Ex Mayor Canaday.

By the municipal changes of te-lay we bid an official farewell to this gentleman. For four years past he has filled the effice of . Mayor of this city and although we have been his political opponent during all that time yet we cannot but give expression here to the fact that so far as our closest observation has extended Mr. Canaday has filled the position gracefully, equitably and honorably. We believe that he has done his duty to the best of his ability and his opportunities and that although he has led the opposition element in politics in this section for several years past yet that he has remembered and has conscientiously endeavored to carry out the obligations of the high municipal office which he has held. And this sentiment, we are happy to say, is shared by many of Mr. Canaday's most active political opponents in this city.

Mr. Canaday has our best wishes for his future success in all save his political undertakings.
