Grand Family Excursion.

The grand family excursion to Smithville, Bald Head and Fort Caswell, to be given under the auspices of the St. George and St. Andrew's Athletic Club, will take nah. They shipped yesterday a car load place on Tuesday next. That splendid passenger steamer, the Gov. Worth, has been chartered for the occasion, and the harpers will furnish the music while refreshments will be furnished on board at low figures. There is no doubt of the fact that this will prove one of the most enjoyable of the many excursions given this season and as the Committee have determined to issue only a limited number of tickets those who wish to go should make early application.

The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock :

Augusta, 80; Cairo, 71; Charleston, 76; Cincinnati, 68; Corsicana, 75; Fort Gibson 70; Galveston, 86; Jacksonville, 82; Key West, 84; Knoxville, 72; Lynchburg, 78; Memphis, 72; Mobile, 81; Montgomery 79; Nashville, 76; New Orleans, 81 New York, 71; Norfolk, 76: Pittsburgh, 58; Punta Rassa, 82; Savannah, 82 Shreveport, 79; St. Louis 68; St. Marks, 80; Vicksburg, 79; Washington, 72; Wilmington, 73.

Wilmington as a Flour Market.

The strike in the Northern and Western States, coupled with the splendid crops in | pion base ball players in the State among the South, seem to have already benefited the colored people us, as flour and bacon are now being brought from Augusta here by the car load, when the orders generally went West. Messrs. Mitchell & Son, of this It is said that Sol. Smith Russell will city, are, we understand, running their flour mills to the utmost capacity and even then are put to it to keep up with the orders they receive. Wilmington could be made a great flour market if we could only open up a close and cheap freight communication with the interior counties of this State. This could be done easily by a low tariff from Egypt, in Chatham county, to Fayetteville and thence to Wilmington and also by a close connection between the boats and the cars whereby the expense of a mile's drayage in Fayetteville would be saved. If this could be accomplished it would become a comparatively easy matter to induce the farmers and millers of Moore, Harnet Chatham and Randolph counties, a great wheat producing section, to ship their products to this market.

City Court. David Lucas and Bridget, his wife,

were arrested and lodged in the guard

house yesterday afternoon for displaying too much of a pugnacious disposition towards each other instead of cooing and billing as they possibly were wont to do in their courtship days-long ago! long ago! The evidence before the Mayor this morning was that Bridget had in her hands an uplifted axe, wherewith she was about to slay her lord and master, and he in turn held in his hand a good stout stick, with which he was about to chastise the unruly spouse, whom he no doubt once promised to love, honor, cherish and protect, &c., &c. A policeman appearing upon the scene about this time, however, and placing a hand of the law upon each of them, put an end to this little domestic infelicity, when they were quietly taken to the lock-up and this morning tions. The Fayetteville excursionists started brought before His Honor Mayor Dawson. The Mayor came to the conclusion that \$2 50 apiece would soothe the offended pleasure enjoyed on the trip to the sea majesty of the law, and directed the two shore. to be held until the spondulicks were forthcoming. The unfortunate bridegroom of only a year fumbled in his pockets and drew forth the requisite amount of greenbacks, which he handed over to the Chief of Police, but when asked if he did not intend to pay the fine imposed upon his partner in crime (if crime it was) as well as his partner for life, very emphatically declined to do so, but when the stern order was given to lock her up in the cell on bread and water, his hardened feeling melted and he likewise paid the fine for his unhappy bride of only a year, and the two were allowed to depart in peace. This ended the sitting of the Court and so ends our romance and drama of real life between an unfortunate couple of the colored persuasion, who, like many It has been found that the only true family that are held together by the same bonds, are evidently not at all suited to

Exporting Ice.

Messrs. Jno. E. Lippitt & Co. have, we understand, recently received some large orders for ice from Augusta and Savan-(20,000 lbs.) to each of these cities, and will send off three more car loads to-day. We don't know what is the matter in Savannah, but in Augusta it is probable that the ice machine has been overtaxed this warm weather.

The Excursion Yesterday.

The excursionists from Fayetteville on the steamer Gov. Worth arrived here yesterday morning about 8 o'clock. Having been reinforced by a party of Wilmingtonians, the Worth left the wharf at 10 o'clock for Smithville and the Forts. The tripping of the light fantastic was soon commenced. Everything passed off very quietly and pleasantly until the steamer was opposite the harbor improvements at New Inlet. Then dancing swell which was coming in, the waves at 91 a m. followed in quick succession, and some of our friends bowed in homage to "old Neptune." Being soon out of the rough Smithville sighted. Capt, Worth putting the bow of his boat within about twenty feet of the shore, gang plants were run out and the ladies walked at 9 a. m. Bible Class at 41 p.m. to the shore of Caswell dry footed. Upon the return to Smithville the La Fayette Cornet Band and some of the excursionists visited the Cutter by invitation. Capt. Barr and his corps of courteous officers were loth to part with their visitors but Capt. Worth ordered them aboard the steamer Worth and the band last. The Raleigh Observer has this to left the Cutter playing a national air, say about it :

Soon we were on the return trip and all expressed themselves delighted with the day's enjoyment.

The New Magistrates.

The question in regard to the new magistrates going in and the old magistrates coming out has been set at ease by an opinion from the Attorney General, who pronounces in favor of Thursday

On the application of the new magistrates yesterday morning to Judge Bunting, Clerk of the Superior Court, to be qualified, this officer was not altogether satisfied as to his duty in the premises, and waited upon Attorney General Kennan at his office for further instructions. The Attorney General, in giving his opinion, held that the terms of the former Justices of the Peace expired on the 1st Thursday of August, 1877, they having been elected for two years preceeding that date, and advised Mr. Bunting to proceed to qualify the Justices of the Peace in the ple's Journal," Portland, Maine. manner prescribed by the laws of 1876-'77, chapter 141, section 4. Whereupon Mr. Bunting retired to his office and proceeded to qualify the new magistrates.

For the Review. Interference of Federal Offices with Local Elections.

MR. Endron: - The citizens of Pender desire to enquire the force and spirit of the order of the administration on this subject. Augustus Gamberg, Postmaster at Rocky Point, and George L. Mabson, officer in the Custom House in Wilmington, have been very active in the exciting campaign in l'ender on the Court House question. There is much dissatisfaction and complaint at their very active interference in this canvass and election. Mabson has canvassed the county and worked hard for one place; Gamberg has been so active with Mabson that his friends are astounded and have some fears that he may almost go crazy at the result. How about all this? PENDER. Aug. 3rd, 1877.

A slight change in the schedule of the Wilmington & Weldon and Wilmington. Columbia & Augusta Railroads, goes into effect to morrow.
