

THE DAILY REVIEW.

VOL. 2 WILMINGTON, N. C., MONDAY, JUNE 18, 1877. NO. 126.

of the mountain side and comfortably provided. Under no circumstances will he hold conversation with a female. His visits to Morganton are few and far between, but when here, his dress and conversation is that of an ordinary man of the world.

Raleigh News: The report is current that the wires of the Atlantic & Mississippi Telegraph Company will reach this city in about six weeks. This company established an office in Portsmouth, Va., Friday, and expected to have one in Norfolk yesterday. We hear that this company goes into the business with a capital sufficient to guarantee success.

Sensible Advice.

You are asked every day through the columns of newspapers and by your Druggist to use something for Dyspepsia and Liver complaint that you know nothing about; you get discouraged spending money with but little success. Now to give you satisfactory proof that GREEN'S AUGUST FLOWER will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Constiveness, Palpitation of the Heart, Heart-burn, Water brash, coming up of food after eating, low spirits, &c., we ask you to go to your Druggist and get a Sample Bottle of GREEN'S AUGUST FLOWER for 10 cents and try it, or a Regular Size for 75 cents; two doses will relieve you.

The Mails.

The Mails close and arrive at the City Postoffice as follows:

Northern through mails	4:45 P. M.
Northern through and way mails	6:15 A. M.
Mails for N. C. and A. & N. C. Railroads, and routes supplied therefrom	5:15 P. M.
Southern mails for all points South	4:00 P. M. daily
Western mails (C. C. R. W.) daily (except Sundays)	5:00 P. M.
Fayetteville, and offices on Cape Fear River, Tuesdays and Fridays	1:00 P. M.
Mails for points along line of Chesapeake and Carolina R. R.	11:30 A. M.
Fayetteville by C. C. R. W. daily (except Sundays)	6:00 A. M.
Mails for points between Florence and Charlotte	11:30 A. M.
Onslow C. H. and Intermediate offices every Friday	6:00 A. M.
Smithville mails, by steamboat, daily (except Sundays)	8:00 A. M.
Mails for Easy Hill, Town Creek, every Friday at	6:00 A. M.

ARRIVE.

Northern through mails	12:45 P. M.
Northern through and way mails	3:50 P. M.
Southern mails	7:00 A. M.

The hottest day of the season by a long odds.

Furnanski's bath tubs are an institution this weather.

The long, low-peaked bodies has at length reappeared.

A slight shower of rain—a very slight one—this forenoon.

Don't you catch a cold in this queer weather. Just let it pass you.

The newest society stockings are of a pale rose hue, in Lisle thread.

The thermometer stood at 92 degrees in the shade at 12 o'clock to-day.

Indulge the bath now, remembering that cleanliness is next to godliness.

Huckleberries have "rized" and you couldn't buy them for less than 8 cents a quart on Saturday.

To-morrow is to be the big day at the City Hall, for it is then that the news will go in and the olds will go out.

The steamer *Gov. Worth* is lying at Eagle Island, nearly opposite Market street, where a new pilot house is being put on her.

There seems to be a general respect entertained now for the "jimson" weed. Since our article on the subject everybody lets them grow.

The ladies meet this afternoon at 9 o'clock in the Library Room, to decide upon some means for aiding the Whiting Rifles in the purchase of their uniforms.

The gourmet talks eloquently about truffled quails, *pate de foie gras* and other such delicacies. Pin him down though, and you'll find he admits the supreme importance of good bread, biscuits, rolls, etc. Here all agree on the basis of true gastronomy. To be sure of the most delicious things baked from flour use DOOLEY'S YEAST POWDER.

This is the last week for listing taxes. The wise man will go up and give in his taxables at once, but the foolish will pass on and be taxed double.

If a man wants to know what true inwardness is let him try some early cucumbers and top off with a couple of slices of the first watermelons of the season.

The Board of Aldermen met as we go to press for the purpose of filling the city offices, yet unfilled, with the exception of that of Clerk and Treasurer which has been postponed until July.

The crack of the rifle can now be heard early morn and evening, at the rifle range on Eagle Island. It is very amusing to see the various and favorite positions taken by the rifle team at their daily practice.

The young gentlemen of the Philomathean Literary Society realized about \$50, clear of all expenses, by the address recently delivered by Hon. Geo. Davis, which is considered a very satisfactory result.

The first green corn of the season was in market on Saturday afternoon. The cars were plentiful, and the price was Broddinagian—50 cents a dozen—and it would take a dozen of them to make one respectable ear which was at the rate of \$6 a dozen for roasting ears.

The long coil of hair is the latest coiffure. They look like curls a yard long, but they are to be made, when put on the head, in a loose knot, leaving the two ends for short curls. These coils are very light and fluffy, being made of natural curly hair. This style of dressing the hair is destined to entirely supersede the ugly French twist.

The Scholastic Year.

The close of the scholastic year is near at hand and the little ones are rejoicing. Nearly all of the city schools will close with the month and then there will be long reports of the closing exercises, and after that a rest for the reporter, but only such a rest as the wicked know.

The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:

Augusta, 78; Charleston, 84; Columbia, 69; Galveston, 70; Indianapolis, 73; Jacksonville, 78; Key West, 83; Mobile, 77; Montgomery, 66; New Orleans, 81; Norfolk, 71; Punta Rasa 81; Savannah, 70; St. Marks, 78; Wilmington, 81.

Refreshing.

A grateful drink may be easily prepared from lemons, which can be kept for use during these warm and sultry summer days, by removing all the pulp from the peels, and boil them in water—in proportion of a pint for a dozen pulps, to extract the acid. Boil a few minutes then strain the liquid and put a pound of white sugar to a pound of juice. Boil all ten minutes and bottle. A teaspoonful of this lemon syrup in a glass of water makes a cool and refreshing drink.

To the Front Again.

The cow question is coming to the front again and it will be necessary for the Board of Aldermen to heed it. The bovines are allowed to roam at will through the city and nothing less than a ten rail fence and gates of brass with locks of steel are sufficient to keep them out of the gardens. It works well—for some people. They feel less and get more milk, but it is hardly healthy for the souls of those whose gardens feed other people's cows.

How to Select Flour.

First, look at the color. If it is white with a slight yellow or straw-colored tint, buy it. If it is very white, with a bluish cast or with specks in it, refuse it. Second, examine its adhesiveness. Wet and knead a little of it between your fingers. If it works soft and sticky, it is poor. Third, throw a little lump of dry flour against a smooth perpendicular surface; if it falls like powder, it is bad. Fourth, squeeze some flour in your hand; if it retains the shape given by the pressure, that too is a good sign. Flour that will stand these tests it is safe to buy. These modes are given by our flour dealers, and they pertain to a matter that concerns everybody, namely—the staff of life.

A scientific authority ascribes the longevity of the Israelites to the fact that, while they do not exhaust themselves by bodily exercise, they observe the laws of Moses in regard to diet.

Personal.

Maj. Burgess, of Alexandria, Va., the gentleman of whom we spoke a few days ago as intending to open the Cape Fear Military Academy here next Fall, is in the city for the purpose of making the necessary arrangements. The Academy will probably be opened about the first of October, the particulars of which will appear in our columns in a few days.

In Order.

Boat races, tub races and horse races (anything but the human race) are now in order. It is a hard matter to keep these latter in condition in such weather as this. But a boat race on the river would prove an agreeable entertainment for the many just about this time and the Carolina Yacht Club might treat us to one preparatory to their grand regatta at the Sound on the Fourth.

The Excursion To-Morrow.

We would again remind our readers that the excursion to be given at Col. McIlhenny's plantation, in Brunswick county, for the benefit of the St. Paul's Lutheran Sunday School, will take place to-morrow. If this weather continues it will be a splendid day for getting away from the city for a short time and at a very slight cost. The boat will leave Market street wharf promptly at 8 o'clock A. M. and again at 11 o'clock.

A Good Time Among the Colored People.

A grand excursion of colored people will visit this city from Charlotte on the 25th. At this point arrangements have been made for a trip to the Seaside on the steamer *Waccamaw*, the excursionists from Charlotte to be joined here by a number of the colored people of this place and this excursion is to be made on Tuesday, the 26th. On that day Giblers and Mt. Nebo lodges will celebrate St. John's Day at Smithville and the interest of the occasion will be still further enhanced by a pig fish dinner and yankee clam bake. On the 27th, in this city the order of Good Samaritans of Charlotte and Wilmington will hold their Grand Lodge meeting and parade. Jos. C. Hill is Chairman of the committee of arrangements here, and Thos. H. Lomax is chairman of the Charlotte committee.

Alligator Children.

From a very reliable source we learn of one or rather two of the most singular phenomena of the age. Near Valdosta, Ga., are two children, known as the "Alligator Children." The upper portion of their bodies is in every respect human, while the lower part has the appearance of an alligator. They have never been known to assume an upright position though they are between the ages of 22 and 26. Strange to say they are not twin children, and like the alligator, their habits are amphibious. The last time Robinson's circus was through that county "Old John" saw them and offered large inducements to the parents for the privilege of showing them, but was refused by the parents who are in very destitute circumstances and of obscure origin. The "Alligator children" are idiots and when seen by Robinson were lying in a pool of water.

These facts have been furnished us by a gentleman in this city who was recently at Valdosta and who himself saw these strange creatures.

The Review for the Summer.

Persons leaving the city for the various watering places, country residences or resorts, or those going abroad, can have the DAILY REVIEW mailed to any address by ordering the same at this office, at 15 cents for one week, 25 cents for two weeks, 40 cts for three weeks, 50 cents for one month, \$1.50 for three months, \$3, for six months, payable in advance at this office. United States postage prepaid.

A Medicine of Many Uses.

A medicine which remedies dyspepsia, liver complaint, constipation, debility, intermittent and remittent fevers, urinary and uterine troubles, depletes the blood, counteracts a tendency to rheumatism and gout, and relieves nervousness, may be truly said to have many uses. Such an article is Hostetter's Bitters, one of the most reliable alternatives of a disorderly to a well ordered state of the system ever prepared or sold. It has been over a quarter of a century before the public, is endorsed by many eminent professors of the healing art, and its merits have received repeated recognitions in the columns of leading American and foreign journals. It is highly esteemed in every part of this country, and is extensively used in South America, Mexico, the British possessions and the West Indies. If its increase in public favor in the past is to be regarded as a reliable criterion of its gain in popularity in coming years, it has indeed a splendid future before it. June 18th.

Magistrate's Court.

Charles Howard was before Justice Gardner to-day charged with assault and battery on the person of Sallie Grant. He was found guilty but judgment was suspended on payment of costs.

The Fourth.

An excursion party to the Blackfish Grounds is being gotten up by the sturdy old men of the community for the glorious Fourth. The steamer *Douglass* has been chartered for the occasion and the excursionists are anticipating a good time. We hope their dreams of pleasure may be realized to the fullest extent.

Watch Stolen.

Yesterday Alfred Williams, who lives near Chadbourn's mills, was robbed of a silver watch. Williams left his house in the morning, leaving the watch in the possession of a woman and upon his return home found that the house had been visited by some dusky Lothario, and the watch was no where to be found.

City Court.

But one case before the Mayor this morning, and that for an offence that will be committed as long as the world stands and a man can crook his elbow or turn his little finger over his thumb. Prohibition or no prohibition, His Honor said \$3 for the privilege. The poor devil forked over the amount and was about to depart, when the Mayor admonished him that the second offence would bring with it a greater penalty.

Gen. Wm. McRae.

We have heard it stated that Gen. Wm. McRae, formerly of this city, but now Superintendent of the Western & Atlantic (State) R. R. has been offered the Superintendency of the Cincinnati & Southern R. R., one of the greatest railroad enterprises in the country. It will prove an eminent position, but we believe that Billy McRae can fill it as ably as any man in North America. It is not known, as yet, whether or not he will accept the position.

Criminal Court.

The following cases have been disposed of in this Court since our last report: State vs. Mary Williamson charged with retailing without a license, in two cases. Both cases continued for the term. Defendant recognized in \$100 in each case with surety, for her appearance at the next term. State vs. Charles Southerland and Prince Kelley. Defendants submit in all other cases against them not tried. Judgment suspended. State vs. Chas. M. Epps, charged with forgery. Affidavit for removal overruled. Case on trial.

A True Lady.

Beauty and style are not the surest passports to respectability—some of the noblest specimens of womanhood that the world has ever seen have presented the plainest and most unprepossessing appearance. A woman's worth is estimated by the real goodness of her heart, the greatness of her soul, and the purity and sweetness of her character; and a woman with a kindly disposition, and a well-balanced mind and temper, is lovely and attractive; be her face ever so plain, and her fingers ever so homely, she makes the best of wives and the truest of mothers. She has a higher purpose in living than the beautiful yet vain and supercilious woman who has no higher ambition than to flaunt her finery on the streets, or to gratify her inordinate vanity by extracting flattery and praise from society whose compliments are as hollow as they are insincere.

Messrs. Wagner and Black will attend again to-morrow at Justice Harris' office for the purpose of listing the taxables in Masonboro and Harnett townships. This is the last chance.

A big thunder cloud rose in the Northwest this afternoon, but it scattered before it reached us.

Black grenadine dresses are trimmed with bands of jet.
