VOL. 2. WILMINGTON, N. C., WEDNESDAY, MAY 9, 1877. NO. 93

## NEWS SUMMARY.

Mr. Hayes' friends seem to have given up all hope of organizing the new House. — The old story of an armed expedition to seize Sonora, secure a route to the Pacific for the Texas Pacific, and lay the foundation of a second Texas, is again afloat. — The South Carolina Senate, which is Republican, has refused to go into an election for Chief Justice until the House has admitted all the members of the late Mackey House and the consequence is a deal lock. — Packard's friends are applying to Hayes to give him an office. — The Greeks are clamoring for war. — A general rising of the Mohammedan population of Tunis, Tripoli, and Morocco is imminent. The French Government is about to despatch strong reinforcements of troops, as well as a fleet, to Algeria. — The Attorney-General has informed United States Marshals that the appropriation for expenses of United States Courts for the present fiscal year is nearly exhausted, and no further expenditures can be made before the 1st of July, when the appropriation for the ensuing fiscal year becomes available. — Sunset Cox, who has returned from a Southern tour, says that the widespread notion that Mr. Hayes's policy is so satisfactory to the Southern people as to cause a break in the Democratic ranks is unfounded. — Russia will not reply to Derby's note. — There is a strong anti-war feeling in Europe which seems to be gaining ground. — England has already 35,000 troops and 11,000 horses ready to embark at any moment. — The British government asked the Porte to extend for a few days the time for closing the Black Sea, which was granted. — England will defend Egypt from interference or attack. — Muhktar Pasha telegraphs, from near Kars, his ability to check the Russian advance, but this in considered very doubtful. — The Russians have commenced bombarding Widdien, from Kalaifat, on the opposite side of the Danube. — Gold is still in the neighborhood of 107. — The postal convention between the United States and Italy was signed yesterday. — The Lighthouse Board give notice that an automatic buoy, giving blasts of a whistle at short intervals, has been placed for trial off Cape Lookout, N. C. The buoy is located in eleven fathoms of water.

## The Fayetteville Election.

They must have had some bad management in Fayetteville in the election held there on Monday last, for municipal officers. The result was that, fusion ticket, consisting of a Democratic mayor and four out of seven commissioners, was elected by from seven to thirty majority by the Republicans over the regular Democratic ticket.

## The Press Convention.

The Raleigh News says that thus far about 30 members of the press of the State have signified their purpose to attend the convention. Members of the Produce Exchange and Chamber of Commerce, of Wilmington, and a number of prominent citizens of Newbern, purpose attending the session of the Association.

## The "Long Season in May."

The cold, disagreeable, rainy spell which we have had for some days plainly indicates that we are passing through what is known as "the long season in May." We have had rain nearly every day this month, and the weather has been cold and unpleasant. Warm, clear weather would be welcomed by all.

## The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:  
Augusta, 60; Charleston, 56; Galveston 68; Jacksonville, 62; Mobile, 54; Montgomery, 54; New Orleans, 60; Norfolk, 50; Savannah, 58; Wilmington, 53.

Sprunt, Second Lieutenant, was promoted to the vacancy, Mr. Jas. I. McRee, Junior Second, was promoted to Second Lieutenant and Mr. Thomas C. James was elected Junior Second Lieutenant.

## Delegates to Convention.

At a meeting of the Vestry of St. James' Parish, held at the Rectory last night, the following gentlemen were appointed delegates to the Diocesan Convention to be held in St. Peter's Church, Charlotte, on the 30th of this month: Dr. A. J. DeRosset, A. H. VanBokkelen, R. E. Calder and Col. W. L. DeRosset. Alternates—Major Graham Daves, Norwood Giles, Dr. Thos. F. Wood and Dr. S. S. Everett.

## American Anniversaries.

Yesterday was the anniversary of the first battle in the Mexican war—that of Palo Alto, in the year 1846. To-day is the anniversary of Resacca de la Palma, fought on the succeeding day. It was in this second engagement that Col. May made such a reputation for himself in the dashing cavalry charge that he made with his troopers against the enemy's artillery, capturing their guns and the Mexican General La Vega. Gen. Zachary Taylor, "Old Rough and Ready," commanded the Americans and won a victory on each occasion.

## Sad Accident to a Wharf Rat.

We regret to learn that one of our enterprising commission merchants met with a serious case of wetting yesterday afternoon by falling into the river, from which perilous position he was only rescued by his knowledge of the art of swimming, together with the immense physical vigor he possesses, which enabled him to reach the shore in safety, notwithstanding the fact that he was weighed down by his good clothes and fine boots. We are happy to know, however, that our friend reached his hotel safely after a rather circuitous route, and this morning is as bright as a lark.

There's one article no good grocer is ever without, and the public demand it incessantly. We speak of DOOLEY'S YEAST POWDER, long since determined to be the best of its kind. All bread, biscuit, rolls, cake, etc., made from it are nutritious, healthy and delicate. Another thing to be remarked is that the cans are full and the powder so pure and strong, that less of it is required for its purpose.

## Stores to Close.

We understand that the principal stores in this city will be closed to-morrow afternoon, as is usual on Memorial Day, from 1 until 6 o'clock. Families should govern themselves accordingly in purchasing their supplies.

## Joint Services.

Owing to the indisposition of the Rector there will be no service at St. James' Church to-morrow morning. There will be joint services of the two parishes at St. John's Church at 11 o'clock.

## Handsomely Done.

The beautiful pyramid of flowers sent here for the benefit of the Smithville sufferers, by Mrs. Newbury, of Magnolia, was raffled off yesterday, and won by Jno. M. Cazaux Esq. This gentleman, upon ascertaining the fact that the prize was his, very kindly and generously donated it to the Ladies' Memorial Association.

## For Memorial Day.

The President of the Memorial Association request us to state that the school room of Misses Burr and James, in the rear of St. James' Church, will be headquarters on Thursday, the 10th. Members and friends of the Association are urgently requested to meet at the above named place at 9 o'clock Thursday to prepare the decorations.

The Managers of the Association hope that all interested in this Memorial celebration will contribute as many flowers as possible, and ask that they be sent in early on Memorial Day.

## Observe The Occasion.

It is hoped that there will be a general suspension of business to-morrow afternoon, so that all may attend the Memorial services to be held at Oakdale. The Day comes but once a year, and we should esteem it a high privilege rather than a duty, the being able to render honor to the dust of our dead heroes. The ladies hope that the procession will be a full one and that the attendance at the Cemetery will be large.

## Distances from Asheville to Wilmington and to Charleston.

Our attention has been called to this subject by a railroad man who is fully familiar with it. When will our line, the Western N. C. R. R., reach Asheville? and when will the Charlotte line, the Spartanburg and Asheville R. R., reach Asheville? These are questions in which the people of this city are deeply interested. The people of Asheville say that the Spartanburg line will reach them long before the other. All this is against us, but there is one view of the subject that offers us some consolation. It is that when the Spartanburg & Asheville Railroad is completed we can use it from Charlotte to Asheville, in common with our Charleston neighbors, by breaking bulk at Charlotte or without breaking bulk by the Wilmington, Columbia & Augusta R. R., Union and Spartanburg line.

The distances are as follows: Wilmington to Asheville, via the Carolina Central Railway and Statesville, 351 miles; do. via Spartanburg, 336 miles; do. via Columbia & Spartanburg, 363 miles—as the same gauge through. Charleston to Asheville, 304 miles. This gives Charleston the advantage in distance of 47 miles, but if the cut-off by Lincolnton and Hickory is made, the distance from Wilmington to Asheville will be shortened about 28 miles.
