H.) dispatch says unofficial returns defeat Jones, (Dem) by twenty-five plurality. — A St. John, N. The Wilson Express says: On last Friday night the gin house of Col. B. B. Barron, who lives in Edgecombe, near Temperance Hall, was entirely destroyed by fire, together with 3 bales of cotton and about 2,000 bushels of cotton seed. The origin of the fire is unknown, but it is supposed to have been the work of an incendiary. Col. Barron's loss is at least \$2,500 on which we learn there was no insurance.
The Fayetteville Week Advocate says: On Sunday morning last Mr. Jno. D. Williams' horse became frightened just opposite the Methodist church, and ran down Hay street to the store, and on entering the back yard the wheel struck the gate-post, upsetting the buggy and throwing Mr. Williams out, dragging him some distance under the buggy. He received a severe laceration on the head, and his wounds are not considered serious. The buggy was completely demolished.
The Goldsboro Messenger says: The Governor is just in receipt of a letter from some colored men in Burke county, asking him to assist them in colonizing themselves. We learn from the News that the Governor responded, giving them some most excellent advice. He told them that he did not want to see them leave this country. He advised them to give up all such ideas as colonizing, and to stop listening to the lies of designing politicians, to cultivate amicable relations with their old masters, their natural friends, and to make up their minds to live here in peace and harmony.

"Good Wine Needs no Blush."

Neither does DOOLEY'S BAKING POWDER, matchless for all kinds of bread and pastry. The purest cream tartar made from grape juice is used in its composition. And each can is exactly full weight. It's not merely a question of economy in purchase, however. The products in which it is used are most healthy and delicious.

Cool, clear and pleasant to-day.

The Anniversary Ball of Orion Lodge No. 67, I. O. O. F., will take place on the 26th of April.

A meeting of the Fifth Ward Democratic Club will be held at the Free Will Baptist Church, corner Fourth and Dawson streets, this evening, which every member is expected to attend.

J. N. VanSoelen and Geo. E. Berden were nominated as candidates for Aldermen from the Second Ward at a meeting held last night. They stand the best chance in the world of not being elected.

Schr Katis Mitchell, from New York for this port, encountered a gale off Cape Lookout on the 9th inst, started cutwater, lifted bowsprit and sustained other injuries, and put into Norfolk 14th inst with two feet water in her hold. She will discharge and receive necessary repairs before proceeding.

A New Road.

A new road to Barnum's Creek, which is to commence near Col. T. C. McHenry's mill, just below the city limits, was laid off yesterday. The jury had a good time of it, returning here last night after a tramp of 14 miles through bush, brake and briar.

The Murderer.

David Martin, who was convicted of the murder of Willie Carter, and whose sentence of death was commuted to confinement in the penitentiary for life, and who was subsequently pardoned by his accident, Curtiz H., was tried at the Columbus term of the Superior Court which convened at Whiteville yesterday, for the larceny of a pistol.

Wrecked on Lookout Shoals.

The Signal Service observer at Cape Lookout reports as follows:
The Norwegian bark Tonsbergus, Captain Jacobsen, with a cargo of salt, bound from Liverpool to Baltimore, went aground on Lookout Shoal at four o'clock p. m. on the 12th inst. The crew attempted at one o'clock a. m. on the 13th to leave the wreck in three boats, two of which were capsized, and six out of a crew of thirteen drowned. The vessel is about twelve miles from the beach, and will certainly go to pieces. The Tonsbergus was an oak-built vessel of 425 tons register, built at Porsgrund, Norway, in 1867, and owned in Tonsberg.

Have you registered yet? and if not why not?

Radical Rumpus.

A meeting was held in the First Ward last night by a number of those who feel disgruntled at the result of the recent convention held there which nominated F. W. Foster, and James Lowrey, (col.) for Aldermen. James Heaton, and Duncan Holmes were the speakers, both of whom will probably run in opposition to the other nominees.

Good Advice.

The following good advice we find in a Democratic cotemporary, and we think it proper to give it a local application: "The question of the Presidency it now settled. Whether satisfactory or not, it is settled. Now let every body go to work. If there is any business in the country let's have it. There's no use holding back waiting for something else to happen. Let us all fall to work and get up that "Revival of Trade."

Leslie's Centennial Register.

From Mr. Leslie, the publisher, we have received nine of the ten numbers which go to make up the volume of his beautiful "Illustrated Historical Register of the Centennial Exposition of 1876." It is one of the handsomest, if not the handsomest publication ever produced in this country. It presents a complete record of the display made at the great national exposition and the elegant and profuse illustrations to be found on every page, together with the descriptions which accompany them, will be found of deep interest to those who visited Philadelphia last Summer, as well as to those who did not. In addition to the interest which attaches to the publication on its own merits, Mr. Leslie also proposes to distribute among the subscribers to it over 1,000,000 articles of foreign manufacture, exhibited at the Centennial, full particulars of which may be had on application to Mr. Leslie.

Accident to a Route Agent.

A very painful and peculiar accident occurred to a well-known colored man by the name of Joseph Hostler, a route agent on the Wilmington & Weldon R. R., at Toisnot yesterday. At 2 o'clock, as the Northern bound train was passing that point, Hostler attempted to catch the mail bag suspended to the crane at that place and in doing so was precipitated from the car. The train was running at the time at the usual fast speed of the new schedule, say about 28 or 30 miles an hour, and the momentum was such that after he struck the ground he was carried a distance of perhaps thirty feet before he could stop himself, making a furrow in the ground for the entire distance of several inches in depth. It was thought that he was killed and as soon as the train could be stopped and backed he was taken up and carried on board, when it was found that his left shoulder was badly bruised, but that no other injuries were sustained unless there were some internal hurts. He was taken on to Weldon and placed under surgical treatment and last night telegraphed here that he was "all right." His escape from instant death was truly marvelous.

Last Night's Fire.

The fire alarm which was sounded about 7 o'clock last evening, was caused by the burning of a quantity of rosin, crude turpentine and spirits, a distillery and a naval store shed on the West side of the river, opposite the foot of Queen street, the property of Mr. C. W. McClammy. The fire was first discovered on the shed of the still, but owing to the absence of available assistance and the light wind, which was from the South West, the fire spread rapidly, destroying between 3,000 and 4,000 barrels of rosin, about 400 barrels of turpentine and 80 casks of spirits. The Fifth Ward Bucket Company crossed the river in a flat from the foot of Queen street, and was of valuable assistance in saving about 100 barrels spirits, which was rolled into a timber pen near at hand. Mr. McClammy had insurance for \$5,000 on the yard and merchandise in the E. Na, North America and Underwriters Agency, represented by Mr. Thos. C. DeRosset, but still his loss, exclusive of this, will amount to about \$5,000. A valuable wharf, the property of Messrs. Northrop & Cumming, was destroyed, but we could not learn the amount of their loss.

In this age of education and general intelligence, the household is hardly complete without a Cornish & Co. Piano or Organ. Read the advertisement in another column, and then send for illustrated catalogue and price list.

Blue Glass.

Blue glass is advertised both in Richmond and Petersburg, and invalids have an opportunity to test the alleged wonderful remedial powers of the blue light. The instances recorded of immediate and permanent benefit or cure are said to be many, and some of them very remarkable. It is about time for some Wilmington dealer to come to the front.

Terrible Accident.

A young colored man whose name we could not learn, was run over late yesterday afternoon, near Boney bridge by the yard engine at the depot and instantly killed. He was from Duplin county, and had come here on a raft, and was on his way home at the time, with his father. It seems that he had made a mistake and taken the wrong train at the depot and jumped off at Boney bridge and stumbled and fell on an adjoining track just as the yard engine passed, which was going very slowly at the time, and the engineer of which did not see him until after he was struck. The unfortunate man's head was severed from the body and both arms were broken.

Cut this Out—It May Save Your Life

There is no person living but what suffers more or less with Lung Disease, Coughs, Colds or Consumption, yet some would die rather than pay 75 cents for a bottle of medicine that would cure them. Dr. A. Boesche's German Syrup has lately been introduced in this country from Germany, and its wondrous cure astonish every one that tries it. If you doubt what we say in print, cut this out and take it to your Druggist, and get a sample bottle for 10 cents and try it, or a regular size for 75 cents.
