Wilson Advance: We have received a note from Mr. Alex Greene, who has just brought a supply of young shad for the Yadkin and Dan Rivers, who informed us that he has returned to Massachusetts for another lot of 200,000, which will be distributed in Tar River and Contentnea Creek.

Rocky Mount Maill; Mr. B. H. Edwards, who lives in the neighborhood of what is known as the "Mann" gold mine in this county, was in town on Tuesday with specimen rocks in which the precious metal can be seen to sparkle. He thinks that on his land there is a gold mine of great richness.

Charlotte Observer: Capt. E. Henry Smith, for many yeras an attache of the Verily, in the language of Cuffee Mayo North Carolina Railroad, has been appointed train dispatcher at Greensboro for the Richmond & Danville Railroad and its branches, vice Capt. D. P. Ligon, who died last week.

Charlotte Democrat: We are informed that Mr. J. F. Hall, of this county, had his crop of wheat threshed last week with the following result : 48 dozen threshed out 381 bushels of wheat, and 90 dozen 511 bushels. The total, 138 dozen, produced 85 bushels of wheat. The wheat was perfectly dry and heaped measure.

Hickory Press: W. H. Kerr, son of Prof. W. C. Kerr, State Geologist, passed up the road last Saturday with about 70,000 young shad and put them in the Catawba river near Bridgewater. This will be about 150,000 that have been put in the Catawba in all, and as the dam at corner of Fourth and Campbell streets, near Salisbury the train was stopped and p. m. about 40,000 were put in the Yadkin river.

[Raleigh Observer.] The Difference.

A man was found guilty in the Federal years imprisonment therefor. Application Rocky Mount Mail : There is growing was made to Mr. Hayes, 'as President on the lawn at Cool Spring, the residence of the United States, for a pardon for the of Capt. T. W. Battle, of Edgecombe, a man, we presume on the usual grounds Caladium Esculentum, one leaf of which upon which such applications are based, and he refused it. We commend Mr. Hayes highly for this refusal. There can be no graver crime than the crime against the ballot box, for it strikes at the very roots of the government, and whenever men are found guilty of it they ought to be surely punished and with the utmost severity.

> But how does Mr. Hayes reconcile it to his conscience to keep this New York man in the Pententiary for ten years at the same time that he places every Radical member of the late Florida Returning Board in high and lucrative office; at the same time that he places one member of the South Carolina Returning Board in high and lucrative office, and at the same time that he keeps two members of the Louisiana Returning Board in office?
