W. J. BUHMANN, Broker - Imported Mineral Water.
OPERA HOUSE - Rabbi Ed. B. M. Browne, Two Celebrated Lectures.
S. JEWETT - The Steward.

Several picnic parties are on the tapis. Round capes will take the place of Dolmans. Low waists will be one of the cool-summer modes. Trailing skirts are more lengthy than last season. Necklaces made of rich laces are worn over dark dresses. The old-fashioned color known as peach bloom has been revived. Several of the young trees set out on Market street recently, are budding out. The fashionable feminine shoe comes several inches above the ankle. Yes - yes we suppose so. Courage, girls! Norma, the daughter of Enoch, was five hundred and sixty years old when she was married. The earth is like a big Newfoundland dog. When it comes out of the water of spring it shakes itself and gets up and dusts. The railroad companies have a flag man at the "old depot" on Nutt street, to warn draymen and others of the coming of the train. The various military organizations are taking advantage of the beautiful moonlight night and their "hep," "hep," can be heard every night. Workmen were engaged yesterday in taking up the old gas lamp at the corner of Fourth and Chesnut streets, and replacing it with a new and improved one. The air in the vicinity of 3rd and Red Cross streets is redolent with the perfumes of a defunct cat, whose remains have neither been cremated or encased in the middle of a block of ice. Messrs. J. B. Taylor, S. H. Fisublate and W. C. Farrow, the Committee have our thanks for an invitation to attend the Anniversary Ball of Orion Lodge No. 67, I. O. O. F. to be given at Meguinney's Hall to-morrow night. At the request of many who were present at the soiree given in the City Hall last week, under the direction of Prof. Agostini, the very enjoyable, and highly creditable entertainment will be repeated at an early date. Cockroaches will flee the paint which has been washed in cool alum water. Sugar barrels and boxes can be freed from ants by drawing a chalk mark just around the edge of the top of them. The mark must be unbroken, or they will creep over it; but a continuous chalk mark, half an inch in width, will set their deprecations at naught. For the benefit of those living in the country we would state these facts: DOOLEY'S YEAST POWDER is manufactured from the purest known ingredients among them cream-tartar made expressly from grape juice. It acts like a charm in all articles of food made from flour.

The sweet, timid grass is coming up through the gray landscape, and, with the baby fingers of spring, is feeling for crows teeth. The Steamship *Raleigh*, Capt. Oliver, of the Baltimore and Wilmington Steamship line, made the trip from Baltimore to this port in fifty-one hours. This means from dock to dock and is the quickest on record. The April term of Superior Court, His Honor Judge Seymour, presiding, convened this morning at 10 o'clock. The forenoon was taken up in going over and arranging the calendar, after which a recess was taken until 3 o'clock. We have heard of no burglaries in some time. The breaking up of the camp, above the city, and the conviction of several of the thieves who were captured has seemed to have a very soothing influence over the brigade of light fingered gentry which was on the war path some time ago. The gentlemen composing the Postal Commission together with the ladies of the party, and also a committee of gentlemen from the Produce Exchange, have all posted off to the sound for a day's enjoyment. On their return to-night they will doubtless trip the light fantastic at the ball at the Opera House.

Unavailable Letters.
The following are the unavailable letters remaining in the city postoffice:
Miss Matilda E. Clark, Hertford county, N. C.; Judlia Moore, care Edward Full; W. H. Owens, Saratoga P. O., via Wilson, N. C.

Paving the Street
Workmen have been engaged for the past ten days in paving Red Cross street between Front and Nutt streets, and have it nearly completed. This is an improvement in the right direction, and we should like to see the good work pushed vigorously, on some other streets which are equally disgraceful looking.

The Cape Fear Artillery.
This company meets to-night, for the purpose of taking a fresh start in the direction of recruiting its ranks, and also to take some action in regard to the reception of the Battery of four 3 inch steel rifle guns that are to be shipped from Washington to the latter part of this week, or the first of next. Capt. Flanner expects his battery about the 1st of May, and also expects to use them on the occasion of the tenth of May, Memorial Day.

Fact.
The Postal statistics shows the Atlantic Coast Line has made more connections for the past twelve months, than either of the other routes carrying the fast through mails to New Orleans. The route from Washington city to New Orleans, is a little longer by the Coast Line, but passengers by this route would reach New Orleans as soon as by the other. It is an old established line and its tracks and appointments can not be beaten in the Southern country. Another fact in favor of the line is that it can show a cleaner record in regards to accident, than either of the other routes to the South.

The Postal Commission.
The members of the Postal Commission who are here now, the names of whom were given in full in our yesterday's issue, met in the Library Hall this morning with the various representative of the Chamber of Commerce, Produce Exchange Board of Trade, City of Wilmington, and Board of Underwriters. Mr. VanBokklen, President of the Chamber of Commerce, introduced Mr. Hubbard, the Chairman of the Commission, who spoke for about thirty minutes, giving a sketch of the labor of the Commission, the needs of the postal system and of the advantages which had been derived from fast mail communication between various points in this country, &c. Speeches were made by all the members of the Commission, and also by President Bridgers and Congressman Waddell, all of which we are compelled to forego the publication of owing to the lateness of the hour at which we received the report. Through the courtesy of Mr. Edw. Thorpe, Phonographer and Private Secretary to Hon. R. R. Bridgers, we have been furnished with a very full and complete report of the proceedings, and but for the very lateness of the hour would have given them in full. After passing a resolution offered by Mr. Jacobs, for the appointment of a committee of our citizens, the meeting adjourned.

The Ill-Fated Pilot Boat Mary K. Sprunt Found Sunk in Twelve Fathoms Water - Her Foremast and Bowsprit only Visible.
There is at last no longer any doubt as regards the fate of the above named vessel. Intelligence has been received here at the Signal Office to-day that the pilot boat *Uriah Timmons*, while out on a cruise in search of the missing boat found her sunk in twelve fathoms of water southwest of Bald Head. Her foremast, bowsprit and figure head were visible being probably held together by the shrouds of the vessel. The dispatch conveyed the further intelligence that all hands were lost. By this sad catastrophe, which is one of the saddest that we have had to chronicle in our marine disasters for many a day, five lives were lost and as many families put in mourning. Four of the unfortunates left families who were entirely dependent upon them for support. The fifth, a married man, is not a native of Smithville, but the others are. The names of the lost are: Charles Dosher, Captain, and Thos. B. Grissom, Christopher Pinner, Robert Walker, Florence C. Gillespie, crew. The *Mary K. Sprunt* registered about twenty-five tons and was valued at \$3,000. She was built at Smithville some three years ago and was named in honor of the daughter of our esteemed fellow townsman, Mr. Alex. Sprunt, the British Vice Consul.

Get Your Dog Badges.
We learn from the City Clerk and Treasurer that he is prepared to furnish dog badges for this year, and as the Dog Ordinance goes into effect on the 1st day of May, prox., the "war on dogs," will commence, and be waged with vigor against such as have not on the required badge. **The Hop To-Night.** The ball to be given at the Opera House to-night bids fair to prove a grand affair indeed, and from the well-known character of the managers, we can very safely say in advance that those who can go and want, go will be depriving themselves of the richest treat of the kind of the entire season. The following named gentlemen are the Managers: Capt. J. W. Lippitt, Capt. F. M. Knowles, Messrs. W. A. Wright, Jr., E. H. Eilers, W. A. Williams and Dr. S. S. Everitt. **Lecture - A Jewish Rabbi.** But few, even of the educated portion of the Christian world, can lay just claims to a knowledge of what is taught in the *Talmud*. The significance of the word itself is to most men hidden knowledge. All that Christians can pretend to know of the wonderful and fearful teachings contained in the *Talmud*, is derived from reading of the Five Books of Moses. Beyond this nothing is known. An opportunity will be offered to the citizens of Wilmington, on Wednesday and Thursday evenings, at the Opera House, to listen to a distinguished scholar and teacher in this most interesting and obscure subject, its ethics and literary beauty. The literature, love, manners and customs of the ancient Hebrews, together with many of the great leading events connected with the wonderful sacrifice which Christians believe wrought a change from the old to the new dispensation, will also be touched upon. The Rev. Dr. Ed. B. M. Browne, will be the distinguished lecturer on the occasions referred, and a rich literary treat is in store for all who may attend. **The Thermometer.** From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock: Augusta, 61; Charleston, 65; Galveston, 69; Jacksonville, 69; Mobile, 61; Montgomery, 58; New Orleans, 62; Norfolk, 59; Savannah, 66; Wilmington, 63. **Sensible Advice.** You are asked every day through the columns of newspapers and by your Druggist to use something for Dyspepsia and Liver complaint that you know nothing about; you get discouraged spending money with but little success. Now to give you satisfactory proof that GREEN'S AUGUST FLOWER will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Constiveness, Palpitation of the Heart, Heart-burn, Water brash, coming up of food after eating, low spirits, &c., we ask you to go to your Druggist and get a Sample Bottle of GREEN'S AUGUST FLOWER for 10 cents and try it, or a Regular Size for 75 cents; two doses will relieve you.
