate made Sec-
retary.

Mr. C. H. Robinson, Chairman of the
City Executive Committee, stated the ob-
ject of the meeting, after which the follow-
ing resolution, offered by Capt. S. W.
Vick, was, after considerable discussion,
adopted:

Resolved, That the Democratic party of
the city of Wilmington desire the establish-
ment of a Criminal Court for the county
of New Hanover, and in order to secure
the services of a competent and suitable
Judge for the same, that we believe that
his salary should be fixed at a sum not
less than \$2,500 per annum. That we
earnestly request and ask the members of
the House of Representatives to pass the
bill, which has already received the sanc-
tion of the honorable Senate, establishing
the Criminal Court of New Hanover
county.

It was decided by the meeting that the
bill now pending before the Legislature in
regard to the appointment of a Health
Officer for the city be amended, as follows:
That the Mayor and Board of Aldermen
be empowered to appoint such an officer,
if deemed necessary, and that his salary
be fixed by law, as provided for other
county officers, not to exceed six hundred
dollars.

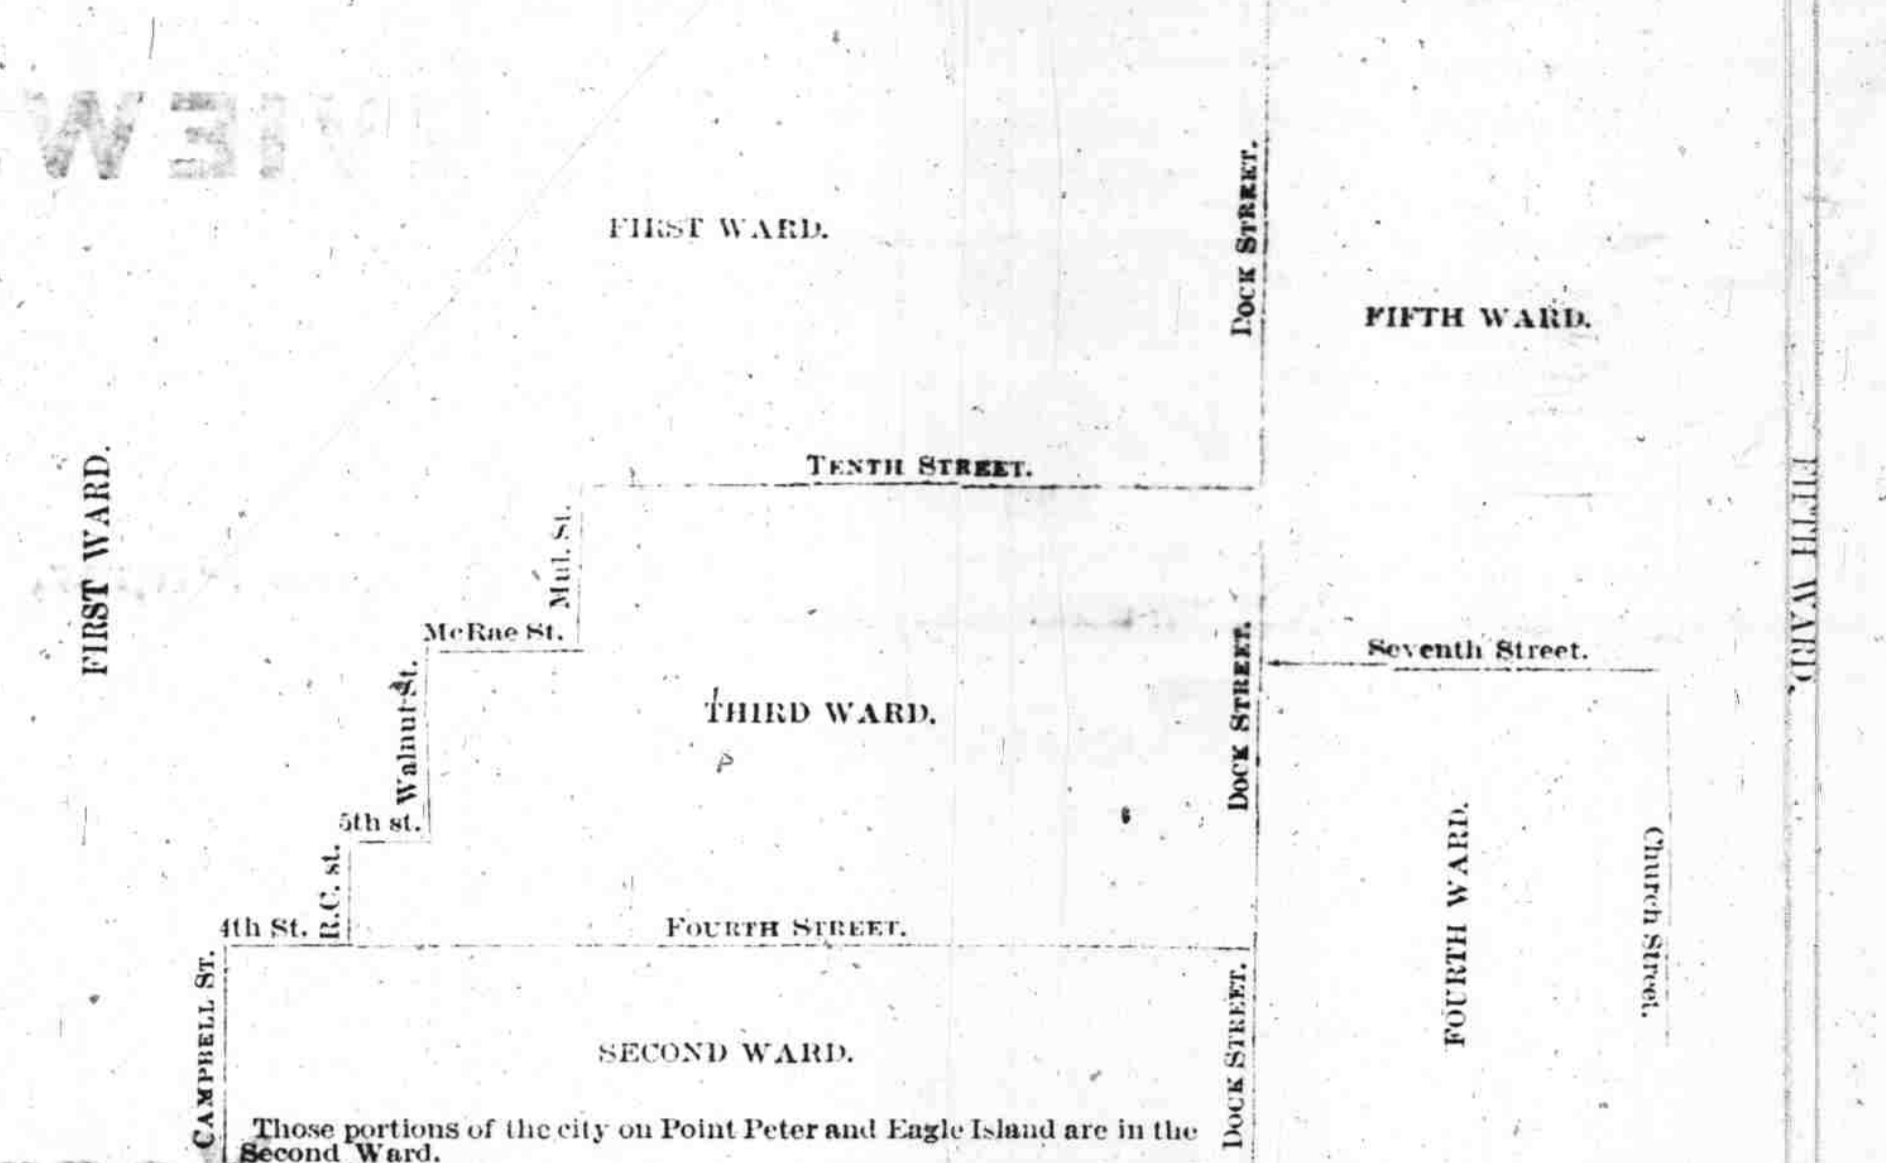

It was recommended that the city lim-
its be not contracted.

The thanks of the meeting were tendered
Messrs. V. V. Richardson, H. B. Short,
W. C. Troy, N. H. Fennell and other
members of the General Assembly, for their
services in behalf of the county and city.

The Chairman of the meeting and the
Chairman of the Democratic Central
Committee, were authorized to telegraph
to the Messrs. V. V. Richardson, W. C.
Troy, H. B. Short and N. H. Fennell, the
contents of the foregoing resolutions.

The several wards of the city were ad-
vised to nominate candidates for Alder-
men at an early day, in accordance with
the bill lately passed by the Legislature.
The meeting then adjourned.

NEW WARD LIMITS OF THE CITY OF WILMINGTON.

Board of County Commissioners.
The regular monthly meeting of the
Board of County Commissioners was held
yesterday afternoon, commencing at 4
o'clock, present the Chairman, Mr. Wagn-
er, and Commissioners Worth, Grainger,
Holmes and Nixon.

The Chairman, with the Committee on
Public Buildings, was authorized to have
the necessary repairs made to the wall in
the jail yard.

It was ordered that Sheriff Manning be
allowed 35 cents each for feeding the pris-
oners in the county jail, dating back from
the 1st of January, 1877.

Report of Elijah Hewlett, County Treas-
urer, was received and ordered spread on
the minutes and put on file.

Report of Committee on Poor was re-
ceived and ordered spread on the minutes
and put on file.

Application of James Keegan, for license
to retail spirituous liquors, was granted.

The township claims of Jeremiah Hew-
lett, Constable of Harnett Township, was
referred to the next meeting of the Board.

Ordered that the Chairman of the Board
examine the claims of parties against the
School Committee, and, if found correct,
to approve the same.

Ordered that the Clerk of the Board be
instructed to notify the County Attorney of
each and every meeting of the Board and
request his presence at the same.

The Board went into an election of a
Board of School Examiners (for teachers),
for the county of New Hanover, whereup-
on the following persons were put in nomi-
nation and elected by acclamation, viz.:
A. R. Black, Eustice E. Green and Mrs.
Flora M. Wise.

Ordered that H. E. Scott be allowed
\$100 for the Hospital building on the
Poor House grounds, subject to his accept-
ance or refusal.

The Finance committee was authorized
by resolution of the Board to make ar-
rangements with the different banks of the
city to cash at par the orders issued on
the Treasurer during the current year,
the understanding to be that the banks
cashing them shall be paid out of the first
taxes collected, and to be paid such rates
of interest, monthly on the aggregate
amount of vouchers cashed as many be
agreed on by the Finance committee.

On motion, the Board adjourned, sub-
ject to the call of the Chairman.

Hand Crushed.
We regret to learn that Mr. Chas. A.
Price had his hand caught yesterday
afternoon in a Liberty press which he was
working. No bones are broken, however,
and we hope that he will be all right again
in a day or two.

The Missing Gun.
It is in order to state now that that
gun, over which the souls of the black
brethren were so much exercised yester-
day, and which they thought had been
hidden by the Democrats to prevent their
using it, is now at Shoe Heel where it has
been for many months. Thus the mystery
of its disappearance is accounted for.

Colored and Crazy.
A colored woman by the name of Ma-
ria Wortham, who is undoubtedly crazy,
was taken up yesterday afternoon near
the foot of Red Cross street and conveyed
to the guard house. She stated that she
was from Sumter, S. C., and that her
friends and relatives were there, and she
was therefore turned over this morning to
U. S. Commissioner VanAmringe who
will send her to her home in Sumter.

Historical and Scientific Society.
At the regular meeting of the Historical
and Scientific Society, held last evening
in the Lecture Room of the First Presby-
terian Church, the event of the evening
was a historical contribution from Mr.
Frederick Kidder, of Boston, by request
of the Society, on the "SETTLEMENTS ON
ROANOKE ISLAND."

The story of the first attempt to colonize
America upon Roanoke Island, awakens
in the mind of every lover of American
history a feeling of the profoundest inter-
est. It calls up Raleigh and many other
men of distinction—men who made their
mark in the world's history, and made the
Elizabethan era glorious. It must have
been a picture bordering on the romantic,
to have seen the aboriginal Indians in
their gaudy trappings, and the English
noblemen in their conspicuously gay
costumes, mingling together in amicable in-
tercourse in the primal forests of a new
world. But there is a dark side to this
picture—two English colonies perished on
this island, and perhaps it would be bet-
ter not to lift the curtain from so dark a
scene.

In 1578 Sir Humphrey Gilbert got the
first charter from the Crown, which em-
braced an almost boundless territory, and
Sir Walter Raleigh set about a scheme for
planting a colony, which failed, as like-
wise the expedition in 1583, in which Sir
Humphrey perished at Sea. Raleigh was
fitted by his experience as a soldier in
France for so arduous an undertaking.
Early in 1584 he was enabled by his en-
ergy to get under way two barques, and
sailing by the way of the Canaries and
West India islands they entered the first
inlet, its actual site being now in great
dispute, but Mr. Kidder believed it was
Hatteras Inlet. The colonists took pos-
session of the island in the name of the
Queen. Here was abundance of game,
fine cedar trees, and what attracted the
adventurers most, an abundance of wild
grape. The Indians met the Englishmen
in a friendly manner, offering boat loads
of fish, and they in exchange gave them
such trinkets as they fancied. What
pleased the Indian king most was a bur-
nished tin plate, which he suspended
around his neck as an amulet, prizing it
most highly, as it would ward off the ar-
rows of his enemies. The pearls of which
the colonists spoke with so much admi-
ration were nothing more than the shells
found upon the beach, being without value.
The country must have been a very para-
dise for the Indians. The climate was
good, the waters yielding abundance of
fish, game abounding in the forest and
the crops of maize, of which they were
said to raise several a year, and the melons
supplied their wants. This colony only
remained sixty days, and on their return
carried two Indians. The return of Armi-
das and Barlow created great excitement
in England, and hundreds of adventurers
were ready to join in a new expedition to
the land of gold and pearls. Merchants
and noblemen were ready to furnish the
means to further the enterprise. But dis-
banded soldiers and gentlemen of leisure
proved not to be the right material to
found a colony.

In the new expedition there were seven
vessels, some of them very small, in which
perhaps only the most foolhardy adven-
turers would in our day risk a voyage
across the Atlantic. Many men of note
were in this expedition; Richard Green-
ville, a cousin of Raleigh and Ralph Lane.

Why the word Roanoke was substi-
tuted for Moratic does not appear clear
from history. Mr. Kidder believes that
it was of purely accidental or sudden
origin. In his conversations with the
Tuscaroras, now settled near Niagara
Falls, but once the most powerful tribe in
Eastern North Carolina; the word Roanoke
was not known to them; they apply the
word Moratic, which is without doubt the
original one.

The unfair dealings of the white men
with the Indians, the same story which
has filled the pages of history down to this
time, caused the Indians to turn against
the white intruders, and they were then
cut off from their supplies of corn and
vegetables. Lane killed a chief and sev-
eral other Indians, and captured some;
this added fuel to the fury of the Indians,
and the colonist were eagerly watching
now for the squadron of Sir Francis
Drake. It came, anchored off Roanoke,
probably Nagg's Head, and left provisions.
On the 19th of June, 1586, the
whole colony of whom not a single mem-
ber had died, embarked for home and arrived
there safely.

In Harriot's work ("published by De Bry
anno domini 1590) may be found some
of the curious things mentioned by Mr.
Kidder. He had drawn largely from the
work, and has a copy which he would
presently exhibit to the Society. His
work was illustrated by Mr. Jno. White,
artist, in such an admirable way as to
make it worthy of perusal, but at the same
time the authenticity of the drawings as
delineations from nature are now seriously
doubted. Doubtless the aborigines of
this section were farther advanced in
civilization than those from the North.
Harriot gives an account of the tobacco
plant, but adds that the nations had the
good taste not to chew it. The opinion (?)
which Mr. K. thought might be our pen-
ument. (Evidently a mistake, because the
importation of the peanut was of compar-
atively recent date—EDITOR) There was
also a very large bulbous tuber, as large
as the head, which the lecturer thought
might be the *tuber*, a tuber since much
esteemed by the past generation.
By far the more important discovery
was that of the potato, more known as
Irish potato. Botanists think that as this
tuber has not been found since the wild
state, that this is a mistake.
(CONCLUDED TO-MORROW.)

ho flotilla barely escaped wreck on Cape
Fear shoals, arriving at their destination
the 3d of July. One hundred and seven
persons composed the colony, and among
them were Gov. Amidas, and Harriot the
historian, and White the artist. In this
expedition they heard of a country to the
North abounding in the precious metal,
and were desirous of visiting it. Allured
by these stories of gold, various
expeditions were begun, ending in disap-
pointment and almost starvation before
they could rejoin the main body. The
father they penetrated the forests in quest
of gold, the farther did this Eldorado seem
from them.

Why the word Roanoke was substi-
tuted for Moratic does not appear clear
