

THE DAILY REVIEW.

VOL. 2. WILMINGTON, N. C., SATURDAY, MAY 19, 1877. NO. 102

NEWS SUMMARY.

The Spanish government is trying to have Don Carlos expelled from France. Secretary of the Treasury Sherman denies the report that he will buy \$100,000,000 for resumption purposes. President Hayes telegraphed Grant aboard ship wishing him, *Don voyage*. Grant replied with thanks and best wishes. Mr. and Mrs. Sartoris sailed from Baltimore for South Hampton yesterday. The Grand Army Post in Baltimore refused to decorate Confederate graves by a vote of 60 to 12. Ex-Gov. Chamberlain, of South Carolina, formerly of Massachusetts, will practice law in New York city. France will send war vessels to enforce demands from Hayti. The Sultan has determined to admit Christians in the army. Postmaster General Kee will give the postoffice at Corinth, Miss., to an old ex-rebel. The House of Lords passed a bill permitting other than the Church of England burial service to be read in church-yards. The rival Republican candidates for office from the South in Washington City, give each other hard names and bad characters. The proprietor of Willard's Hotel, Louisville, who killed his clerk, has been acquitted. It is said ex-Attorney General Taft used funds belonging to department of justice for political purposes. President MacMahon, of France, has announced his Cabinet. It is composed of new material. The Sultan has determined to make a draft of 200,000 men regardless of race or creed. The new French Cabinet is strongly suspected of Napoleonic tendency. A dispatch from Berlin says the good understanding between France and Germany will be seriously endangered should the Clerical party obtain power in France. The Russian Corps at Odessa have been sent to the Crimea to prevent spread of Tartan insurrection. President MacMahon has sent a message to the Chambers, and states his determination to maintain and respect existing institutions until 1880.

The Entertainment Last Night.

We have heard but one opinion expressed in regard to the entertainment given at the Opera House last night by the ladies and gentlemen from Smithville, for the benefit of the families of the lost pilots, and that it is that it was decidedly the most pleasant amateur entertainment given in this city and that its giving a great deal for it. Every one who was present (and the house was full) was surprised and delighted and charmed, surprised to find so much of real talent in mere amateurs, delighted with the happy selections which had been made and their almost perfect presentation, and charmed with the ease and grace and general adaptability with which each character was personated. The entire entertainment was under the direction of Col. A. C. M. Pennington, Commandant of the Post at Fort Johnston, to whose skillful management much of the success was due. Miss French, niece to Col. Pennington, who sustained the principal female characters, was charming in each of the roles she assumed. Gifted by nature with beauty, wit and grace, her assumptions were excellently conceived and executed with charming spirit. Miss Mixer also sustained her part most admirably, but her appearance was in only one piece. Dr. Curtis gave us Mr. Bonnycastle and we need not say that his rendition was splendid and that he charmed everybody; while Mr. White gave evidences of real talent which might be utilized with success for something more than amateur representatives.
 The music was excellent and was from the garrison band at Smithville with the harpers and Mr. Edwin Thorpe at the piano.

Anniversary of the W. L. I.

Below we give the programme and order of the day for Monday next, which the Wilmington Light Infantry propose celebrating as their anniversary, their real anniversary, the 20th of May, falling this year on Sunday.

As the Board of Trade, Produce Exchange and Chamber of Commerce all have agreed to accept the invitation extended to them by the Company and participate in the ceremonies on the occasion, would it not be just as well for the merchants to suspend business for a couple of hours or so on Monday afternoon, in order that their clerks, many of whom are members of this Company may have an opportunity to participate in the celebration also?

Here is the programme:

ORDER OF THE DAY
 The Cape Fear Light Artillery Co, the Wil. Light Infantry, the Veteran Corps, the Honorary Members and the gentlemen composing the Choir, will form at the armory and leave punctually at 3:30, P. M., in the order above mentioned, preceded by the "Drum Corps," and proceed to the Dawson Bank building where the "Produce Exchange" will be received, thence to the corner of Front and Princess and receive the "Mexican Veterans;" thence to the Bank of New Hanover, and receive the "Board of Trade;" thence up Princess street to Evans' Block and receiving the "Historical and Scientific Society" proceed to the Opera House where the following will be the

PROGRAMME.
 Song—"The Old North State."
 Reading—Mecklenburg Declaration of Independence.
 Music—by Prof. Van Lear.
 Address—"The History of the Wilmington Light Infantry." By Hon. Edward Cantwell.
 Song—"Carolina's Son's Are Ready, after which the column will form and move to the Armory of the Wilmington Light Infantry, when the civil organizations will be dropped. The Wilmington Light Infantry will continue its parade.

The citizens are requested to attend the celebration at the Opera House.

How to Get Silver Change.

For the information of the business community, and all others who are disgusted with the ragged, filthy condition of most of the fractional currency now in use, we state, on authority of the *Washington Star*, that silver change may now be obtained by any person, without expense of transportation, upon the deposit of notes or fractional currency with any United States assistant treasurer or national bank depository; or national banks note may be sent to the United States Treasurer, free of expense, and silver will be returned from the mint therefor. Silver, however, can be sent only in multiples of \$1,000, and remittance and deposits should be made in like sums.

The Amateurs.

From all sides comes the praise and expressions of delight by those who were so fortunate as to be present at the really charming entertainment at the Opera House last night, always coupled with the desire however, and wish, that the ladies and gentlemen who were so kind in giving the first performance may be induced to favor us with a repetition.

A Fowl (Foul) Robbery.

We learn that Mr. W. F. Potter had his henry at Point Peter, on the opposite side of the river, robbed of some 35 or 40 fine fowls last night. Information of the fact was lodged at the City Hall this morning, and Capt. Fitzgerald Chief of police, will doubtless lodge the thieves in the room below the City Hall if he can catch them.

The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:
 Augusta, 74; Charleston, 73; Corsicana, 66; Galveston, 72; Indianola, 73; Jacksonville, 74; Key West, 70; Mobile, 76; Montgomery, 75; New Orleans, 74; Norfolk, 78; Punta Rassa, 74; Savannah, 72; St. Marks, 73; Wilmington, 66.

Carolina Yacht Club.

At a meeting of the Governing Board of the Carolina Yacht Club, held at the office of Norwood Giles Esq., yesterday afternoon, the following committees were elected:
 Regatta Committee—Jno. J. Fowle Clayton Giles and Geo. D. Parsley.
 Committee on Membership—Chas. D. Myers, Geo. A. Peck and Berry Gleaves.
 It was decided that the dues for this year shall be the same as those collected last year.

Bishop Gibbons as Coadjutor.

The Baltimore *Sun* says: The change has been long looked for, and has been frequently urged by Archbishop Bayley. The absence of Archbishop Bayley in Europe on account of ill health has no doubt hastened conclusions in the matter at Rome. The proposed change has been deferred, it is understood, on account of opposition from other bishops of granting the right of succession, without which prerogative however, it would not be likely that Bishop Gibbons would give up the see of Richmond.
 As far as is known Bishop Gibbons' successor at Richmond has not yet been named. It is hinted that the election may be made from his diocese.

Correction.

In mentioning the names of the non-commissioned officers of the Cape Fear Light Artillery yesterday we omitted the name of W. E. King, Orderly Sergeant. Artillery companies are unlike any other military companies in respect to the rank of the Sergeants. The Orderly heads the list of course, but after him the Sergeants are designated as 1st, 2d, 3d and so on. In infantry the Orderly Sergeant is called the 1st Sergeant and goes with the company in battle or anywhere else. In artillery the Orderly Sergeant is not required to participate in battle, because he has nothing to command; all the other sergeants are assigned each a gun, while a corporal to every piece is the gunner for that piece. Each Lieutenant has command of a section, two guns, while the Captain is in command of the whole battery. Four guns constitute a battery in time of peace, and six guns is considered a war footing.

A young man applied at a newspaper office the other day for a situation. "Have you ever had any experience as an editor?" inquired the newspaper man. "Well, no not exactly," replied the ambitious aspirant, cautiously. "But I've been cowered a number of times, have been married quite a while, have worn borrowed clothes for three years, and never had a cent of money, so I thought I might work in." He was engaged.

The People Want Proof.

There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue of *BOSCH'S GERMAN SYRUP* for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing every one that use it. Three doses will relieve any case. Try it.

 We all have our ideas of justice, integrity, purity, benevolence, and we cannot estimate their value to us. We may and do fall short of them in actual life, but we can't never go beyond them for every new ascent in virtue shows fresh heights to be gained.
