We call attention to the advertisement of Dr. R. P. Bessent.

Nor barque *Medelpad*, Ohlsen, from this port, arrived at London yesterday with the loss of sails, main and mizzen topmasts and broken yards, the result of a collision.

The talk about blue glass has had the effect of sending tramps about the country peddling blue glass spectacles, with forged certificates from distinguished physicians. Farmers should beware of spoiling their eyes.

A traveler stepped off the W. C. & A. train this morning and asked a boy: "Sonny, what is the quickest way to get to the Central depot?" "Run," he answered, and set the example by getting out of the way pretty fast.

The name of the postoffice at Beaver Dam, on the C. C. R. W., has been changed to Griffinville, and Col. Brink received a letter yesterday from His Honor, Mayor Griffin, of Griffinville, notifying him of the change.

If a Michigan man is a Michigander, then a Wisconsin man is a Wisconsiner, is he not? and a Rhode Island man a Rhode Islandron? and the Vermont man a Vermontrosity? and his southern neighbor a Connecticuter? and so on, ad lib.

Four persons were arraigned before Justice Gardner this morning charged with gambling in a place where spirituous liquors are sold. The case was continued as one of the witnesses was out of the city.

Second and Third Wards.
A meeting of the Democratic voters of the Second Ward will be held this evening in the Hall over Munds' drug store, on Third street, and Third Ward Democrats will meet at the same place to-morrow evening to nominate or to consider the nomination of candidates for Aldermen from these wards.

Fourth Ward Nominations.
There was a large attendance at the meeting of the Democratic voters of the Fourth ward, held last night for the purpose of taking into consideration the nomination of Aldermen for that ward. Many of those present were in favor of postponing a final nomination until next Tuesday night, but it was finally concluded to take action at once, and Col. W. L. Delosset and O. G. Parsley, Jr. were nominated.

Fraud.
Young Smith, the billiardist, who made such a terrible failure on Tuesday night in performing the shots he professed to have been able to make, did not play with his "partner" last night as he announced he would do. The fact of the matter is Smith took a hasty departure from the city, leaving his board bill unpaid and a host of friends to mourn his untimely departure. In our opinion Smith was a fraud of the first water, and by his gentlemanly manners and bearing deceived many as to his real character.

The Choice of Magistrates.
The committee of the Legislature was busy all yesterday preparing the list of the names of persons to be submitted to the General Assembly to be voted upon for magistrates. It transpired that the committee will recommend one-third of the magistrates Republican for the Republican counties of the State and indignant protests have already come up by telegraph from the Democrats of some of the eastern counties. To-morrow, 12 o'clock, has been fixed as the time when the General Assembly will vote upon the recommendations of the committee.—*Raleigh News*, yesterday.

New Spring Stock.
Mr. A. David, the popular clothier on Market street, is now opening his Spring stock of gent's and youth's clothing and furnishing goods. The styles this Spring are very handsome, consisting almost entirely of stripes of subdued colors. Sack coats are generally worn for business and the pants are made full. Mr. David has everything desirable of the newest and nicest, from full suits for boys of 2½ years up to the largest men. He has also an elegant assortment of bows, ties, hosiery goods, &c., which only need to be seen to be appreciated. We invite attention to his advertisement, which appears elsewhere in this issue.

Some Suggestions.
It is the earnest wish of many cool headed people in this city that the various wards will not rush hastily into nominations, but will give the matter the benefit of as careful a consideration as may be. Mr. Robinson, Chairman of the City Executive Committee, has advised that these nominations be made next Tuesday night and that it is, beyond doubt, early enough. It is well enough for the Democrats in the various wards to meet in Convention some evening this week and caucus over the matter, but there is no earthly necessity for making the nominations at once. Let the remainder of this week be devoted to a careful consideration of the names which may be suggested and then let the nominations be made next Tuesday night. And let every man who goes into a nominating convention make up his mind beforehand that he will abide by the issue, honestly and squarely, no matter what the result may be. This, and this alone, can ensure the success of the party at the polls.

In this age of education and general intelligence the household is hardly complete without a Cornish & Co. Piano or Organ. Read the advertisement in another column, and then send for illustrated catalogue and price list.

Dispatch to Raleigh.
The following is a literal copy of a dispatch sent to Raleigh yesterday, relative to the appointment of magistrates, from a number of gentlemen in this city. It is hardly necessary to add that it met with universal endorsement:

Democrats here refuse compromise. Appoint Republicans and lose our support. The result would indicate that the dispatch has had a salutary effect.

Our Magistrates Appointed.
Dispatches received here this afternoon state that the Legislature has "receded" on the position assumed by it of appointing some of the Magistrates for this county from the Republican ranks. First they wanted to stuff ten Radicals down our throats, then five and then four, but the nauseous dose would not down at their bidding and now, as we have said, they have "receded" and given us but one. The appointments were made this morning and all of the Magistrates from New Hanover are Democrats but one, that one being, we understand, E. H. McQuigg, Esq., and he, although a Republican, cannot fairly be called a Radical.

We had telegraphed to Raleigh for a special with the names of the Magistrates appointed, but, although our paper was held open until the last possible moment, no reply, strange to say, was received.

Go and Register.
Democratic voters in this city are urged to go forward and register. The time is short, but two weeks to the day of election, and it is not wise to postpone the matter too long. The Registrars are at their posts, and complain of the apathy of the people. One of them, Mr. C. W. Oldham, in the Fourth ward, writes to us: "Two days experience as Registrar in the Fourth ward has convinced me that our people do not consider that it is necessary for all to re-register. This is the point; a new registration is absolutely necessary for all, and no man can vote on the 22nd, who has not registered his name since the present Registrars took possession of the books."

The Thermometer.
From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:

Augusta, 51; Charleston, 59; Cincinnati, 49; Jacksonville, 58; Knoxville, 42; Lynchburg, 47; Memphis, 60; Mobile, 63; Montgomery, 57; Nashville, 54; New Orleans, 69; New York 57; Norfolk, 53; Pittsburg, 45; Savannah, 58; St. Louis, 33; Washington, 46; Wilmington, 58.

EDITOR REVIEW.—We respectfully recommend for Aldermen of the Second Ward the names of C. D. Myers and W. N. Bowden, gentlemen well worthy and qualified for the position.

MANY VOTERS.
EDITOR REVIEW.—We respectfully recommend to the voters of the Third ward the name of Thomas D. Mears for Alderman, a gentleman well worthy and qualified for the office, who if elected would discharge the duty incumbent upon him, honestly and faithfully, without favor, fear or partiality.

Think a Little.
ED. REVIEW.—There should be a diversity of interests and feelings represented in our City Government by the persons chosen to administer it, upon the same principle that actuates any two or three good men of any political organization to agree generally, but at times to disagree upon various matters intended to affect the good of all around. In justice, or at least in kindness let it be done. Mystic associations have their prejudices or friendly biases; religious associations have theirs; foreign born associations have theirs; and when these biases, known and felt as they everywhere are, are used in ways honorable, in the name of charity and fairness let them rather be encouraged than ignored; for in ignoring them in their purity indiscretions may arise in so doing which may force reciprocal prejudices amounting to conflicts injurious alike to all.

FAIR PLAY.
It is reported that Boscche's German Syrup has, since its introduction in the United States, reached the immense sale of 40,000 dozen per year. Over 6,000 Druggists have ordered this medicine direct from the Factory, at Woodbury, N. J., and not one has reported a single failure, but every letter speaks of its astonishing success in curing severe Coughs, Colds settled on the Breast, Consumption, or any disease of the Throat and Lungs. We advise any person that has any predisposition to weak Lungs, to go to their Druggists—and get this Medicine, or inquire about it. Regular size, 75 cents. Sample Bottle, 10 cents. Two doses will relieve any case. Don't neglect your cough.

EDITOR REVIEW.—I notice a communication in your yesterday's issue suggesting my name for nomination for Alderman from the Third Ward.

Permit me to say that I neither desire nor will accept nomination, believing that there are too many men from whom a choice can be made, who, by reason of extended business experience, mature judgment, and better qualification are able to fill this office with far greater satisfaction to the people than I possibly could.
