

CAROLINA.

Correspondent report a severe frost in the mountains on Friday last, but with no effect on the fruit crop.

There have been 79 cases of measles at the Deaf, Dumb and Blind Institution, not one of which was fatal, and all are now doing well.

Newborn Nat Shell: Three young men went from this office yesterday morning to try their luck in the "new fishing place" below Newbern, and caught over 200 fish.

A farmer in Montgomery county, writes to the Raleigh News that the present wheat prospects in Montgomery, Randolph, Stanly, Rowan and Davie, are the finest in ten years.

His Excellency, Gov. Vance, is in receipt of an invitation to attend the Soldiers' and Sailors' National Reunion, 4th annual encampment, to be held at Marietta, Ohio, September 4th, 5th, 6th and 7th.

Statesville Landmark: The invitation extended Rev. T. D. Witherspoon, pastor of the Presbyterian Church in Petersburg, Va., to address the literary societies of Davidson College, during commencement, has been accepted.

Statesville Landmark: The wheat crop in this county, is now quite promising, having improved greatly within the last few weeks. Though many contingencies may arise, in history of the wheat crop, yet the prospect at present is quite flattering.

Wadesboro Herald: The wheat and oat crop in this section is promising. In fact, from the prospect now, it will be the best known for several years. The late spring and former experience have prevented the planting of as much cotton this year as usual by our farmers, and the recent cool nights have badly hurt that which has been planted.

Magnolia Record: Swansboro, in Onslow county, is a delightful place. It is situated on a high bluff on the south side of White Oak River, at its mouth. The ocean is distinctly visible. The Bogue Banks near the town are among the most beautiful on the coast.

Magnolia Record: Several weeks ago we published an account of an outrageous murder in Duplin county. The murder was committed; but it seems that what purported to be the facts of the case were mere rumors, which, upon investigation, failed to be established.

Episcopal Convention.

A large number of delegates to the Convention arrived last night, and were met at the train by members of the Vestry of St. Peter's Church and taken to private residences, a few stopping at the hotels.

The convention will be opened this morning at 11 o'clock in St. Peter's Church, corner of Tryon and Seventh streets, by the full service, and a sermon by some one of the clergy appointed by the Bishop. The delegates will move into the church in procession.

It is expected that the convention will be organized immediately after the services, and then adjourn till the afternoon when it will take up the regular business.

To Enter the Ministry.

Among the most interesting features of the approaching convention of the Episcopal Church of North Carolina to the people of Charlotte, will be the ordination of Col. E. A. Osborne to the ministry. It is a well known fact in the community that Col. Osborne prepared himself for the ministry two years ago, but was compelled to stop his course just before the time for his examination on account of an affection of the eyes.

Col. Osborne is a man of high culture and refinement, a most energetic and conscientious worker, and will adorn the high and noble profession which he has adopted. It may safely be predicted that he will immediately take a position among the first ministers in the Episcopal Church of North Carolina.

The People Want Proof!

There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue as BOSCHER'S GERMAN SYRUP for severe Coughs, Colds settled on the chest, Consumption, or any disease of the Throat and Lungs.

PROSPECTUS

OF THE

Maryland Medical Journal,

BALTIMORE, MD.

ON THE FIRST DAY OF MAY NEXT,

the undersigned will issue, in the city of Baltimore, the first number of THE MARYLAND MEDICAL JOURNAL. It will be a monthly publication, devoted to the advancement of Medicine in all its branches.

Each issue of the Journal will contain original articles, from representative men in the profession. Careful selections from foreign and home journals will be made with a special view to the requirements of the practitioner.

Reports of the progress of Surgery and Medicine in their special, as well as general branches, including Diseases of the Eye and Ear, Diseases of the Nervous System, Diseases peculiar to Women, and Diseases of the Throat and Chest, will be regularly given by men eminent in these several branches.

The proceedings of Medical Societies will be published as often and as fully as their importance justifies. Prominence will be given to rare and interesting cases in Hospital and Private Practice.

No labor or expense will be spared to render the MARYLAND MEDICAL JOURNAL, a welcome visitor to every physician desirous of keeping pace with the progress of Medical Science as developed both abroad and at home.

Contributions, on subjects of interest to the profession, respectfully invited.

Each number will contain not less than forty pages, printed from new type, on heavy colored paper of the finest quality.

The subscription price will be \$3 per annum, invariably in advance, delivered free of postage.

FERTILIZERS.

COTTON for GUANO

A Fair Exchange.

THE CELEBRATED FERTILIZER

WILCOX, GIBBS & CO.'S

Manipulated Guano

IS OFFERED ON THE FOLLOWING LIBERAL TERMS:

ON CREDIT TO 1st NOVEMBER, 1877, at \$70.00 per ton, with 10% discount on the basis of 15 cents or Middling, delivered at Planters' depot, (Planter paying expenses on Guano to destination.)

The Advantage

To the Farmer in buying on these terms is plain, as he will know when he buys Guano, that 467 pounds Cotton (Middling) will pay for a ton, no matter how low the price may be, and can make his calculations accordingly.

UNEQUALLED;

as has been thoroughly established by the use of the many thousand tons sold. Our Agents sell on same terms.

Wilcox, Gibbs & Co.

IMPORTERS AND DEALERS IN GUANO, Charleston, S. C., and Savannah, Ga.

We do not publish certificates, as the MANIPULATED GUANO is well known from its long and extensive use, that it is unnecessary to do so. There is hardly any section in South Carolina, Georgia, North Carolina, or Alabama, where it is not used, and instead of giving certificates we would refer you to the Planter, your immediate neighborhood who have used it, who can testify personally to its value.

JAS. T. PETTEWAY, Ag't,
