THE DAILY REVIEW.

VOL. 2. WILMINGTON, N. C., WEDNESDAY, SEPTEMBER 12, 1877. NO. 200

An Astounding Discovery.

WASHINGTON, Sept. 10.—Gov. Ham-
ilton went away from this city without be-
ing able to secure any Government arms
for his State militia. The critics who
cried out at Hamilton's coming here to
secure arms for what they pleased to call
the White Leagues, will have to change
their tone. When Hamilton made ap-
plication it was thought that his State
was entitled to a large number of arms.
The militia companies in his State are not
able to arm themselves; hence the applica-
tion. On examination at the War De-
partment the astounding discovery was
made that South Carolina has already re-
ceived an advance of all arms to which it
is entitled for forty years to come. It
was also discovered that this extraor-
dinary issue of arms came through Don
Carson, who, at the instance of Honest
John Patterson, ran this load of arms into
South Carolina for the use of the negroes
only. This was done last fall when the
Camorons and Chancellors were crying out
so loudly at the dangers arising from the
presence of the White Leagues in South
Carolina. This when the negroes had
twenty stand of arms to one for the
whites. Beside this great issue of arms,
it will be remembered that a large body
of troops was ordered into South Carolina.
Everything was done that could be done
to precipitate a color-line fight, but
the patience and coolness of Gov. Ham-
ilton and his people frustrated this well
laid plan. Gov. Hamilton goes back with-
out any arms for his State, but he is
satisfied with the reason, as it will help
explain to the public the extreme means
adopted last fall by the Administration
people toward the South.

Proposing to Abolish the Presidency.

WASHINGTON, Sept. 10.—Several nu-
merously signed memorials will be pre-
sented to Congress next month, proposing
amendments to the Constitution abolish-
ing the Presidency; an Executive Coun-
cil, council of State or Cabinet to be sub-
stituted therefor, to be composed of seven
Secretaries, without any superior officer,
all to have equal authority; that is, sim-
ply to strike out the President and au-
thorize the Secretaries to have the execu-
tion of the laws and general supervision of
the Government; four of the council to be
elected by the House and three by the
Senate, from members of their respective
houses for two years, one or all to be re-
elected at any time by the House electing
it, and all have the rights of members
in both Houses.

The Indian Commissioner.

WASHINGTON, Sept. 10.—Neither Sec-
retary Schurz nor Commissioner Smith
feels at liberty to say anything definite
concerning the contemplated change in
the Commissioner's position; but a day or two
only will elapse before the facts will be
made known. It is certain, however,
that Mr. Smith will lose nothing by his
transfer to another position.

Another fine rain this morning; almost
as much of a good thing.

The almanac man missed it by two
days. He promises rain for day-after-to-
morrow, but none for to-day.

The excursion intended to be given to-
morrow by the young Catholic Friend's

ner not to be found in any of the religious
works of the present day.

Cleaning Up.

As this is about the season of the year
when house cleaning occupies the thoughts
and time of most of our lady readers we
publish a recipe of a concoction for clean-
ing paints:

Take one ounce of pulverized borax,
one pound of small pieces of best brown
soap, and three quarts of water. Let it
simmer till the soap is dissolved, stirring
frequently. Do not let it boil. Use a
piece of old flannel, and rinse off as soon
as the paint is clean. This mixture is
also good for washing clothes.

Sale of Real Estate.

The real-estate advertised in the Re-
view, to be sold under assignment to Mr.
Jas. W. Collins by the Mechanic's Build-
ing & Loan Association, was sold this
morning. The old Poor House lot and
building, on Walnut, between Fourth
and Fifth streets, brought \$1,000; the
Krambert House, on Ninth street, north
of Chestnut, brought \$1,000, and a store
and cottage on Harnett and Seventh
streets sold for \$1,000. Several small
dwellings on Harnett, between Sixth and
Eighth streets, sold for from \$250 to
\$450 each.

The Episcopal Convention.

The adjourned Convention of the Epis-
copal Diocese of North Carolina was to
have opened this morning in Christ
Church, Raleigh, the subject for consid-
eration being the propriety of dividing the
State into two dioceses. There is a large
attendance and from among the list of
delegates, and the parties with whom they
are stopping, as published in the Raleigh
papers, we glean the following in refer-
ence to our own home-folks:

Bishop Attkisson stops with Mrs. G.
W. Mordecai; Rev. T. M. Ambler with
Rev. Mr. Rich; Rev. C. O. Brady with W.
G. Otey; R. E. Calder, Esq., with Mrs.
G. W. Mordecai; DuB. Cutlar, Esq., with
Maj. J. C. Winder; Dr. A. J. DeRosset
with Bishop Lyman; Col. W. L. DeRosset
with Maj. F. H. Cameron; Rev. Geo.
Patterson, D. D., with Mrs. G. W.
Mordecai; Rev. A. A. Watson, D. D.,
with Mrs. G. W. Mordecai, and Jas. A.
Willard, Esq., with Capt. S. A. Ashe.

Bartlett Pears.

Col. William F. Bartlett, one of our
subscribers at Asheboro, Pender county,
and a celebrated pomologist, has just pre-
sented us with two large Bartlett pears
of his own raising. They weigh one
pound and a quarter each, with a circum-
ference of fourteen inches. The Colonel
assures us that these are not the largest
he has raised this season by several
ounces. The Bartlett is a favorite pear
in this section of the State. It derives its
name from that celebrated pomologist,
Mr. Bartlett, who brought the tree from
France, where it bears the name of *bon
chrestie*. When our people learn to eat
more of these luscious pears and other
good fruit of their own raising, and less
of bacon and salt pork, they will be more
prosperous, more healthy, and be free from
dyspepsia. People who abstain from
salted provisions, and who live on vege-
tables and fresh meats are free from dys-
pepsia and sallow complexions. France
and other countries are in proof of this. It
is extremely rare to see a case of dyspepsia
in France, where bacon and salt pork are
unknown as a diet. Will not Southern-
ers take heed?

Our Daily Bread.

We claim that there is greater certainty
and uniformity in the production of good
bread, biscuits, cake, etc., in the use of
DOOLEY'S YEAST POWDER, and that the
articles made with it are more wholesome
and digestible than if made with any
other kind of yeast or baking powder.
Test it by the only reliable and truthful
test, a trial by the oven. We claim also
that it is just as represented, and just
what the public expect it to be by the
name under which it is sold.

The Glove Fitting Shirt.

Brown & Roddick, 45 Market street
are the only firm North or South, who sell
this Shirt for 75 cents each and guarantee
them equal to any Shirt in quality or
manufacture that can be purchased in this
market.

Why Is It?

Why is it that the outgoing magistrates
have not complied with the order of the
Board of County Commissioners issued
some week or two ago, requiring that all
law books, dockets, &c., pertaining to the
office of magistrate, should be turned
over to the Clerk of the Board of County
Commissioners? And why is it that the
Board has not enforced the order? Is
there no way of reaching some of these
contumacious ex-J. P.'s who decline to
comply with the order of the Board?

Battle of North Point.

To-day is the anniversary of the battle
of North Point, Maryland, fought in the
year 1812 between the British soldiers
under the command of Gen. Ross and the
Americans under Gen. Winder. The
city of Baltimore has commemorated this
important event in the history of the
country by erecting a monument to the
memory of the American soldiers who
participated in the battle.

It has been the custom for many years
among the survivors of this battle to as-
semble on each anniversary of this event
in front of this monument and then, with
uncovered heads, under the inspiring
strains of a drum and fife, the drum being
beaten by the very drummer-boy who
beat their reveille for them on the 12th
day of September, 1814, but who is now
an old gray-haired man, march around
the monument, after which they are es-
corted off by the volunteer soldiers to a
pic-nic ground where the balance of the
day is spent in feasting and general en-
joyment; and it is said that sometimes
these old veterans, after returning
from their annual pic-nic, need a support
as well as an escort on either flank to keep
them in line.

September Regatta.

The final of the regatta races for the
season of the Carolina Yacht Club, will
be sailed Tuesday the 18th inst. Of the
smaller yachts the "Spray" is the only one
that has entered, so far. The race will be
called for 2 o'clock and as there is expect-
ed a plenty of wind, (before, during and
after the race) the race will no doubt be a
very interesting one. The following are
the entries:

"Spray," owned and sailed by E. S.
Latimer.
"Frolic," owned and sailed by Geo. D.
Parsley.
"Empire and Marion," owned by Dr.
A. E. Wright and sailed by Samuel
Green.
"Qui Vive," owned and sailed by W.
A. Wright, Jr.
"Rosa," owned and sailed by John M.
Cazaux.
"Carolina," owned by E. E. Burruss
and sailed by R. O. Grant.
"Ripple," owned and sailed by Norwood
Giles.
"Foam," owned and sailed by Capt. I.
B. Grainger.

Military Matters.

For the benefit of our military friends
we publish a report from the *Observer*,
relative to the preparations which are now
being made in Raleigh for the entertain-
ment there during Fair week of the visit-
ing military companies:

The Executive Committee of the State
Fair are hard at work every day on the
important duties committed to their care,
and we must say, just here, that too much
credit cannot be given these gentlemen for
the great exertions they are making, and
that too at the expense of their own valu-
able time and for the interest they are tak-
ing to promote the success of the fair. We
learn that through the labor and influence
of Gen. R. F. Hoke, a member of the com-
mittee, Camp Russell has been se-
cured for the use and occupancy of the
visiting military during fair week. Camp
Russell is the garrison recently occupied
by the Federal troops, and the barracks
are in superb order, neat and clean, beau-
tifully landscaped grounds, elegant kitchens,
dining halls, a convenient distance from
the heart of the city, in fact just the place
best suited for the citizen soldiery that
will be present at the Fair. There are
good wells of water, cisterns, sinks, shaded
groves, flower gardens, in short every at-
traction and convenience that the Govern-
ment of the United States could possibly
bestow upon it for the past twelve years.
We learn that twenty-four volunteer com-
panies are expected at the Fair and at
Camp Russell there is ample room for all,
as the buildings and grounds occupy sev-
eral acres.

Eilers, of stores and houses for rent.

Handsone Work.

Mr. S. G. Hall, the well-known prac-
tical book and job printer, has just laid
upon our table some elegant specimens of
his handiwork in the shape of printing
on the new style of "tinfo" cards. The
job is truly a handsome one and evidences
what can be done by first-class workmen
here at home as well as in the large cities
of the North.

Arrived.

Rev. Dr. Bernheim returned to this
city this noon after an absence of about
three months. Numerous friends met
Dr. Bernheim at the depot and after giving
him a hearty welcome back to his
flock and the city, he was permitted to
ride to his dwelling near the corner of
Sixth and Market streets. He is looking
well and seemed pleased to be with us
again.

In Distress.

As the barge *Modoc* with the colored
excursionists aboard passed the foot of
Market street this morning, the U. S.
flag was run to the mast-head
union down. We do not know
whether it was intended as a signal
of distress, but think it very appropriate
as the crowd was small and there will
probably be some financial distress when
the balance sheet is drawn up.

The Thermometer.

this place we obtain the following report

ing at 7:31 o'clock:

The People Want Proof.

There is no medicine prescribed by
physicians, or sold by Druggists, that
carries such evidence of its success and
superior virtue of BOSCHER'S GERMAN
SYRUP for severe Coughs, Colds settled on
the breast, Consumption, or any disease
of the Throat and Lungs. A proof of that
fact is that any person afflicted, can get a
Sample Bottle for 10 cents and try its
superior effect before buying the regular
size at 75 cents. It has lately been intro-
duced in this country from Germany,
and its wonderful cures are astonishing
every one that use it. Three doses will
relieve any case. Try it.

Father, who doeth all things well.
Resolved, That we never more shall

and trust that he has gone to his rest with
our Lord and Saviour Jesus Christ, and it
shall be our earnest effort to live so as to
enable us to meet him around our Father's
throne in Heaven.

mourning for the space of thirty days, and
