### The Strike in Galveston.

Galveston, July 30.—The strike on the Texas Pacific road came to an end this morning. The company agreed to pay the amounts due employees prior to June 1, by Oct. 1, and to make their wages the same as those paid by other Texas roads. Trainers on the San Antonio road have secured an advance of 10 per cent, to take effect Aug. 1. Shop hands on this road have not yet accepted their proposition, but it is thought they will. The men had not struck; but it is understood they would have done so had the company not been granted.

Early this morning the negro laborers were employed in reconstructing the buildings destroyed by the late fire in Market street, and a strike and marched to the corner of Strand and Twenty-fourth streets, where a block of buildings is in process of erection, and induced the laborers to quit work. From this point the strikers went to the corner of 2nd and Twenty-fourth street, and induced the laborers on a block which was nearly completed to join them. They next visited the Narrow Gauge Railroad and the bridge on Avenue A, and both joined the strike. Louie's pickery, Stump's mill, the railroad freight depot, the saw mill, and other places were visited, and in most instances the laborers quit work. The strike is confined to unskilled laborers. White mechanics are working as usual. The movement seems to be without leaders or a common purpose, and wherever it has been met with it has accomplished nothing. The strikers appear to be unable to explain why they struck or what they demand. The movement was incited by white demagogues.

### The Cost of the Strike in New York.

General No. 2.—The General commanding each division of the National Guard will be supplied immediately from these headquarters with pay rolls for all the organizations in his command, and he will see at once to their being properly filled out in triplicate, include all the officers and men who performed duty under the recent order of the Commander-in-Chief, and transmitted to the Paymaster-General here. In fixing the number of days' service, the day on which the troops were ordered out will be included, and one day will be allowed for their return home, and the rate of pay per day will be according to section 165 of the Military Code, as follows:

- First—To all non-commissioned officers, privates, and privates, one dollar.
- Second—To all commissioned officers of the rank below that of captain, two dollars.
- Third—To all commanding officers of companies, three dollars.
- Fourth—To all field officers below the rank of colonel, four dollars.
- Fifth—To all commanding officers of regiments, five dollars.
- Sixth—To all regimental staff officers, two dollars and fifty cents, and all non-commissioned staff officers, one dollar and fifty cents.
- Seventh—To all brigadier-generals, six dollars.
- Eighth—To all brigadier staff officers, four dollars.
- Ninth—To all major-generals, eight dollars.
- Tenth—To all division staff officers, five dollars.

Eleventh—All mounted officers and all members of any troop of cavalry or battery of artillery, mounted and equipped, shall be paid one dollar per day for each horse actually used by them.

The General commanding each division will also immediately procure bills in triplicate for all the expense incurred for transporting, subsisting, and quartering the troops in his division, the bill to be accepted by the parties to whom the money is due, certified by the officers who incurred the expense, approved by himself, and transmitted to these headquarters. The Comptroller of the State is prepared to meet these obligations, and therefore there must be no delay in having the instructions of this circular carried out at once.

FRANKLIN TOWNSEND, Adjutant-General.

### The Mails Running in all Directions.

WASHINGTON, July 31.—With the passage of through freight east and west on the Baltimore and Ohio to-day, the amount of the strike is substantially over. Dispatches received at the Postoffice announce that the mails are running as usual in all directions, with an occasional failure as to the full number of mails on the branch lines. The burnt district in Washington is bridged to-day, and to-night the mails run through without the twelve hours' interruption necessary to effect transfer through the suburbs. The express companies began the carriage of letters to-day, and the Treasury received the remittances as usual. The usual daily Cabinet meeting was omitted to-day, and the Administration is consulting the schedule of investigations, and leaves shortly on tips for Virginia and Vermont.

### The Strike on the Baltimore and Ohio Road Virtually Ended.

BALTIMORE, July 31.—Baltimore and Ohio Railroad officials at Camden, station here, said the strike is virtually ended between Baltimore and the Ohio river. Trains are going out from Grafton,

### Keyser, Cumberland, and Martinsburg in large numbers, and without the assistance of the military. We will send out from here to-day thirty trains. We anticipate no further trouble. Numbers of the old men are returning; more offering than we have use for.

### Qualification of Magistrates.

The law under which the magistrates were elected, at the late session of the General Assembly, provides that the terms of those chosen should begin at the expiration of those in office at that time, so this puts the time of the qualification of the newly elected on the first Monday in September, not August, as some of the counties have it. The law further provides that clerks of superior courts shall issue notices to the said justices of their election, but makes no provision for the compensation of clerks for the expense attending the issue of these notices.

The following is section 4 of an act to establish county government, which bears upon this matter:

"The General Assembly at the present session shall elect three justices of the peace for each township in the several counties of the State, who shall be divided into three classes and hold their offices for the terms of two, four and six years, but the successors of each class, as its term expires, shall be elected by the General Assembly, for the term of six years. In addition to the justices of the peace above provided for, there shall be elected by the General Assembly, for each township in which any city or incorporated town is situated, one justice of the peace, and also one for every one thousand inhabitants in such city or town, who shall hold office for the term of six years.

"The Secretary of the State shall certify the clerks of the superior courts of the several counties in the State a list of all the justices of the peace elected for their several counties, with the terms for which they shall have been appointed and this shall be their commission, and the clerk of the superior court shall notify said justices of their appointment, who shall thereupon be entitled to enter upon the duties of their office, upon taking before said clerk the oath of office now prescribed by law for justices of the peace.

"But the terms of those elected at the present session of the General Assembly shall begin at the expiration of the terms for which the justices of the peace now in office have been elected, and not before."

### LOCAL NEWS.

Criminal Court convenes next Monday.

We lose just exactly one hour of daylight this month.

This month has five Wednesdays, five Thursdays and five Fridays.

Freights on the through lines are good for this season; passenger travel is very poor.

The county paupers were on hand at the Commissioner's rooms early this morning to receive subsidies for the month of August.

The army or cotton worm has made its appearance in this city in large numbers, and the grass in some portions has been completely stripped.

The frame work of the bridge over the railroad track, on Sixth street, is up and it is thought the bridge will be ready for use about the last of this week.

Our good friend, Mr. S. H. Fishplate, has gone North with his family. He will spend two weeks in rústication on Staten Island and two other weeks in laying in his Fall stock.

Fix that hole in the pavement on the North side of Chestnut between Second and Third streets, before the vocabulary of expletives is exhausted by unfortunate pedestrians who fall into it.

### Mother Carey's Chickens.

Large flocks of Mother Carey's chickens were seen flying over the river yesterday afternoon. The seabirds had hardly disappeared when a flock of young white cranes passed over. They were going in a westerly direction.

### Forestalling.

We are glad to see that our suggestions in regard to an ordinance against forestalling in the market are at last bearing fruit, a committee having been appointed at the meeting of the Board of Aldermen, held yesterday with instructions to frame such an ordinance. The matter was introduced by Alderman Hill.

### For the Benefit of the Orphans.

It is in projection by the members of St. John's Lodge, No. 1, F. & A. M., to give an excursion, in a few days, for the benefit of the Orphan Asylum at Oxford. A committee has been appointed who will hold a meeting this afternoon for the purpose of taking the matter fully into consideration.

### Serious Effect of the Sun.

We learn from a workman at the Magnolia quarry that a great many of the laborers employed there have been compelled to stop working on account of the excessive heat. Our informant states that on Saturday six of the laborers were sun-struck, and a day or two previous two or three were overcome by the heat. He further states that there is hardly a day but that some of the workmen succumb to the rays of old Sol.

### Yacht Capsized.

This morning a river yacht, known as the *Greyhound*, owned and built by Chas. Mallett, Sr., was turned over opposite the foot of Orange street. There were five colored men in the boat at the time of the accident, who as the yacht turned up-side down climbed on the bottom. They were rescued by a boat sent out from the shore, though the Cutter's boat reached them about the same time. As soon as the officers of the Cutter saw the yacht capsizing a boat was lowered and simultaneously manned but the men were taken ashore in the other boat.

### Campaign Closed in Pender County To-day.

With to-day's exercises at Rocky Point the campaign war for a county seat in Pender ceases. Yesterday, eloquence was spouted at Spring Branch, Grant township, and on Monday, Bannerman's Bridge, Holly township, fairly-quoted under the weight of city oratorical ability. Since the "strike" at Leesburg nothing has occurred to mar the serenity of the city orators. With the closing exercises in oratory at Rocky Point to-day, the political doxology will be sung and to-morrow the long mooted question of which shall be the county seat, South Washington or Burgaw, will be settled.

### Stolen Flat Recovered.

About one month ago a flat, the property of Dr. J. E. Winants, was stolen from the dock at the foot of Mulberry street. The flat had been left in the dock chained to one of the sills of the wharf and about midnight some one broke the chain and floated it off. It had not been seen or heard of by the owner until yesterday when as he was walking up Water street he discovered his property and put a detective on the track, and shortly afterwards one Hammond Cowan stepped up and claimed the property. He was promptly arrested and had a hearing before Justice Gardner this morning who committed the prisoner for a hearing this afternoon at 4 o'clock.

### Body Recovered.

Just after our paper went to press yesterday afternoon, we learned of the recovery of the body of Robbie Horton, the little boy who was drowned on Sunday last. Capt. Bronnoch, of the schooner *Nellie*, from Baltimore, seeing something floating in the water near the second jettes, headed his vessel nearer the body, but being anxious to get to the city he placed the body in the keeping of a party in a small boat and requested them to make it fast to the jettes or tow it to shore. Upon Capt. Bronnoch's arrival at the wharf he reported the facts to the authorities. An inquest was held and the body brought to the city. The mortal remains of little Robbie were interred to-day.

### GOOD MEASURE IS THE WATCHWORD OF HONEST TRADE.

When you buy DOOLEY'S YEAST POWDER, for sale by all grocers, you get perfectly full weight, just as marked on the cans, and besides that an article made of the very best and purest material, so that the strength can always be trusted.

### Board of Aldermen.

A meeting of the Board of Aldermen was held yesterday afternoon, present, His Honor, the Mayor, and Aldermen Flanner, Bowden, VonGlabn, Vollers, Foster, King, Myers, Lowrey and Hill.

The minutes of the last meeting were read and approved.

Alderman Bowden made a motion that the tax on retail liquor dealers be \$10 per month, and that on wholesale dealers \$15 per month, to date from August 1st, 1877, and that all motions previously passed in relation to the same are hereby rescinded.

A communication from Donald McRae, Esq., Chairman pro tem of the Board of Commissioners of Navigation and Pilotage, was read, and, on motion, referred to the City Attorney.

[This communication was relative to the powers of the Commissioners of Navigation in concurrent jurisdiction with the Board of Aldermen.]

The Committee on Streets and Wharves made a report in reference to the extension of wharves by the Carolina Central Railway Company, and introduced Capt. I. B. Grainger, Receiver, and Capt. Johnson, Superintendent, of said road, who explained the manner in which they desired to make the extension, and the objects to be attained.

On motion of Alderman Vollers, a committee of three, consisting of Aldermen Flanner, Bowden and VonGlabn, was appointed by the Mayor to confer with the Commissioners of Navigation and property owners on either side in regard to the petition of the C. C. Railway, for extending their wharf one hundred feet.

A petition from the Southern Express Company, for a reduction of tax, on motion, was laid on the table.

The committee on Streets and Wharves made a report on the petition of Willard Bros., for permission to construct a bridge across the dock, foot of Red Cross street, and recommended that the petition be not granted.

A petition for a lamp on the corner of Second and Brunswick streets, was referred to the committee on Lights.

A report of the Chief of Police, in regard to the bids for building four new carts and repairing six old ones, was read, and, on motion of Alderman Flanner, the Chief of Police was instructed to give the contract to the lowest bidder, P. H. Hayden, when in the opinion of the Mayor the carts and repairs were required.

On motion, a lamp was ordered to be placed at the corner of Fourth and Wooster streets, the residents in that vicinity agreeing to furnish the oil and the lighting of the same.

Mr. Oldham reported the cart harness in bad order, &c., and, on motion of Alderman Myers, the Chief of Police was instructed, in connection with Mr. Oldham, to make as much as they could out of the old harness, and purchase from the lowest bidder what was required to fill up the six sets.

The Finance Committee recommended an amendment to the tax ordinance in regard to the tax on wholesale and retail dealers, which was adopted.

[This recommendation was the same, in substance, as the motion of Alderman Bowden, referred to above.]

On motion of Alderman Hill, the committee on Market and Fees were instructed to consult the City Attorney and prepare an ordinance in regard to forestalling the market.

The Mayor informed the Board that he desired to be absent from the city, and requested leave and the election of a Mayor pro tem, to act during his absence.

On motion of Alderman Myers, the Board went into an election of Mayor pro tem.

The Mayor appointed Aldermen Bowden and Foster to receive and count the vote.

The voting then commenced and on the eighth ballot Alderman Flanner was elected.

On motion, the first Monday in each month was named as the day for regular meetings of the Board.

The Board then adjourned.

### Bad Place.

One of the large flag stones in front of the entrance to the Library Association's rooms on Market street is loose and is really dangerous in its present condition. The recent heavy rain washed the earth from under one portion of it and as it now stands it is a regular masked man-trap. No one can be aware of its condition unless they step on it or witness the chagrin of some unfortunate pedestrian as he pulls his foot out with mangled toes.

### Philis Moore, colored, was to-day arrested as a nuisance and pronounced insane by Dr. A. E. Wright, City Physician, before Justices Harris and VanAmringe. She will be sent to the Poor House to be cared for by Mr. Garrell.

### Hon. Geo. Davis.

This morning's Raleigh *Observer* says: We had the pleasure, and a rare one it is, to see Hon. George Davis in our city on yesterday. North Carolina can boast no abler, no purer, no truer, and no more brilliant son than George Davis, of Wilmington. He is one indeed whom to know is to love and to respect.

### Location for the New Asylum.

At our close yesterday, the vote for the location of the colored Insane Asylum, as reported in our issue, seemed to be divided between Wilmington and Tarboro, a question which we stated might be decided at the afternoon session. It was decided then and Goldsboro was chosen as the location. This result was arrived at on the fifth ballot.

### The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:

Augusta, 80; Cairo, 76; Charleston, 79; Cincinnati, 75; Corsicana, 75; Fort Gibson, 80; Galveston, 82; Indianola, 85; Jacksonville, 82; Key West, 84; Knoxville, 77; Lynchburg, 80; Memphis, 85; Mobile, 83; Montgomery, 81; Nashville, 76; New Orleans, 84; New York, 69; Norfolk, 75; Pittsburgh, 72; Punta Rasa, 85; Savannah, 79; Shreveport, 85; St. Louis, 72; St. Marks, 79; Vicksburg, 84; Washington, 78; Wilmington, 75.

August comes in to-day cloudy and with a decided fall in the temperature.

### Sensible Advice.

You are asked every day through the columns of newspapers and by your Druggist to use something for Dyspepsia and Liver complaint that you know nothing about; you get discouraged spending money with but little success. Now to give you satisfactory proof that GREEN'S AUGUST FLOWER will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Constiveness, Palpitation of the Heart, Heart-burn, Water-brash, coming up of food after eating, low spirits, &c., we ask you to go to your Druggist and get a Sample Bottle of GREEN'S AUGUST FLOWER for 10 cents and try it, or a Regular Size for 75 cents; two doses will relieve you.
