3 FIRST—The Last Days of Pompeii.  
Wagon GIGS, Chm'n Board Audit and Finance—Notice.  
W. J. BOWMAN—Just Received, Stone Ware  
A. BURN—No Old Goods to Work Off.  
See ad. "City of Wilmington—Sealed Proposals."

Blackish are beginning to find their way to market.  
Time's chariot wheels make their road in forest faces.  
Stumps sold in market yesterday at 10 cents a quart.  
Never kill a fly, with a club when a father will do as well.  
Fife blue-thread gloves, costing at much as 100 cents, are now worn.  
Rainbows this year are very beautiful, with the horizon for a string.  
It is a fact that Spring chickens the size of partridges sell in this market at 25 cents apiece.  
Never relate your misfortunes to a neighbor, and never grieve over what you cannot prevent.  
The young ladies from this city attending school at St. Mary's, Raleigh, returned home yesterday.  
The thermometer registered 92 in the shade to-day at Messrs. T. W. Brown & Son's jewelry store, on Market street.  
A subscriber writes us that since his daughters have discarded the old style of hair, his paper is no longer in arrears.  
There is still good boating water in the river and the steamers from Fayetteville arrive here now not later than midnight.  
The price of whiskey is increasing so rapidly that only the rich and proud can afford to have any bread in the house.  
When proposing to a widow, the question whether her first husband is dead or alive should be put as delicately as possible.  
Truthfulness is a corner stone in character, and if it is not firmly laid in youth, there will be a weak spot in the foundation.  
The bottoms of dress skirts are cut in with pleases underneath, either the same color or the color of the bows and trimmings.  
Yesterday and to-day have been unusually sunny for this section where generous showers have a habit of playing all day and all night too, during the summer season.  
When a man gets on the down hill side of misfortune about the only consolation left him seems to be to kick any other man who happens to be going down still faster.  
The lightning rolled and the thunder rumbled, for words to that effect pretty considerably last night, and a pleasant shower of rain followed, although there was not as much of it as we would have liked.

Are we to have a target match on the 600 yard rifle range on the "Fourth?"

The fizz of the soda fountain is heard in the land, and the tender thereof watcheth the left eye of his customer.

A gentleman of much experience is shortly to erect and put in operation a whiskey distillery at Greensfield mill pond near this city.

Only six circuses will take the road this summer, and the small boy who isn't very good will run a chance of being left outside the canvass.

The work of rebuilding the Cape Fibre Co's works in the Southern portion of the city is being pushed forth vigorously by the energetic managers, Messrs. Stearn & Perkins.

### Very Ill.

We regret to learn that Mr. Horace A. Burr and Adam Empe, Esq., are lying very ill at their respective residences in this city. We hope the street reports of their condition are very much exaggerated.

### The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:

Augusta, 78; Charleston, 82; Corsicana 76; Galveston, 82; Indianola, 85; Jacksonville, 84; Key West, 86; Mobile, 80; Montgomery, 80; New Orleans, 78; Norfolk, 77; Punta Rasa 83; Savannah, 85; St. Marks, 79; Wilmington, 78.

### Correcting an Error.

We were in error yesterday in stating that the term of the present Board of County Commissioners would expire next August, as they will hold until December of next year. In August, 1878, a new Board of Commissioners will be chosen by the Justices of the Peace in the county but the new Board will not be qualified until the first Monday in December at which time the Sheriff and other county officers who will have been elected by the people in the first Monday in August, 1878, will also qualify. An election for members of the Legislature will also be held in August of next year.

### Administering the Oath of Office at the City Hall.

At 10 o'clock this morning Mayor Dawson took his seat in the City Court Room and directed Capt. Brock, Chief of Police, to call the roll of the newly elected officers and privates of the police force. Capt. Cowan, Capt. Fitzgerald, Sergeants Savage, Forest, Taylor and 35 privates answered to their names, whereupon the City Clerk read the oath of office, after which the Mayor read the oath, to which all assented by holding up their right hands. The whole force, commencing with the officers, then subscribed to the oath over their own signatures on the record book of the city.

His Honor then addressed the police as follows: He told them that they would be held to a strict accountability for the performance of their duties, and they would be required to obey the orders of their superior officers in every particular, and he took occasion to warn them, if they were brought before him for any neglect of duty, he would act towards them without fear or favor, and if the occasion required it, would unhesitatingly suspend them from duty, trusting to the Board of Aldermen to sustain him in this action, which he believed they would do.

The Mayor instructed the police in regard to their duty towards drunken men, and admonished them about a too free use of the club. His Honor spoke very sensibly upon the subject and we hope and believe that his instructions will be carried out, and that no such disgraceful scene as was witnessed a few weeks ago will ever again be enacted on our streets by officers of the law clubbing a poor drunken wretch, as some of the former police force did the poor white soldier from Smithville.

The new policemen were instructed specially by His Honor in regard to the too frequent robberies committed in this city, and he charged them all that whenever a case of this kind occurred he would hold the officer of that beat upon which the robbery was committed to a rigid accountability.

The new police force have already entered upon their duties. Ten have been assigned to the day force and twenty-five will be reserved for the night force. The new janitors and messenger go into office to-day also, and the whole will draw their pay from to-day; at least so said His Honor, the Mayor.

### Yesterday's Excursion and Pic Nic.

We are glad to learn that the family excursion given yesterday to Col. McIlhenny's plantation, for the benefit of St. Paul's Lutheran Sunday School, was in every way a pleasant and enjoyable affair, and that the financial success was satisfactory. The following will explain itself:

### ON BOARD STEAMER NORTH EAST, BRUNSWICK RIVER, JUNE 19.

At a meeting of the passengers, held on board of the steamer, Mr. A. Adrian was called to the chair and W. H. Gerken requested to act as Secretary.

On motion a committee of five was appointed to draft resolutions expressive of the thanks of the meeting to Capt. R. P. Paddison and Col. T. C. McIlhenny.

The chair appointed the following as the committee: Rev. F. P. Cook, John Haar, Jr., H. B. Eilers, A. D. Brown and W. H. Gerken, who submitted the following preamble and resolutions:

WHEREAS, The pleasure and success of the excursion, under the auspices of the teachers of St. Paul's Evang. Lutheran church, has been greatly promoted by the kindness of Capt. Paddison of the steamer North East, and Col. McIlhenny, the proprietor of the excursion grounds; therefore, be it

Resolved, That our sincere thanks are due and are hereby tendered to the above named gentlemen.

Resolved, That a copy of this preamble and resolution be furnished The Morning Star and EVENING REVIEW with a request that the same be published.

A. ADRIAN, Chm'n.  
W. H. GERKEN, Secretary.

### Ladies Benevolent Society.

Most cheerfully do we give place to the following appeal from the President of the Ladies Benevolent Society with the hope that the hearts of some among us may be touched and the aid so urgently needed be promptly rendered:

Most reluctantly, the President of the Ladies Benevolent Society feels constrained to present for the consideration of the community a subject which, is of vital interest to all who desire to promote the comfort and well-being of society around us—the care of the sick—those who are reduced in circumstances by want of employment, and cannot even by food. Many of these are daily referred to medicines and hearted physicians, and suitable diet, and they have received all the aid we could cash with our limited means. Last year our funds being nearly expended, we found it necessary to desist from dispensing medicines, and reserve the amount left for food. This was made known through the press, the supply of medicines being left for the county. After a while we were informed the county officers would do this, only requesting (for what reason, we know not) that the President's signature should endorse each prescription. This was not refused—is still continued. To-day we are told that the county now contracts (for good reasons) only for the amount of \$15 per month in drugs, and the Society is supposed to be responsible for the rest. There must be medicine in sickness. Already the county contract for the current month is filled and the question comes: "Will the Society supply the balance?" Several are in critical condition and penniless; to stop this aid without warning were cruel. We take the responsibility to the close of the present week, perhaps of the month, hoping to gain the attention of the physicians and those in the community who can aid us in devising some plan for relieving the distressed at this point. If sufficient means are placed in our hands, we will cheerfully do our part in relieving the suffering which must accrue from sickness and poverty combined. If this aid is withheld we sorrowfully confess that not only the promise of further aid than has been given for some months past, chiefly corn meal and an occasional piece of fresh beef for a destitute family, with a little coffee or tea and sugar for invalids and aged people and for the sick rice, crackers, eggs and sometimes a stimulant prescribed by the doctors. Four months remain to the end of our year, and the funds are barely sufficient to do this. Friends of humanity! think for us and lend us a helping hand.

### Love's Telephone.

If a gentleman wants a wife, he wears a ring on the first finger of his left hand; if engaged, on the second finger; if married, on the third; and on the fourth if he never intends to be married. If a lady is not engaged, she wears a ring on her first finger; if engaged, on the second; if married, on the third, and on the fourth if she intends to die an old maid. Thus by a few simple signs the passion of love is expressed, and the most difficult man can make his sentiments known.

### The Review for the Summer.

Persons Leaving the city for the various watering places, country residences or resorts, or those going abroad, can have the DAILY REVIEW mailed to any address by ordering the same at this office, at 15 cents for one week, 25 cents for two weeks, 40 cts for three weeks, 50 cents for one month, \$1.50 for three months, \$3, for six months, payable in advance at this office. United States postage prepaid.

### Board of Aldermen.

An adjourned meeting of the Board of Aldermen was held yesterday afternoon present, His Honor, the Mayor, and Aldermen Myers, Flanner, Bowden, Von Glahn, Vollers, Foster, Lowrey, King and Hill.

The Special Committee, consisting of Aldermen Foster, Flanner and Vollers, appointed at the last meeting, to take into consideration what measures, if any, are necessary to carry out the requirements of section 10 of the act to establish a Board of Audit and Finance for the city of Wilmington, reported to the effect that the Board of Aldermen was ready to receive sealed proposals for lighting and keeping in order the city lamps, furnishing material, &c., for improving streets, alleys, &c., for the necessary printing for the city; advertising; furnishing bricks, lumber, &c.; bids for the same to be handed in to the Mayor on or before June 30th, 1877.

The Board then went into an election for five Commissioners of Navigation and Pilotage, with the following result:

Jas. H. Chadbourne, James Sprunt, D. McLae, H. B. Eilers, D. G. Worth.

The Board then proceeded with the election of Chief of the Fire Department. Col. Roger Moore was chosen on the first ballot, the vote standing as follows: Roger Moore 9, W. F. Lessman 1.

The Board then balloted for Assistant of Fire Department, with the following result:

Owen Dove 6, W. F. Lessman 2, R. A. Beery 2.

Owen Dove, colored, was declared duly elected.

The Standing committees were next announced by the Mayor as follows:

On Finance—Aldermen VonGlahn and Foster.  
On Police—Aldermen Vollers and Bowden.  
On Streets and Wharves—Aldermen Foster and Vollers.  
On Public Buildings—Aldermen Myers and Hill.  
On Fire Department—Aldermen Bowden and Lowrey.  
On Lights—Aldermen Lowrey and King.  
On Market and Fees—Aldermen VonGlahn and Hill.  
On Ordinances—Aldermen Flanner and Myers.  
On Sanitary Regulations—Aldermen Flanner and King.

On motion of Alderman Hill, the election of City Attorney was fixed for the meeting on the first Monday in July.

On motion of Alderman Foster, the election of City Physician or Superintendent of Health was fixed for the same date.

The Board then adjourned.

### A Nut for Legal Lights to Crack.

A stranger in the city calls on a well known firm and borrows a small amount for a few hours, leaving his watch as collateral to secure the loan. In his absence one of the firm holding the watch lets it back three-quarters of an hour. In due time the borrower returns, repays the money, takes his watch and hurries away to catch the train upon which he is to leave the city; but finding, as he thinks, that he has abundance of time, he stops on the way, and on arriving at the depot the train is gone, and he has to remain over twenty-four hours. He now demands of the firm who held his watch that they pay his expenses while delayed. Query: Has he a remedy? If so, what, and against whom it is—the firm or individual member who deranged his watch? Important complications might arise under such circumstances.

### Rising in Life.

Those persons who have attained to eminence in any vocation of life have followed a uniform course—that of earnest work and unwearied application. None are truly happy but those who are busy; for the only real happiness lies in useful work of some kind, either of the hand or head, so long as over exertion of either is avoided. It should be the aim of every one to be employed. If all men and women were kept at some useful employment there would be less sorrow and wickedness in the world; and if so-called "reformers" would spend their time in efforts to make people more industrious, they would have no leisure to conceive and agitate those vexatious questions and impracticable theories which are constantly causing trouble and confusion, without any actual benefit to the human race.

He who sows courtesy reaps friendship, and he who plants kindness gathers love.

### Changes of Style and Material.

Jennie June, in her letter describing the fashions for the month of June, has the following:

What woman does not remember, with something like affection, her pretty summer muslins, which were so becoming, so convenient, and so easily replaced, because inexpensive and not difficult to make up? Why cannot we have them now, and the cool linen lawns, the most delightful in hot weather, because they are cool, wash beautifully and leave no stain? Because the styles are no longer loose and flowing, but closely outlined to the form, and only such thin fabrics can be used as do not require washing, such as grenadines, gauzes, serge, silk and woolen tissues, which may be wrinkled up and draped up on a close foundation, or within the limits of a well defined form, and remain in position, subject to no exercise of the tender mercy of the laundress. It is necessary, therefore, if washing materials are used at all, that they should be dark; that is why we have navy blue and seal brown, and invisible green linens and cambrics. This necessity makes summer dresses very expensive, more costly indeed than woolen ones, whereas they used to be cheaper, so that the changes so necessary in summer could be afforded. This fashionable necessity has virtually shut out serge, balzoline, thin goats' hair, or "leno" cloth, and all that class of semi-transparent fabrics which "show through," as the phrase goes, and therefore cannot be employed under present conditions without a lining, which makes them too warm and too expensive.

The prejudice in favor of dark suits for church and street wear renders the black grenadine costume of the utmost importance. In summer, it takes the place of black silk, and is useful on an infinite variety of occasions and in an infinite variety of ways. It is well worth the while of the ladies who can afford them to have one, and have it made handsomely, for it fills the place of several other dresses and

### Quarterly Meetings.

Third round of appointments as made by Rev. William S. Black, Presiding Elder, for the Wilmington District, Methodist E. Church, South.

Wilmington, at Fifth Street, June 9, 10
