NEWS SUMMARY.

Henry F. McClary, the Central Railroad striker, who has been in a Jersey City police station for the past week, was released on Tuesday. — Sam-
uel G. Rice, the Chairman of the New York Greenback party's State Central Committee, has called a meeting of the committee and of the most active mem-
bers of the party in the State, to be held in Rochester. — The Cabinet has de-
cided that, for the present, the troops
shall not be returned to their barracks in
the South. — The name of Congress-
man Nathaniel P. Banks figures very un-
pleasantly in an answer filed in a divorce
case of Thompson against Thompson, on
trial in New York. — In obedience to
the instructions of the Prince Imperial,
Baron Hatzmann will run for the Cham-
ber of Deputies in Ajaccio against Prince
Napoleon. — Gen. Grant and party
visit Italy. — Emperor William and
Francis Joseph are interviewing each other.
— Register (Close, of White Plains, N.
Y.) has adjudged James E. Kelly, man-
ager of *Bureau & Co.*'s circus and men-
agerie, an involuntary bankrupt. The
creditors, animals, and properties
seized by the sheriff of Augustus, Ga.,
were sold at auction. His debts are estimated
at \$25,000. — Joseph A. Buxton,
of New York, dealer in lace and fancy
goods, has failed. — In the trial of
Prof. Pike, for murder of St. S. Jones, of
the *Religio-Philosophical Journal*, in
March last, the Jury rendered a verdict
of acquittal on the ground of insanity.
— The famine is increasing
in the Madras Presidency. — It
is asserted that the Russians have
retreated beyond the Balkans and that the
Dobruddja is now clear of them. —
The interview between Emperors William
and Francis Joseph will be purely pri-
vate. — It is rumored that Austria,
with the consent of Serbia and Russia,
will occupy the western part of Serbia.
— Reported that the Russians are con-
centrating a force on the Lorn river, and that
an attack on Rasgrad is thought im-
minent. — The *Times*' Vienna dispatch
contains the following: "According to
official news from Constantinople, Me-
hemet Ali intends to convert Rasgrad into
a fortified camp. The forces concentrated
in the neighborhood of Rasgrad consist of
forty-eight battalions of infantry, fifteen
batteries and eighty-two squadrons of
cavalry, numbering altogether 40,000
men. — There is appalling misery
among the Bulgarian and Turkish fugi-
tives. There are from 10,000 to 15,000,
of whom 500 are wounded, many are
dying on the road from exhaustion and
starvation, and all of them are perfectly
destitute of every necessary of life. —
An August, Me., dispatch says there is
great interest manifested in the State
Convention, which meets there to-day.
The attendance will be large and a lively
discussion may ensue on the resolutions.
It is thought the majority will favor
strong Republican resolutions, ignoring
the administration and its policy. —
Col. Wm. Lamb, of Norfolk, was made
temporary chairman of the Virginia
Democratic Convention. The preliminary
proceedings are earnest to a degree that
may be called boisterous, with a fair show
of their becoming frantic. — John F.
Winter has been appointed Consul to
Rotterdam. — Official advices from
Winnipeg represent Sitting Bull's
strength at one thousand fighting men.
Sitting Bull makes no secret of his inten-
tion of renewing the war on the Yellow-
stone. He is accumulating ammunition
by theft and otherwise.

Strikers Gone to Work.

SHENANDOAH, Aug. 1. — A crowd of
several hundred boys, with a sprinkling
of leaved men, came into this place from
Mahanoy City last night, about 11
o'clock and gave a series of Communist
chants. They had a drum, which they
kept beating, and amid the confusion
could be heard a youth of seventeen sum-
mers inviting everybody and anybody to
participate in the excursion. They had
not gone very far before twenty-eight of
the leaders were scooped in by the authori-
ties. After giving them some healthy
advice, they were sent home sadder, if not
wiser, specimens of a peculiar kind of the
genus homo. They have not been heard
from since.
This morning several hundred of the
strikers in this vicinity met on Dun's Hill
for the purpose of ascertaining whether it
would be polite to continue the farce
called a "strike." Pierce Walker was
elected President. The Hon. John
W. Morgan made a very sensible speech,
and advised the men to consult their own
interests and go to work. Another one
said it was certainly at variance with com-
mon sense to stay out any longer, when

all the other colliers were at work. "I
move we go to work," curtly exclaimed a
striker. The motion was not immediately
seconded. It was apparent, however,
that all present desired going to work, but
it was humiliating to acknowledge defeat
in one brief week. "I second that mo-
tion," shouted a man who suddenly drop-
ped to the ground as though ashamed of
his own voice. The question was finally
put to the meeting and was carried. In
a few moments the news spread through-
out the entire valley. It was everywhere
received with much good grace.
Despatches just received from Mahanoy
City say that the men in that vicinity
held a meeting this evening at Smith's
Farm, but came to no definite conclusion.

A. DAVID - We Knew It.

We have heard of no mad dogs to-day.
Wonderful to relate.

Vanity, like laudanum and other poison-
ous medicine, is beneficial in small, though
injurious in large quantities.

Fewer little boys will be drowned this
month than last, for the reason that there
are only four Sundays in this month.

If you want to be a thoroughly happy
man, making money fast, no creditors to
bother you, no cares to worry you—be an
editor.

Capt. W. T. R. Bell, President of the
State Council Friends of Temperance, is
in the city, and stopping at the Manning
House.

The bridge on the Wilmington &
Weldon R. R., on Sixth street, has been
completed, the last nail having been
driven in yesterday afternoon.

We have been requested to call the at-
tention of the Chief of Police to the
ponding of water on the West side of
Fourth, between Hanover and Brunswick
streets.

The Supreme Court is now closed
against arguments, the last case having
been disposed of yesterday. The rest of
the week will be consumed in the filing of
opinions by the justices.

Burr's Oration leaves for Fayetteville
to-day, with the expectation of exhibiting
there to-morrow night. If merit will
achieve success, the Fayettevillians will
give them a crowded house.

August 23d there will be an eclipse of
the moon, lasting about half the night.
The moon will be nearly invisible, as also
will be the young couple who sit on the
front steps to watch the affair.

A friend in speaking of the Eastern war
says: "No matter what the foreign war
news indicates, Turkey will be successful,
as the losses are with the Russians and the
prophecy with the Turks." Why, of
course!

The guests at Catawba Springs have
gone in for amateur theatricals, and will
have their first performance next Satur-
day night when Mr. W. H. H. Gregory
will play Toodles, and a young lady from
Charlotte Mrs. Toodles.

Let a young gentleman and young lady
try the following scientific experiment:
A galvanic battery is set in motion, and
while he takes one handle in one of his
hands she takes the other handle in one
of hers. Then let them softly kiss each
other. This is an improvement on the
Brooklyn style, and it brings out all the
fireworks there are in two loving souls.

Shrimps are very small this summer
and Sounders predict they will be very
scarce for the balance of the season on
account of the immense quantity of fresh
water in the creeks.

The flower-loving citizen who has spent
all his leisure time this season in laying
out flower beds and cultivating the same,
will have his reward now, when he sees
his daughter's beau carrying off the
cheapest varieties for button-hole bouquets.

The following is the full name of a girl
living near Union Point, Ga. Poor little
creature, we fear she can never carry all
this burden of name through life: "Mar-
garet-ann Cassy-ann Eliza-ann Lucinda
Gordon Sceny-ann Setockingham Jenn-
ann Perkins Ruff Hancock Sagers."

Two small colored boys were arrested
yesterday afternoon for fighting and locked
up for a short time, but after an hour's
imprisonment were released with an ad-
monition from the Captain of the day
Police, that they must not be found violat-
ing the law again, for if they were they
might not escape so easily.

Base Ball.

The match game of base ball between
the "Scraps" and "Unknown" yesterday
afternoon, resulted in a victory for the
"Unknown," the score standing 22 to 14.
C. W. Howard, of the "Unknown," was
very badly hurt by stopping a "pitcher"
in his "centerfield."

Concert To-morrow Night.

For the reason of an emergent busi-
ness meeting of the Cornet Concert Club,
their weekly open air concert was post-
poned from last evening. They will
give their concert, however, to-morrow
evening, when they will be glad to in-
terest and entertain any of their friends who
will rally around the stand.

Race Postponed.

The race between the small yachts
Restless, *Spray* and *Bessie Lee*, which
was to have taken place at an early date
over the Wrightsville race course, has
been indefinitely postponed, though lovers
of the sport can console themselves over
the prospect of the Club race on the 17th
inst. from the Wrightsville Banks' wharf
across the inlet to Fowler's Point, on Ma-
sonboro Sound, and return.

Good Behavior.

Capt. Cowan, in his daily police report,
made to His Honor, the Mayor, this
morning, took occasion to speak of the
orderly manner in which the colored ex-
cursionists conducted themselves during
their recent visit to our city. Capt. C.
states that notwithstanding the very large
crowd in attendance, there was not a
single drunken person to be seen among
them. This certainly speaks well for the
colored people of this or any other section,
and is worthy of all praise.

Narrow Escape.

A few days ago, while Mr. James B.
McPherson and four of his little children
were riding over his farm, near Rocky
Point, in a cart drawn by a fractious
mule, the animal took fright, throwing
Mr. McPherson out of the cart, the wheel
passing over and dragging him about a
hundred yards over stones, stumps, etc.
The animal was checked in his mad
career before the children were seriously
hurt. Both Mr. McPherson and his
children were badly bruised, though we
are glad to know no bones were broken.

S. C. of F. of T.

To Mr. W. M. Hays, a delegate to
the State Council of Friends of Temper-
ance, just returned, we are indebted for
the following list of officers who were
elected to serve for the ensuing year at the
annual meeting of the Council recently
held at La Grange, in Lenoir county:
President—Capt. W. T. R. Bell.
Associate—J. R. Dickson.
Chaplain—Rev. R. M. Brown.
Secretary—Rev. R. H. Whitaker.
Treasurer—A. McF. Cameron.
Conductor—John D. Burch.
Sentinel—W. S. Clark.

There were twenty-two subordinate
councils represented. The meeting was
marked by perfect harmony and unity of
sentiment. After the transaction of all
the business, the Council adjourned to
meet in Wilmington on the 7th day of
August, 1878.

Perfect Honesty Plus Chemical Sci-
ence.

In these words you have the great secret
of the unexampled success of DOOLEY'S
YEAST POWDER. It is made from the
purest cream-tartar, manufactured from
grape juice expressly for this firm.

Eclipse of the Sun.

There was a partial eclipse of the sun
yesterday, but it was not visible in this
latitude. The shadow started on the
earth high up on the eastern shore of
Greenland, and crossing that peninsula
went westward, somewhat in the track of
what polar navigators have designated as
the "Northwest passage." After Alaska
was reached the sweep was southerly, and
the shadow ended in the Pacific ocean.
Alaska was a good place to get a view of
it, as the central line of the shadow passed
over that territory.

Eclipse of the Moon.

There will be a total eclipse of the
moon on the 23d inst, just two weeks
from to-day, which will be partly visible
here. The moon will enter the shadow at
4.4 p. m.; the total eclipse begins at 5.5
and ends at 7.45, and the moon leaves the
shadow at 6.45 p. m. As the sun sets at
6.39 on that day there will be a chance for
seeing the last part of the show provided
it is clear overhead.

The Thermometer.

From the United States Signal Office at

of the thermometer, as taken this morn-
ing at 7:31 o'clock:

68; Galveston, 80; Jacksonville, 82; Key
West, 84; Knoxville, 71; Lynchburg, 77;
Memphis, 74; Mobile, 78; Montgomery,
77; Nashville, 75; New Orleans, 79;
New York, 77; Norfolk, 76; Pittsburgh, 63;

Worth Seeing.

That is a beautiful sight we told our
readers of a few days since, a view of the
planet Jupiter and his satellites. Jupiter
will be found, about 9 or 10 o'clock at
night, well up in the heavens and due
South. You can see nothing by a direct
gaze at the planet itself, but if you will
turn your back on it and examine the re-
flection in a looking glass held before you,
you will plainly see the satellites, one in
front and the other to the rear. The ef-
fect is a very peculiar one. Looking at
the heavens on a clear night with the naked
eye you can discover only what seems a vast
celling, dotted with its thousands of stars
but you can distinguish nothing in regard
to distances, some stars of course seeming
larger than others, but all appearing to
the eye equidistant from the earth. But
in looking at Jupiter by the reflection in
a glass it is different. The planet itself
seems suspended in mid space while far
to the front and again to the rear may be
seen the two satellites. It is an interest-
ing sight and can be witnessed without
expense or trouble.

Capt. Boatwright.

We invite attention to the lengthy and
attractive advertisement of Capt. J. L.
Boatwright (successor to Chas. D. Myers
& Co.), as it appears in this issue. Capt.
Boatwright's stock of family groceries is
not only large, select and fresh, but is
kept up to the full standard of the re-
quirements of the market. He is sole
agent for the Old Rye, Summerdean and
B. Select brand of whiskeys, which will
be sold at the lowest possible prices and
satisfaction guaranteed. In all branches
of his business he keeps none but the best
goods and guarantees satisfaction to all.

Criminal Court.

The following cases have been disposed
of in this Court to-day:
State vs. J. C. Minnis, larceny; judg-
ment suspended upon payment of costs.
State vs. Margaret Dahmer, retailing
liquor without a license; not guilty.
State vs. Lucinda Step, disorderly con-
duct; verdict, guilty.
State vs. Arlington Howard, peace war-
rant; defendant required to enter into
justified bond of \$100 to keep the peace.

The Board of Directors of the Bank of
New Hanover have declared a divi-
dend of 4 per cent. (free of tax) out of
the earnings of the Bank for the past six
months, payable on and after the 15th inst.

A Heavy Rain.

One of the heaviest rains ever experi-
enced in this locality fell here this after-
noon. There is too much of it, and we
fear that the peanut and cotton crops in
this section will be seriously injured. At
this writing it has been pouring down for
an hour and a half, but with a prospect
of an early abatement.

County Commissioners.

The Board of County Commissioners
are in session this afternoon. They are
engaged, as we go to press, in a revision
of the tax lists and after this is concluded
such other business as may be called up
will be transacted. The Board will then
adjourn and meet again for the purpose
of appointing School Committeemen for
this township.

Overflowed.

The alley in the rear of Market street,
between Front and Second, was overflowed
during the heavy rains this afternoon and
Messrs. Hart, Bailey & Co's workshop
and Mr. Geo. Myers' warehouses were
several inches deep in water. This is
the case very often in a heavy rain and we
call the attention of the authorities to the
condition of the sewer in that locality,
which needs enlarging.

Rev. G. D. Bernheim.

MR. EDITOR:
I am very glad to hear that you intend
publishing the letters of the Rev. G. D.
Bernheim, pastor of St. Paul's Lutheran
Church in this city, who is now on a visit
to his native land. These letters are dis-
cussive of his travels and will prove of
very great interest, not only to his own
people here but will be read with great
pleasure by every one who may come in
contact with them.

WILMINGTONIAN.

The People Want Proof.

There is no medicine prescribed by
physicians, or sold by Druggists, that
carries such evidence of its success and
superior virtue of BOSCHEE'S GERMAN
SYRUP for severe Coughs, Colds settled on
the breast, Consumption, or any disease
of the Throat and Lungs. A proof of that
fact is that any person afflicted, can get a
Sample Bottle for 10 cents and try its
superior effect before buying the regular
size at 75 cents. It has lately been intro-
duced in this country from Germany,
and its wonderful cures are astonishing
every one that use it. Three doses will
relieve any case. Try it.

Will Cure Consumption.

To all suffering from the following dis-
eases a ray of hope is offered through the
kindness of a missionary friend who has
sent me the formula of a purely vegetable
medicine which has long been used by the
native medicine men of Hindostan—for
the positive and radical cure of Consump-
tion, Bronchitis, Asthma, Catarrh, Dys-
pepsia, Throat and Lung difficulty, Gen-
eral Debility, Loss of Manhood and all
Nervous Affections, its power has been
tested in hundreds of cases without a fail-
ure. I now feel it my sacred duty as far
as possible to relieve human misery and
will send the recipe—FREE OF CHARGE—to
any person who may desire it with di-
rections for using. Sent by return mail
by addressing with 2 stamps, naming this
paper, Dr. O. R. Brigham, Drawer 28,
