#### Counterfeit Bill.

A counterfeit five-dollar bill on the Second National Bank of Boston has been put into circulation. It may be detected by a perceptible paleness in the red seal over the right hand end of the bill, or the same feature in the numbering note. The paper on which the bill is printed is in sheets pasted together.

#### The Virginian.

The Norfolk Virginian, we are pleased to learn, is prospering finely. No better evidence of this is needed than the fact that it has recently donned a new dress, for if a newspaper man ever makes any money he is sure to spend it on his paper. We can but congratulate friend Glennan on the success which has attended his enterprise and labors sand hope that the shadow of the Virginian may never grow

#### A North East Wind.

Last night the wind yeared around to the Northeast and this morning the atmosphere is cool with au October feeling. The report from the Signal office shows that this change is pretty general on the South Atlantic coast. There is no report from any point north of Norfelk but at that place, at Wilmington, Charleston and Punta Rassa, Fla., the wind was from the Northeast, while at Augusta and Savannah it was from the East.

#### The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:

Augusta, 73; Charleston, 77; Corsicana, 74; Galveston, 82; Jacksonville, 82; Key West, 84; Mobile, 80; Montgomery, 77; New Orleans, 81; Norfolk, 66; Punta Rassa, 79; Savannah 79; St. Marks, 77; Wilmington, 70.

Our friends in Pender are likely to have a lively time over the mooted question of the county site. The last Legislature ordered a new election which comes off on the first Thursday in August next. #### Letter from Maj. Engelhard.

The following communication from Maj. J. A. Engelhard to Capt. C. D. Myers, which we have been permitted to publish, will sufficiently explain itself:

RALEIGH, June 20th, 1877.

MY DEAR SIR:

The report comes to me so frequently and so well authenticated that in many portions of the lower Cape Fear section am blamed, either directly of indirectly, for most of the grievances of which our friends complain in regard to the appointment of Radical and negro magistrates I have reluctantly consented to notice them. These charges against me, for such they really are, may be summed up under three heads, viz:

1st. That I favored the appointment Radical magistrates in certain Counties. 2d. That I was responsible for the selection of the Rodicals, white and black. who were appointed magistrates in the City of Wilmington.

3d. That I substituted the names of certain Democrats for those reccommended for magistrates in the Ward meetings in the City of Wilmington.

I am sure it is not necessary for me to deny to you these charges, singly or it whole. You well know that each and all are false in spirit and in letter.

It may be well to premise what I may say with the statement that the Genera Assembly had referred the selection of magistrates to a joint select committee, and that committee had established the rule that in counties represented by Republicans, one-third of the magistrates should be appointed from that party, and the Republican members should have the pri vilege to make such selections.

In reply to the first charge I will say that I am the only person, not a member of the Legislature, who appeared before this committee, to oppose the selection of Radical magistrates, and I am the only person who secured for any county, represented by Republicans in the Legislature, a diminution of the number of : Radical magistrates, allotted to such county by the committee, and the only one who was permitted to select those who were appointed in such county. I did secure for New Hanover both, and

for Pender the latter of these exceptions. In reply to the second charge, I will say that, with a single exception, I am not responsible for the selection of the particular persons appointed as Radical magistrates for New Hanover. After my earnest fight in behalf of my people before the committee, and having secured for them these exceptions, I telegraphed Mr. C. H. Robinson, officially, he being Chairman of the Democratic Executive Committee for New Hanover, that I could have the number of Radical magisselect them and requested him to name the five least objectionable Republicans, and in the order of their choice. further reducing the number, which I

C. H. ROBINSON,

It will be seen that the only exception lection of the county site, but merely to made to those named in this dispatch was help the county to develop it and to see the substitution of T. M. In reply to the third charge I will state that when I received your telegram ask- inquest and a verdict was rendered "that ing me to assist Senators Troy and Stan-

had failed and the committee were only waiting for their clerks to complete the

lists as agreed upon. I soon learn that the list for the City of Wilmington, which was entitled to twenty magistrates, contained seven Republican names, and four of them among the most offensive partizans within the limits of the city, viz: Cassidey, Gardner, Van Am-

ringe and W. H. Moore.

Under these disadvantages I undertook, alone, to change the purpose of the com-mittee, assisted greatly by the numerous and emphatic telegrams which were received by myself and others from the leading citizens of Wilmington, and after a hard struggle, I had the list from New Hanover and Pender reconsidered and referred to special committees. The Pender about 11 o'clock. appointments, at my request, were referred to those better acquainted with their wishes than myself. I took personal charge of the New Hanover appointments. Having telegraphed to and received a reply from Mr. Robinson, given above, I was prepared to act. Instead of seven Republican magistrates in Wilmington I had the number reduced to four, just onefifth of the whole number, instead of

more than one-third, as I found it. Looking at the list as agreed upon by the committee, I found that L. H. Bowden had been stricken from it and Thos. M. Gardner substituted therefor. I restored his name. The same changes had been made in the names of J. L. Cantand W. H. Moore. I restored the names of Messrs. Cantwell and Worth, and crased the Radicals. I struck from the list the name of S. VanAmringe and substituted the name of T. M. Smith, having secured all the Democrats allowed me. named by Mr. Robinson in his dispatch, were already on the list and were permitted to remain. Their terms of service were fixed in duration in accordance with the order in which they were named, McQuigg for six years, Hill for four years,

Howe for two years. Thus, my friend, you have a succinct and truthful account of my entire connection with the appointment of magistrates. Undertaken at your request and that of other gentlemen of Wilmington, I am sure you and they will not willing-

ly hear me misrepresented and maligned. I had devoted myself so long, so earnestly and so laboriously to save the people of Eastern North Carolina from the control of ignorant and corrupt officials, and after so stubborn and apparently so help-less a fight, had witnessed the consummation of many of my hopes and my labors in the adoption of the Amendments to the Constitution, it was indeed a labor of love for me to attempt to secure the most important of all the advantages which the amended Constitution bestowed a long suffering people. I had congratulated myself that while my success was only partial, mine, of many, were the only efforts in any degree successful. And surely, I did not believe that any person in Southeastern North Carolina at leastnor in any portion of the State, who had been a reader of the Wilmington Journal, or who had heard me on the stump, could believe that I had favored the appointment of Radical magistrates, or who did not feel well assured that I would actively opppose any such movement, come from what source it might.

Your friend, Jos. A. ENGELHARD. To CAPT. C. D. MYERS, Wilmington.
