CAROLINA.
There are 446 townships in the State. The Supreme and United States courts both meet in Raleigh next Monday.
In Norfolk on Sunday a policeman clubbed a North Carolina named Barnes almost to death.
President Hayes has made another North Carolina appointment. Douglass, of Greensboro, continues as U. S. Marshall.
Raleigh Observer: Married at the residence of J. H. Hopkins, Esq., in Little River township, this county, by P. J. Wiggs, Esq., on Sunday, the 27th inst., Mr. Bourton Ferrell, aged 70, to Miss Lucinda Jean, aged 30, making in all a level hundred years.
Raleigh News: The Statton, (Va.) Indicator, of the 25th inst., says: "The North Carolina Legislature having established a summer University Normal school for its teachers, the session to commence July 3d, and last six weeks, Prof. John J. Ladd, of Staunton, and Prof. S. H. Owen, of Petersburg, have been appointed by Gov. Vance to be two of the professors in it."
Raleigh News: Workmen are now busily engaged in tearing down the old Catholic Church corner of Morgan and Wilmington streets. Yesterday they commenced reroofing the building. We learn that the work of building a new church will be begun in a short time. The site of the new edifice has not yet been definitely decided upon, but will be in a week or two. The proposed new church, when completed, will be the handsomest in the State.
Raleigh Observer: The case of Ray and others, from Ashe county, charged with murder, and for whom certiorari was ordered by the Clerk of the U. S. Circuit Court for the Western District of North Carolina, commanding the Clerk of the Superior Court of Ashe county to transfer the trial to the U. S. Court, and which His Honor, Judge Schenck, ordered the Clerk not to obey, will come up for a hearing before Chief Justice Waite, of the U. S. Supreme Court, at Greensboro on the 31st. Gov. Vance has selected Hon. D. J. Fowler and R. H. Battle, Jr., to look after the interest of the State in this cause.

The Struggle with Poverty—Some Glimpses of Inner Life in Raleigh.
The other day a gentleman of this city who is much interested in and has done much for the Oxford Orphan Asylum, visited a house on one of the principal streets of the city where he learned there was an orphan child in need of assistance. His object was to see the guardians of the child and make arrangements for taking it to the asylum. Arriving at the house he was invited in, and found the child and three women; one of whom was decrepit with age and another of whom was an invalid and deformed. The house was a double tenement building, in one end of which lived the old woman and a daughter, and in the other end the third woman and the child. But the pinching of want had drawn them closely together, and they made common cause against the wolf at the door, lumping their scant earnings and all living together. The whole surroundings betokened the utmost want, and the interest of our friend being excited, he inquired minutely into the manner of their life and repeats to a News reporter the facts which he gathered from the women:
They make their living, such a living as it is, by sewing, and the story which they tell would hardly be believed but for the corroborative evidence which for the corroborative evidence which for their faces, the surroundings of the dwelling and other circumstances present. Their work is done for merchants in the city who furnish the cloth, pay(?) them for making it up, and then sell the goods. Day by day they labor ceaselessly, making up shirts for five cents apiece, pants for eight cents a pair, and children's bodies or waists for three cents apiece. They were working at the time of this visit upon a large lot of shirts, for making which they are to receive the veriest pittance. They had just delivered a number of pairs of pants, for which they were paid eight cents apiece. No difference is made in the price on account of the quality of goods to be made into pants. Not long ago one of the women received from the man for whom she was working, a lot of pants cloth so heavy that she protested to him that she could not make the pants for eight cents a pair. He responded that she could then let it alone. But she knew that she could not, and so she took the cloth along with her. It was so thick and heavy that a day and a half's work was required to complete the first pair. Working a day and a half for eight cents!

Pointing to an armful of wood in a corner of the room, one of the women explained to the visitor how they economized in that article. A stick which would extend across the fire-place, was taken and cut up very fine, in order to make the fire very hot while it lasted. In this way their meals were cooked, and their tea made. Once a week they have meat, and once a week soup, which is made from a shank-bone.
One of these women is the widow of a Confederate soldier, and this is the manner of her life. They are honest, respectable people, and their names are well known in the city. We do not mean to discourage any good work, but respectfully submit that while collections are being

taken up in the churches to put shirts on the heathen and to support and educate able-bodied young men for the ministry, it would be well enough to contribute an occasional dime to our own starving poor whom we have always with us.

LOCAL NEWS.

New Advertisements.

CHAS. PARTELOW—Consignee Notice.
See ad An Ordinance.
S. JEWETT—Weekly Papers.
A. SHERRER—Collars by the bucket full—25 cents.
The public officers are all closed this afternoon in honor to the day.
Hon. Aug. S. Seymour in the guest of Judge Russell while in the city.
Rev. Robert Brent Drane was in this city yesterday enroute for the Convention which commenced in Charlotte to-day.
The water in the river between this city and Fayetteville is now very low and the steamers do not arrive here until morning.
Reservel seat tickets for Prof. Agostini's entertainment can be procured by the Prof's. friends upon application free of charge.
A portion of the excursionists took a trip down the river on the steamer J. S. Underhill to view the forts and take a whiff of the salt air.

Prof. Agostini's Last.
The closing Soiree of Prof. Agostini's dancing school will be given at the Opera House on Friday evening, when the exercises will consist of tableaux vivants, dancing, music &c. No charge is to be made for admission, but a collection will be taken up for the purpose of defraying the expenses of the evening.

The Excursion To-Morrow.
We are requested to again call attention to the fact that the excursion to Smithville on the steamer Underhill, for the benefit of St. Paul's P. E. Church, will take place to-morrow, the boat leaving the wharf promptly at 8:30 o'clock. There will be music and refreshments on board, and every endeavor will be used to promote the enjoyment of those who may attend.

The Municipal Change.
On Friday, June 1st, the change is to be made in our city affairs. On that day, at noon, the old Board of Aldermen will quietly turn over to their successors the administration of affairs. The outgoing Aldermen are all Republicans, and those who are to come in are six Democrats to four Republicans. There are many rumors as to what is to be done in the appointment of officers, none of which are in place for publication at this time.

Historical and Scientific Society.
The adjourned annual meeting of the Historical and Scientific Society was held last evening in the Session Room of the First Presbyterian Church, with the President, Mr. E. Kidder, in the chair.
The new by-laws prepared for the Society were read and adopted.
An election of officers for the ensuing year resulted as follows:
President—Rev. G. D. Bernheim, re-elected.
Vice President—Col. J. G. Burr.
Treas. and Secretary—James Sprunt.
Corresponding Secretary—W. B. McKoy.
Librarian—R. H. McKoy.

Decoration Day.
The decoration of the graves of the soldier-dead interred in the National Cemetery takes place to-day, and as we write, crowds of citizens, white and colored, are wending their way to the scene where the solemn services are to be enacted. It is too late to-day for us to do justice to the occasion, but we hope to have a full report to-morrow. The programme, as adopted by the committee, and as published by us, is to be carried out strictly. The two colored military companies will parade, but there will be no formal procession from the city. The oration is to be delivered by Hon. Aug. S. Seymour, and the prayer by Rev. C. Sampson, the chaplain of the occasion. After the decoration of the graves, the military will fire a salute, and then the services will return to the city.

What is Dooley's Yeast Powder.
Do you ask, my friend? It is made from the purest and strongest elements. Among them, cream-tartar made from grape acid expressly for these manufacturers. The result is that the biscuit, rolls, waffles, cake, bread and pastry produced, are beyond comparison.

The Thermometer.
From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:
Augusta, 69; Charleston, 65; Corsicana, 71; Galveston, 76; Indianola, 77; Jacksonville, 70; Key West, 74; Mobile, 74; Montgomery, 67; New Orleans, 75; Norfolk, 62; Punta Rasa, 73; Savannah, 69; St. Marks, 66; Wilmington, 63.

Blissful Ignorance.
What the average Raleigh newspaper local knows about Wilmington is hardly worth knowing by anybody. We almost doubt whether Woodson or Caldwell can tell whether Wilmington is in New Hanover county or New Hanover in Wilmington county. They study up heavily on Virginia topography, but they don't seem anxious to know about this section of North Carolina. For instance, says the Observer:
We are pleased to learn from Col. Thos. B. Long, general postal agent, who is now in the city, that he has given an order for the requisite number of postal boxes for Raleigh, and in less than ten days they will be attached to the lamp posts in different parts of the city. This will supply a long needed want, and we take the occasion to return the thanks of our citizens to Col. Long for the part he has taken to afford us this convenience. He also informs us that Wilmington, Charlotte, Fayetteville, Newbern and Goldsboro will also be supplied.

Now, Woodson, that's too rough. We have had these letter boxes here for the past four years and in fact you ought to know something about that attached to the lamp post at the head of the Market—but we don't believe you were studying letter boxes at that time, Woodson.

Quarterly Meetings.
Third round of appointments as made by Rev. William S. Black, Presiding Elder, for the Wilmington District, Methodist E. Church, South.
Wilmington, at Fifth Street, June 9, 10
Magnolia, at Carlton Chapel, June 16, 17
Waccamaw Mis., Pine Log, June 16, 17
Bladen, at Center, June 23, 24
Whiteville, Fair Bluff, June 30 & July 1st
Onslow, at Gum Branch, July 7, 8
Kenausville, at Richlands, July 14, 15
Elizabeth, at Bladen Springs, July 19, 20
Smithville, at Smithville, July 28, 29
Cokesbury and Coharie Mission at Black's Chapel, Aug 1, 2
Clinton at Hopewell, Aug 11, 12
Wilmington at Front Street, Aug 18, 19
Topsail at Rocky Point, (District Conference), Aug 23, 25

Whiting Rifles.
For the Review.
Editor Daily Review:
DEAR SIR:—There is an article in the Star of to-day signed "Justice", calling for aid for the above command from merchants and others, and urging the ladies to take the matter in hand.
I would respectfully suggest that the ladies, both married and single, meet at the Library Room on Thursday evening next, at 5 o'clock, to appoint their committees and make the necessary arrangements to carry out their wishes. I have no doubt that the Library Room can be had without any trouble, and I suggest it, as it is more central than any place I know. It is a shame that Wilmington has only two military companies, and now that the Whiting Rifles are fully equipped with a beautiful rifle, let our lady friends see that they are soon fully uniformed. I would further suggest, that both your paper and the Star, through your local columns, call attention to the meeting in your Thursday's issue so as to insure a full attendance.
CAPE FEAR.

For the Review.
East Mail Trains versus Local Travel and Traffic.
MR. EDITOR:—Have the merchants of Wilmington, in their blind zeal after fast mails, ever stopped to consider the cost? Have they for one moment ever thought of the effect such quick time made by our railroad trains has upon their local travel and upon the trade of Wilmington? If they have not thought of the matter, I beg them to stop and reflect. Let them go to the postoffice, and then read, stuck up in a conspicuous place, Col. A. Pope's order relative to where trains will and will not stop to put off and take up passengers. And let them note that if residents of and contiguous to depots where trains do not stop are not heavy buyers in our city, and that if the fact of these trains not stopping does not tend to alienate said dealers from our city and carry their trade elsewhere by mail?
Now, upon the Northern roads, where the way travel justifies the running of ten to twelve passenger trains per day, the difference is very little; but here, where our companies cannot afford to run but two passenger trains per day, each way—and a part of the year but one—the difference is very great.
I respectfully call this matter to the attention of our merchants, and ask them if they are prepared to sacrifice a large portion of their trade and the money incident to a customer's visit and sojourn in the city upon the altar of FAST MAIL.

Temperance.
A lecture by Theo. N. Ramsay, Esq., Grand Worthy Chief Templar of this State, will be delivered this evening at Temperance Hall. To-morrow evening he will lecture and institute a lodge of Good Templars in Brooklyn Hall. Friends of Temperance and the public are requested to attend.
The Health Ordinance.
We invite attention to the advertisement which appears to-day of the Health Ordinance. Every citizen should read it and note its provisions and all should cooperate in carrying it out faithfully and thus making common cause against disease this Summer. It goes into effect on Friday next June 1st and we hope and believe that it will be rigidly enforced.
Excursionists from Monroe.
The excursion party spoken of by us some weeks ago as in projection from Monroe, Union county, for this city, arrived here last night. They are about one hundred strong and the party consists of some of the best citizens of Union county with their wives and children. Thus far they seem to have enjoyed their visit amazingly and nearly all of them propose to remain here until Friday morning.
The Episcopal Convention.
The Episcopal Convention was to have met in Charlotte this morning, to continue in session for the balance of the week. Some 150 delegates, lay and clerical, were expected, and both Bishop Atkinson and Bishop Lyman were expected to be present. The Charlotte, with their customary hospitality, are making strenuous efforts to entertain them in a becoming manner.
When and How to Eat Fruit.
When fruit does harm it is because it is eaten at improper times, in improper quantities, or before it is ripened and fit for the human stomach. A distinguished physician has said that if his patients would make a practice of eating a few pieces of fruit before breakfast from February to June, his practice would be gone. The principal evil is that we do not eat enough fruit; that we injure its finer qualities with sugar; that we drown them in cream. We need the medical action of the pure fruit acids in our system, and their cooling, corrective influence.

Sensible Advice.
You are asked every day through the columns of newspapers and by your Druggist to use something for Dyspepsia and Liver complaint that you know nothing about; you get discouraged spending money with but little success. Now to give you satisfactory proof that GREEN'S AUGUST FLOWER will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Water brash, coming up of food after eating, low spirits, &c., we ask you to go to your Druggist and get a Sample Bottle of GREEN'S AUGUST FLOWER for 10 cents and try it, or a Regular Size for 75 cents; two doses will relieve you.

An Ordinance
Relating to the Health Department of the City of Wilmington, N. C.
Be it enacted by the Mayor and Aldermen of the City of Wilmington, N. C., and it is hereby ordained by the authority of the same:
SECTION 1. That the Superintendent of Health be required to furnish to the Mayor, monthly, bills of mortality, giving meteorological observations and shall submit to the Mayor, on the first Monday in December of each year, a full report, showing the State of the public health during the past year, with such suggestions and recommendations as may be deemed expedient and proper.
SEC. 2. That Sanitary Inspectors shall perform such duties as may be required of them by the Superintendent of Health, and any delinquency on the part of a Sanitary Inspector, shall justify the Superintendent of Health in suspending him until action is taken by the Mayor, to whom such suspension shall be reported by the Superintendent of Health as early as possible. They shall make their investigations minutely and perform their duties thoroughly, and shall report to the Superintendent of Health the names of all persons who may offer any resistance to them in the performance of their duty.
SEC. 3. It shall not be lawful for the owner or occupant of any lot, ground, house, cellar, vault or enclosure, or any other person found thereon to refuse or delay to open the same and suffer it to be examined by the Sanitary Inspector, acting under orders from the Superintendent of Health, or in any wise to molest, interrupt, hinder, obstruct, or oppose said Inspector, or any of them in the discharge of any of their duties, and any person so offending shall be fined not exceeding Fifty Dollars for each and every offence.
SEC. 4. It shall not be lawful to dig up, open or disturb the surface of the earth within the limits of the city, between the first day of June and the first day of October in each and every year, for the purpose of paving the streets, or excavating for drains, or laying down gas or other pipes, or carrying on any other public improvements, without the permission of the Superintendent

SECTION 5. All persons keeping one or more cows, horses or hogs within the limits of this city, shall keep their stable, pens, enclosures, in which such animals shall usually stand or be dry, and thoroughly cleaned; and once in every fortnight, they shall remove the filth and manure from the same beyond the limits of the city.
SEC. 6. No person shall permit any putrid, noxious or offensive matter, or any filth of any kind to remain or be upon the lot or premises occupied by him, but shall immediately remove the same beyond the limits of the city.
SEC. 7. All privies or necessary houses, or places used as such, shall be emptied or cleaned out or thoroughly disinfected once in every fortnight by the occupants, or in their absence by the owners of the lot on which such privies shall be.
SEC. 8. No owner of any lot shall suffer any manure or other waste to grow thereon, but all lots shall be kept free and clean therefrom by the owners.
SEC. 9. No person shall place, deposit, throw, pour or convey by any drain or gutter, into or upon any street, alley, yard, or other public place within the city, any dead animal, offal, garbage, filth, manure, feculent matter, food or putrid water, or other fluid, or any matter offensive to the smell or injurious to health, nor shall any person keep or suffer to remain any of the articles or things above mentioned in any place for a longer time than twenty-four hours. Every person violating any of the provisions of the last seven preceding paragraphs of this section shall forfeit and pay Twenty Dollars.
SEC. 10. The several Cemetery Companies within the city shall, monthly, on the first day of each month, furnish to the Superintendent of Health, certificates of the deaths of all persons dying within the city, showing the causes of death, age and date of death, under a penalty for neglect of Ten Dollars in each and every offence, and the Secretaries of said Cemetery Companies shall not allow any interment in their respective cemeteries without a certificate from the physician who attended the case, and in case any person shall die in the city, unattended by any physician or surgeon, it shall be the duty of the Superintendent of Health to furnish such certificate before the interment can be made, under a penalty for each and every offence of Ten Dollars.
SEC. 11. No other person than the Superintendent of Health, or a physician in charge, or surgeon who has a diploma, or license to practice medicine from some regular medical college, shall give the certificate herein required, to be delivered with dead bodies upon interment under a penalty of Fifty Dollars for each and every offence.
SEC. 12. The Superintendent of Health shall furnish to each practicing physician blank certificates in the form following:
I hereby certify that _____ died on the _____ day of _____, 18____, of _____, _____ street, aged _____ years and _____ months, a native of _____, and has resided in Wilmington _____ years and _____ months, and pursued _____ a _____ profession or trade, _____ M. D., _____ Attending Physician.
Or
Superintendent of Health.

SECTION 13. This ordinance shall be in force from and after the first day of June, 1877.
SEC. 21. Any ordinance or parts thereof conflicting with the provisions of this ordinance are hereby repealed.
The above ordinance was passed by the Board of Aldermen, at their meeting, held May 15th, 1877. T. C. SHERRER, Clerk and Treasurer.

New Advertisements.

of Health; any person or persons, or incorporate bodies or companies, so offending, shall be fined not exceeding Fifty Dollars for each and every offence. Provided, however, that agents, may at any time during the year, lay down service pipes in any street, lane or alley of the city, in which main pipes have already been laid, upon the express condition and proviso, however, that between the first day of June and the first day of October in any year, each piece of pavement restored during the day in which the surface of any street, lane or alley is opened for the purpose aforesaid, and the work must be done in all cases under the supervision of the Superintendent of Health.
SEC. 5. No Wharf, whenever the timbers thereof shall have become imbedded in the mud and water, shall be repaired from the first day of June to the first day of November in each and every year, without first obtaining the consent of the Superintendent of Health, and any person violating the provisions of this section, shall be fined not exceeding Fifty Dollars.
SEC. 6. The Market House and the lower Western portion of Market street, known as the fish market, shall be thoroughly washed off by the Clerk of the Market, twice a week, Saturday and Wednesday evenings, and often, if required by the Superintendent of Health, from the first day of June to the first day of November, in each and every year.
SEC. 7. No fresh meat shall be allowed to remain in the market house or any of the private markets of the city, except when enclosed in an ice box, from the first day of June to the first day of October. Any person violating this section of this ordinance, shall be fined not exceeding Ten Dollars.
SEC. 8. All vessels from the West Indies or any of the Islands or any port, where yellow fever attacks, laden with ballast, shall be required to discharge their ballast, at least two miles down the river, before coming up to the City, under the supervision of the Superintendent of Health, who shall be allowed a fee of Fifty Dollars for his services, to be paid by the vessel. Any person violating this ordinance shall be fined not exceeding Fifty Dollars. This ordinance shall be in force from June 1st to November 15th in each and every year.
SEC. 9. All cellars, excavations or open spaces, under any building, in which water stands, or which stagnates, or rises, or which are damp and in which foul and unwholesome air is generated or found, shall, upon the notification and requirement of the Health Officer, which it shall be his duty to give, be filled up by the owners thereof to the level of the street or alley adjoining thereto, with sand or gravel or some other insubstantial substance. And all lots on which water remains and stagnates, or which are generally wet and damp, and all lots situated below the level of the next adjacent street or alley and from which there is no suitable drain or gutter of a permanent character sufficient readily to vent water from the same, shall, upon like notification and requirement, which it shall be the duty of the Health Officer to give, be filled up by the owners in the manner aforesaid, or so drained by gutters, culverts or drains as to be kept free from water or dampness. Every person failing to comply with the foregoing provisions of this section, after notification and requirement from the Health Officer, shall be fined not exceeding Twenty Dollars for each and every day of such failure, and moreover, shall be liable to the expenses of filling up or draining the same, to be done at the expense of the city.
SEC. 10. All occupants of houses, with cellars, and if there be no occupants, then the owners, shall cause all dirt, filth and rubbish to be removed from such cellars, and the same to be cleaned and whitewashed whenever and as often as they shall be notified and required by the Health Officer so to do.
SEC. 11. All occupants, and if there be no occupants, then the owners, of all stores, shops and warehouses shall remove therefrom all fish, beef, pork, hides, or other matter or articles whatsoever, which may be putrid or offensive to the smell, or may tend to corrupt the atmosphere, and shall ventilate and cleanse their building whenever notified and required by the Health Officer.
SEC. 12. All persons keeping one or more cows, horses or hogs within the limits of this city, shall keep their stable, pens, enclosures, in which such animals shall usually stand or be dry, and thoroughly cleaned; and once in every fortnight, they shall remove the filth and manure from the same beyond the limits of the city.
SEC. 13. No person shall permit any putrid, noxious or offensive matter, or any filth of any kind to remain or be upon the lot or premises occupied by him, but shall immediately remove the same beyond the limits of the city.
SEC. 14. All privies or necessary houses, or places used as such, shall be emptied or cleaned out or thoroughly disinfected once in every fortnight by the occupants, or in their absence by the owners of the lot on which such privies shall be.
SEC. 15. No owner of any lot shall suffer any manure or other waste to grow thereon, but all lots shall be kept free and clean therefrom by the owners.
SEC. 16. No person shall place, deposit, throw, pour or convey by any drain or gutter, into or upon any street, alley, yard, or other public place within the city, any dead animal, offal, garbage, filth, manure, feculent matter, food or putrid water, or other fluid, or any matter offensive to the smell or injurious to health, nor shall any person keep or suffer to remain any of the articles or things above mentioned in any place for a longer time than twenty-four hours. Every person violating any of the provisions of the last seven preceding paragraphs of this section shall forfeit and pay Twenty Dollars.
SEC. 17. The several Cemetery Companies within the city shall, monthly, on the first day of each month, furnish to the Superintendent of Health, certificates of the deaths of all persons dying within the city, showing the causes of death, age and date of death, under a penalty for neglect of Ten Dollars in each and every offence, and the Secretaries of said Cemetery Companies shall not allow any interment in their respective cemeteries without a certificate from the physician who attended the case, and in case any person shall die in the city, unattended by any physician or surgeon, it shall be the duty of the Superintendent of Health to furnish such certificate before the interment can be made, under a penalty for each and every offence of Ten Dollars.
SEC. 18. No other person than the Superintendent of Health, or a physician in charge, or surgeon who has a diploma, or license to practice medicine from some regular medical college, shall give the certificate herein required, to be delivered with dead bodies upon interment under a penalty of Fifty Dollars for each and every offence.
SEC. 19. The Superintendent of Health shall furnish to each practicing physician blank certificates in the form following:
I hereby certify that _____ died on the _____ day of _____, 18____, of _____, _____ street, aged _____ years and _____ months, a native of _____, and has resided in Wilmington _____ years and _____ months, and pursued _____ a _____ profession or trade, _____ M. D., _____ Attending Physician.
