We are glad to see that our venerable friend Mr. L. B. Huggius has so far resevered from his recent severe sickness as to be able to appear on the streets.

There is one thing, at least, which is refreshing to think of this hot weather, and that is that the poor officeholders won't be bothered any more than the concentration of several Monimpecunious suffragans who want to the concentration of several Monimpecunious and a dollar"—no elections.

#### War in an Apiary.

On Saturday last a couple of hives of rival bees at the apairy of Mr. W. G. Fowler, Sr., had a "set to" which lasted for 8 hours. At the time the fight commenced there were over a hundred pounds of honey in the hives, but at three o'clock in the afternoon, the hives was empty the honey having all been destroyed.

#### The Excursion Next Wednesday,

The excursion under the auspices of the Whiting Rifles bids fair to be one of the grandest ever started in this city. We are glad to know that the efforts of the by are most enthuslastic. The and uncertain relations between the great boys to uniform themselves is appreciated by our citizens and that they will be liberally patronized in this laudable undertaking. All who want to spend a pleasnet as strong in popular favor as the taking. All who want to spend a pleassee dietyfive battalions of infantry, Com the embarrassment of having a war excursion. The Charlotte Grays, the Cornet Concert Club and the Italian String band will be there and we know from the representations made to us that every thing will be done up in the finest and best of styles. Success to the "Whitings."

### The Charlotte Grays.

The above named Company are expected to arrive here to-morrow morning andwill be met at the Carolina Central depot Rifles, W. L. Infantry and the Cape Fear Light Artillery. Upon the arrival of the visiting military, they will be escorted to the armory of the W. L. I. where they will take breakfast, and go into quarters for the day. Wednesday they will accompany the Whiting Rifles on their excursion down the river returning the same day, and leave for Wrightsville Sound on Thursday, at which place they will go into Camp for a few days. The Grays will be accompanied by some of the citizens of Charlotte who have embraced the opportunity af visiting the sea-side in company with their citizen soldiery.

# Appointed.

We hear it rumored on the street that Col. John D. Taylor this morning received from Judge McKoy his appointment as Clerk of the Superior Court for the county of New Hanouer. We also learn from the same source that Col. Taylor will file his bond and qualify at the same time. before the Board of County Commissioners at their regular meeting this afternoon at 3 o'clock.

City and county allke are to be congratulated upon the excellence of this appoinment, and Judge McKoy, we think, is to be congrafulated also upon the wisdom of his choice. But then why should we expect anything different from such a good and pure man as the Judge of the Fourth Judicial District?

#### The State Board of Health.

One of the good things done by our last | the Club to go to work now and blow, like Legislature was the passage of an act providing for the organization of a Board of Health in each county in the State and a chance to clear his throat and proceed the establishment of a State Board of under the inspspiring strains of the de-Health, to which all of the County Boards lightful music, to talk business. are required to report. Below we give a copy of a circular which is sent to every physician in each sounty in the State:

BOARD OF HEALTH OF NORTH CAROLINA

DEAR SIR-I respectfully call your at-Elizabeth, at Bladen Springs, July 19,-20 tention to the act of General Assembly Smithville, at Smithville. . . . July 28, 29 which provides for the organization of Cokesbury and Coharie Mis-Boards of Health in each county in North Carolina. It will be seen that it is necessary first to organize a County Medical Topsail at Rocky Point, (Dis-

Medicine in North Carolina. Blanks will be furnished in due course, with an alphabetical list of diseases, by months, to secure through the Secretary of your County Board of Health a transcript of his record of the deaths occurring

in your County. Special circulars, from time to time will be sent out, asking for detailed statements of such questions about epidemics, endemics, and the sanitary condition of your

In addition to this, the Board will be pleased to receive reports upon any matter regarding the public conditions of health, the invasion of epidemics, the source of drinking water, and any other matters which may seem to them worthy of note, and for which due acknowledgment will be made to the au-

The work which devolves uyon the State Board, because of insufficient means and limited powers granted by the Generai Assembly, can be greatly lessened by the aid which can so easily be given, by each physician in the State devoting the few hours work necessary to procure the information desired. With this aid State Medicine will establish itself as a part of the necessary machinery of our State government, and command the respect and gratitude of the public : without this aid, failure is sure to come upon us. Let no physician think his information too common-place; the Board is not in search of wonders and abnormalities, but only for that information which will enable them to mark out the geographical distribution of disease, and as far as possible make such a report as will inform the world about the sanitary condition of North Carolina; but more especially to be able to point out to her citizens the best methods of preventing disease.
