City Court.

Two white boys were brought before the Mayor this morning, charged with fighting, one having drawn a knife on the other, but as it was a very aggravated case, it being shown clearly that the boy with the knife was acting strictly on the defensive, Mayor Canaday released him, and fined the other boy \$10 and costs.

For the Old World.

Mr. Marcus Bear, of this city, will leave for Europe on the 12th inst., accompanied by his sister, Mrs. Julius Fernberger. They will sail from New York on the 19th on the ocean steamer *Rhein*, and will go on a visit to their native country Bavaria. Mr. Bear expects to travel over a large portion of Europe while he is away, and thinks of visiting Constantinople, if he can get there. The travelers will be gone about four months and we wish them a safe voyage and a happy return.

Painful Accident.

From Route Agent Bourke, who arrived here last night from Weldon, we learn of a painful accident which occurred to Senator Ransom on last Sunday afternoon. It was at his home in Northampton county and the Senator, seated in a chair, tilted it back towards the wall, when he fell. He had miscalculated the distance and on endeavoring to recover himself fell with his arm under him, which was broken. The accident, although painful, is not considered serious and as the necessary surgical attendance was promptly rendered it is hoped that the bones will at once begin to reunite and the fracture be healed in the course of a few weeks.

County Commissioners.

A called meeting of the Board of County Commissioners was held last evening, present Mr. Wagner the Chairman, and Commissioners Worth, Granger, Nixon and Holmes.

The Board proceeded to levy the county tax for schedule B and C, when it was ordered that in reading over the sections, as levied by the State, where no objection is raised, the county levies the same tax as is levied by the State.

The county levies were the same as the State, with a few exceptions, including the usual tax on railroad and canal companies, and a privilege tax of five dollars to be paid by all merchants and dealers of whatever nature, in addition to the ad valorem tax. Druggists, insurance and assurance companies, and charters of incorporated companies, are not taxed by the county.

It was ordered that a committee of three be appointed to advise the best means for making out the tax list, and providing for all other matter of detail in connection with the county tax.

On application the following named persons were granted licenses to retail spirituous liquors in the city of Wilmington and county of New Hanover: A Deumelandt, D Towers, F Lohr, Carl Muggel, A C Wessell, A B Cook, Mrs A K Heyer, George L Schutte, D Cartjohn, D Otten, John C Bornean, M Mully, John Haar, Jr, W M Collins, J W Moody, John F Stolter, John D Doscher, C Schulken, C F Von Campen, B H J Ahrens, William Furtrell, Henry Bosch, Wm Bosch, W H M Koch, Mrs Sarah Meyers, W H Grotgen, J F Rulfs, John H Hines, John W Gerdis, Carl Wessell, A D Wessell, Geo F Coline, H Ohlandt, G C W Muller, Jas Keegan, R F Eyden, M A Glamyer, E J Scarborough, John D Steljes.

On motion, the Board adjourned to meet next Monday in regular monthly meeting.

Printers' Ink.

Some one has recently discovered that the canker-worm, a great pest of fruit trees, can be effectually destroyed by smearing printers' ink on the trunk and branches. It is pleasant to note this addition to the many ways in which printers' ink is potent for the suppression of pests.

Mr. Finch's Body Found.

The body of Mr. W. H. Finch, formerly of Raleigh, but for some months past resident in New York, where he was doing a fine insurance business, who, it will be remembered, disappeared very suddenly from his home some five or six weeks since, was found in the East River at the foot of Twenty-first street, New York, on last Sunday evening. The body had evidently been in the water some four or five weeks. There is no report as yet as to how he came to his death.

Off for Europe.

Mr. Alex Sprunt, the British Vice Consul at this port, left here this morning to make a trip abroad. Mr. Sprunt goes direct to England and from thence to Scotland and will probably make a tour of the Continent or a portion of it, before his return, which will probably be the latter part of August. Mr. James Sprunt, of the firm of Alex Sprunt & Son, will act as consul during his father's absence.

Rabbi Browne at the Temple.

We understand that the lecture delivered by Rabbi Browne at the Temple of Israel on Sunday last, the third of the series, was largely attended, there being many Christians in the congregation, some of them gentlemen of distinguished reputation. The lecturer was listened to with much interest throughout his discussion by all who were present on the occasion.

The Shot Gun Policy.

We understand that Mayor Canaday has given instructions that the shot gun policy be inaugurated here for the destruction of the luckless canines whose owners may neglect to badge them. The old way of catching them with a net and impounding them has been found too troublesome and too expensive and the still older way of baiting the hook with lead is to be revived. The gun is to be placed in the hands of an officer of well-known skill, coolness and caution and it is thought that, with the arrangements agreed upon, an accident is next to impossible.

Terrible Storm in Raleigh.

From a private letter received by a gentleman in this city from a friend in Raleigh we learn of a very disastrous storm which passed over that city about dinner time yesterday. It first struck the Depot and then passed up Fayetteville street and went out by Dr. Hogg's residence in a northerly direction. Dr. Hogg's house was very badly injured, several trees having been blown across it, the roof of Metropolitan Hall is gone and a part of the roof of the Capitol was torn off. The Capitol grounds are badly injured, having been struck by the storm. St. Mary's, on Hillsboro street, is slightly damaged, two large oaks having been torn up on the grounds. The gentleman who describes the storm says it was the most terrible gale he had ever encountered and for about two minutes it was perfectly fearful.

The People Want Proof.

There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue of *DOESCHER'S GERMAN SYRUP* for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing every one that use it. Three doses will relieve any case. Try it.
