Apt to become tired out—a standing army.

The oyster, with a swallow, homeward flies.

Nail head balloons are among the new dress trimmings.

Schever's Ice Cream Saloon is advertised in this issue. See adv.

Knife pleating continues to be the most fashionable trimming.

Eggs are again cheap and sell here for 14 to 16 cents a dozen.

The capricious month of April steps down and out to-day. Thanks.

The flower gardens in this city are now full of beauty, bloom and fragrance.

Nor. barque *Franklin*, Bjertness, from this port, arrived at Hull, on the 27th.

Schr. *Nellie Case*, Nickerson, from this port, arrived at Boston on the 27th inst.

The hands at the Navassa Guano Co's Works are to picnic to-morrow, May Day.

Unless one is partial to sheets of water he should always avoid the bed of a river.

Nor. barque *Abraham Skalle*, Gregreen, cleared from Charleston last Friday for this port.

Dutch brig *Constance*, Hollis, from this port, arrived on the 3rd inst. at St. Martins.

Some enterprising individual bells his hogs before turning them out on Saturday nights.

As we write the sun shines out clear and there is a promise of fair weather somewhere.

Strawberries are dropping slowly in price, but are not yet within range of a printer's pocket.

"Humpty Dumpty" Fox is improved in health, and is visiting his sister at Cambridge, Mass.

A waiting room for the colored people is being erected at the depot of the W. & W and W. C. & A. R. R.

The youth who swaggered up Front street on Saturday in a straw hat and linen duster, can't be found to-day.

There is no more delicious relish for breakfast than a fine, fat, roe-herring, carefully broiled. Messrs. DeRosset & Co. advertise a lot of them, (not broiled though) and we invite attention to the advertisement published elsewhere.

Messrs. Brown & Boddick have two sleepy owls mounted in front of their establishment on Market street with a placard underneath stating that they are "the last of the lot." A demand for the "first of the lot" has, not yet been responded to.

The forked lightning and the loud thunder and the mad rains, wind driven and tempest tost, had a gay time of it, all to themselves, in this latitude last night. Lots of cold water fell and the way sprouts will sprout now will be a caution.

The youth who cannot wreathe his monogram before him with cigarette fumes, and emit a volume of jaundiced smoke in the face of a companion—all with the air of one having learned it in his infancy—you may be sure hails not from that noble company known as "the boys."

The Raleigh News: The Agricultural Commissioner has received still further reports from the fish hatching brigade of a highly encouraging nature. They have established seventeen hatching boxes in the Neuse, and will commence operations on the Tar, Cape Fear, Pee Dee and Yadkin at once.

ON ONE SUBJECT Physicians agree, the supreme value of Hygiene and the prevention of disease in preference to curing it. Accordingly they have recommended DOOLEY'S FRUIT POWDER as the best in use, for it causes the most delicious, pure and digestible bread, biscuits, cake, pastry, etc., to come from the oven.

Early in the Season.

Talking about your early vegetables we learn that an enterprising printer in this town gathered from his garden last Saturday a fine cabbage, a dish of snap beans and new Irish potatoes. If anybody speak hereabouts can beat that let him speak at once or forever hereafter hold his chin.

The Carolina Yacht Club.

The annual meeting of the Carolina Yacht Club will be held on Monday next, at which time an election for officers will be held and plans for the summer campaign of regattas will be discussed and adopted. Several new boats are to be added to the fleet and a stirring time during the warm months is anticipated by all who are connected with the Club.

Take Warning, Boys.

A few days ago the Mayor imposed a fine of \$50 on a lad of about 16 summers for fighting and cursing. He says he is determined to put a stop to the habit indulged in by persons of using obscene language on the streets and the boys had better be careful how they swear and use language unbecoming a gentleman or else they will be called upon when detected to pay a fine or work on the streets.

Charged with Infanticide.

Lina Shaw, who is accredited with having given birth to triplets, on Thursday night of last week, and who is charged with having made way with them, is puzzling the Coroner and the numerous Magisterial "officials." Lena denies that children were born to her last week, and her husband also contends that his wife had not given birth to the children, though he is charged, when first interrogated upon the matter, with acknowledging the birth of the children.

Not Strange at All.

The Goldsboro correspondent of the Raleigh Observer says:

As an item of news worthy of mention, I will state that the bakery in this town, conducted by Dr. D. Cogdell, has for months past furnished bread to a club of citizens in Wilmington. The bread is sent as ordered, to J. W. Lippitt, of Wilmington, from whom the parties procure. It is somewhat strange that with several bakeries in their own city, Wilmingtonians should purchase bread in Goldsboro.

There is nothing strange about it at all. The Goldsboro bread was advertised in the REVIEW and the Wilmington bread was not advertised at all.

Severe Injury.

Friday last as the timber train was at Laurinburg, on the Carolina Central Railway, a young white man, Alex Register, was very badly crashed and it is thought he will die from the injuries sustained. Mr. Register, who was one of the regular train hands, was in the act of coupling the cars together and stooped for some purpose when his head was caught between the bumpers and crushed in on one side by a large bolt. Medical aid was procured and did all in its power to alleviate the sufferings of the unfortunate young man. Saturday afternoon he was alive though the attending physician says that ere this death has released him of his suffering.

Caught Stealing and was Shot.

Yesterday afternoon Jack Watkins and Marion Holly were detected in the act of stealing hogs, the property of Mr. H. M. Watson. Mr. Watson has his pen at Hilton and employs Jno. McKoy as a butcher, and to guard his stock against the depredation of thieves. A little boy who lives at Hilton discovered Watkins and Holly butchering a couple of hogs near a swamp and hastened to inform McKoy of the fact. McKoy arrived with a shot gun and followed the boy to the place where he saw the men when he (McKoy) noticed them dodging about trying to effect their escape; he demanded them to stop and reiterated his demand several times, but the men outwitted their flight through the swamp and McKoy fired upon Watkins, the load of shot taking effect in his back and hip. Watkins was carried to the guard house and Holly was arrested last night and imprisoned. The trial of the case was commenced this morning by the Mayor, but for some reason was continued until Wednesday morning. Drs. Wright and King examined the wounds of Watkins and pronounced them very painful but not dangerous, though if inflammation sets in it is thought the man will not recover as rapidly and the wound may probably prove fatal. Watkins is a butcher and had been in the employ of Mr. Watson.

The Federal Court.

The U. S. District Court for the District of the Cape Fear, His Honor Judge Brooks presiding, opened its Spring session here this morning. The Grand Jury will not be drawn and empanelled until to-morrow. One libel case, that of the Wilmington Railway Bridge Company vs. Steamer tug *Alpha* and owners will probably be called and heard this afternoon.

The May Day Excursion.

All that is asked to render the excursion to be given to-morrow for the benefit of Front Street M. E. Sabbath School, a pleasure and a success, is fine weather and that we think probable. The Committee have perfected their arrangements and they look for a large number of excursionists. Refreshments will be served on the boat at city prices.

Superior Court Adjourned.

The present term of Superior Court, which would have entered to-day upon its second week, was this morning adjourned for the term in consequence of the fact that Judge Seymour was suddenly and unexpectedly called off. This was owing to the death of Mrs. Seymour's father, who died yesterday at Clinton, New York. It was necessary for Mrs. Seymour to go North at once and as she is in delicate health and unable to travel alone, the Judge was compelled to accompany her. Hence the adjournment of Court for the term.

A Hideous Discovery.

A party of young men passing in the suburbs yesterday, between Harnett and Bladen streets, on the vacant lot in rear of Mr. Thornton's over the rail road, saw a dog scratching in the ground very intently, which attracted their attention, and on going up they found that the dog had uncovered a box about two feet long and ten inches wide, which was found to contain the skeleton of an infant. No one knows when it was put there or by whom or whether it was that of a white or colored child. It is likely that an inquest will be held and some attempt made to investigate the affair.

Struck by Lightning.

The storm of rain which visited our city last night was accompanied by some very sharp claps of thunder and lightning, one of which struck the schooner *Katie Mitchell* as she was lying at Worth & Worth's wharf, shivering her main-topmast in such a manner that it will have to be replaced with a new one. Capt. Snow informed us that the vessel was severely jarred, sufficiently so to arrest all hands and make them think a heavy sea had struck her. The lightning descended the main-topmast and passed along the stay to the foremast and there expended itself without doing further injury. The whole amount of the damage will not exceed \$30 or \$40.

City Court.

Twelve cases were up before the Mayor this morning and were disposed of as follows:

Six persons for violation of general tax ordinance of the city, had judgment suspended on payment of taxes and costs.

Walker Harris, arrested on suspicion, being found under a shed on the wharf at the wrong time of night, claimed to be a flat hand. The Mayor gave him until 11 o'clock to-day to prove a good character, failing in which he will have to join the street brigade.

Lazarus Howard, charged with disorderly conduct, judgment suspended on payment of costs.

Marion Hardy, charged with larceny of two pigs the property of T. M. Watson and Hermann Hintz. Case continued until Wednesday.

Henry Parker was found guilty of drunkenness and disorderly conduct and sentenced to \$15 and costs or 20 days on the streets.

One case for drunkenness, being the first offense, was dismissed on payment of costs.

Junius Bell, drunkenness, \$5 and costs or ten days on the streets.

The case of Jack Watkins for the larceny of two pigs (same case as Marion Hardy) was continued until Wednesday, defendant not being able to appear in Court on account of wounds, having received a load of buckshot in his back about the time he was attempting the larceny of the aforesaid pigs.

In the cases of *quo warranto* against Mr. Heaton, Clerk of the Superior Court, Judge Seymour has rendered a decision in which all of the issues are decided in favor of the defendant.

Lives there a man with soul so dead, who never to himself hath said, I'll pay before I go to bed, the debt I owe the printer? Yes, there are some, we know full well, who never such a tale could tell, but they, we fear, will go to—well, the place where there's no winter.

The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:

Augusta, 61; Charleston, 66; Galveston, 56; Jacksonville, 70; Mobile, 59; Montgomery, 66; New Orleans, 63; Norfolk, 60; Savannah, 65; Wilmington, 69.

War in the West.

The war in the East must now divide honors with that in the West. The dog war opens in Wilmington to-morrow and all canines who do not sport a badge will be captured and killed while their owners will be fined for not taking out a badge. The juveniles will find some rare sport in following the dog catchers on their rounds.

For the Widows.

Mrs. H. Webb, of this city, made this morning a beautiful cross and anchor of flowers, and sent it to Capt. Lippitt's confectionary store to be raffled off for the benefit of the families of the unfortunate men who perished in the ill-fated *Mary K. Sprunt*. It is, we think, without exception, the most beautiful floral ornament we have ever seen. It was valued at \$10 and in a very short time all of the chances were taken. The raffle was held at 4 o'clock and the cross and anchor was won by Mr. J. E. Crow.

Robbing the Graves in Oakdale.

Editor of the Daily Review:
DEAR SIR,—I wish to trespass on your valuable paper for a few lines. Cannot the authorities of that beautiful resting place of the dead put a stop to the removal and picking of flowers by visitors from the lots? I noticed one evening this week two different persons leaving the Cemetery on my entering the grounds with handfuls of flowers from a beautiful plant in bloom on my lot, and, on making it known to the Superintendent, he stated to me that flower stealing gave him more trouble than any other part of his business. It is time that the Company made an example—one that will stop this robbing the dead of the offerings which loving hands have placed over their graves.

The Finding and Burial of Mr. Grissom's Body.

Smithville, N. C., April 29 1877,
DEAR REVIEW:—Yesterday, while the pilot boat *Henry Westermann* was cruising in eight and a half fathoms of water, Capt. W. J. Potter, who was in the cockpit, espied a floating object some distance from the boat. On approaching it, they found it to be the body of a drowned man. The body was immediately taken on board, and brought to this place. It was at once placed in the hands of the coroner. The jury was then summoned. After examination of witnesses, the jury rendered a verdict as follows: That the body found was that of Thomas B. Grissom and that the said deceased was accidentally drowned. It will be remembered that Mr. Grissom was on the ill-fated pilot boat *Mary K. Sprunt*, and there is no doubt but what all on board perished with him. There were several bruises on his stomach, and part of the flesh from his skull and face was gone, consequently no one could recognize as to which of the pilots the body belonged, except by the boots and clothes. The body was interred yesterday. The funeral took place to-day at 10 A. M. It was the saddest funeral I ever witnessed. Men, women and children wept as they stood by the grave of the departed one.

"Could tears retard the tyrant in his course, Could sighs avert his dart's relentless force, Could youth and virtue claim a short delay, Or beauty charm the specter from his prey, Thou still hadst lived, to bless my aching sight, Thy comrade's honor, and thy friend's delight."

The People Want Proof.

There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue of BEECHER'S GERMAN SYRUP for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing every one that use it. Three doses will relieve any case. Try it.
