Such of our subscribers as may change their places of business or residence will please notify us promptly of the fact.
The guns of the Cape Fear Light Artillery are being painted to-day.
Cautionary signals were ordered to be raised along this coast last evening.
Dr. W. E. Freeman has associated with himself Dr. Geo. S. Adams, in the practice of medicine, as will be seen by reference to our advertising columns to-day.

We invite attention to the lengthy and attractive advertisement of Mr. S. H. Fishblate, the wholesale and retail Market street dealer, as it appears in this issue.
A gale blowing 48 miles an hour was reported in Texas last night but as it has not reached here yet, the presumption is that it has changed its course and has given us the go by.
The flags of various nations are swung across Princess street at the intersection of Second, in honor of the anniversary of the Order of Good Samaritans. The Order will celebrate the day with a grand parade.
The St. Paul's Female Seminary, as also a Grammar school for boys and girls, will be re-opened October 1st, under the management of Rev. G. D. Bernheim, D. D., Principal, with a full corps of accomplished assistants.

Another Bargain!
Malta Lace Scarfs 2 1/2 yards long, decidedly the richest article of the kind that has been offered in this market.
BROWN & RODDICK, 45 Market street.
Purity, Strength, Economy.
These three requisites are combined in DOOLEY'S well-known YEAST POWDER. A few trials will convince you that it is not only the best, but also the cheapest.
Help Them.
We notice by the Raleigh Observer that the citizens of that city are making up a subscription for the purpose of purchasing new pants for the Raleigh Light Infantry and this reminds us that a committee from the Whiting Rifles were recently appointed to solicit the citizens of Wilmington to aid them in the purchase of their new uniforms. We hope that the people of Wilmington will be as liberal as those of Raleigh and aid the young gentlemen of the Whiting Rifles in their laudable effort.

The Thermometer.
From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:
Augusta, 75; Cairo, 64; Charleston, 75; Cincinnati, 66; Corsicana, 73; Galveston, 76; Indianapolis, 79; Jacksonville, 78; Key West, 84; Knoxville, 71; Lynchburg, 74; Memphis, 64; Mobile, 92; Montgomery, 74; Nashville, 71; New Orleans, 80; New York, 68; Norfolk, 71; Pittsburgh, 66; Punta Rasa, 81; Savannah, 78; Shreveport, 75; St. Louis, 57; St. Marks, 77; Vicksburg, 72; Washington, 73; Wilmington, 75.
Some More Fast Running.
A few days ago the mail train of the W. C. & A. R. R. was behind time and the W. & W. R. R. was called upon to make up 48 minutes lost time. Mr. Charles Divine straddled the iron horse, and not only made up the 48 minutes but an additional 25 minutes, the length of time he was compelled to wait at the turnout for the down train. Thus it will be seen that he closed up a gap of 1 1/2 hrs. and made in connection 1 1/2 miles, the distance from Wilmington to Weldon, besides making the regular stoppings. These W. & W. boys are always good in an emergency and are both experienced and steady.

The Glove Fitting Shirt.
BROWN & RODDICK, 45 Market street are the only firm North or South, who sell this Shirt for 75 cents each and guarantee them equal to any Shirt in quality or manufacture that can be purchased in this market.

WHAT IS SHE?

A Strange Vessel Off Lockwood's Folly--Had Lost Her Bearings--Suspicious Conduct--Supposed to be in Command of Mutineers.

A very strange fact is reported here this morning, the particulars of which are as follows: On last Friday evening, at 5 o'clock, Capt. Joe Burris, a pilot, while on a cruise south of Main Bar, and when off Lockwood's Folly, in Brunswick county, about 20 miles south of the Cape Fear, fell in with a very suspicious craft. She was a four-and-aft schooner, named the *Jonas Smith* and hailing from some foreign port. Some of her sails had been blown entirely away while others hung in shreds from the masts, only a few being at all serviceable. Near the water line weeds and grass, a foot long, were growing from the hull, evidencing that she had been a long time out of port. Capt. Burris counted on her deck one white man and thirteen negroes, the latter of whom did all of the talking. They claimed to be from Boston bound for Savannah with a full cargo, but of what was not ascertained, and said that they had been out but three weeks. They had entirely lost their bearings, did not know where they were, nor how Charleston or Savannah bore. Capt. Burris gave them the bearings when the vessel sailed off to the South. As she did so the white man, who was standing at the stern, turned his back to the colored crew and beckoned and entreated with his hand for Capt. Burris to return, and was in this position as long as he could be seen from the deck of the pilot boat.
Capt. Burris returned to Smithville on Saturday afternoon and reported these facts and yesterday morning Capt. Frank Barr, of the revenue cutter *Colfax*, sailed on the search for her. Capt. Burris reported that the weather was heavy and foggy and that the schooner could not have made much progress since he left her.
The Cutter returned to Smithville this morning, but we have in vain endeavored to obtain information from that point. The affair has caused considerable discussion here and there are many surmises as to the character of this vessel and her ultimate destination, but the opinion most generally received, as based upon the above facts, is that her crew of negroes are mutineers and that the white man seen on board was retained by the crew when they mastered the vessel for the purpose of navigating her.

The Fire This Morning.
The alarm of fire was sounded this morning about 2 o'clock, caused by the burning of three small frame houses on Brunswick between Second and Third streets, the property of Mr. Jno. W. Strauss. A colored man living in the neighborhood discovered the fire burning under the house near the chimney. He gave the alarm and threw water on the fire, but by this time it had burst out of the top of the house. The fire spread rapidly and soon two adjoining houses were enveloped in flames. The fourth house was on fire when the Adrian arrived but by well directed efforts on the part of the members of the company and an incessant stream of water on it, the house was saved with but small damages. Mr. Strauss is of the impression that the fire was the work of an incendiary.
The houses were not insured, and Mr. Strauss estimates his loss at \$650.

City Court.
Only one case for the Acting Mayor's consideration this morning, which was disposed of as follows: \$5 fine or 5 days' imprisonment. The case was one of assault and battery upon the person of Hannah Bland by one precious individual called Judy Bowen. It was all about a quarrel originating between their children. It was proven beyond the cavil of a doubt by one respectable witness at least that the woman Judy Bowen was the aggressor and was guilty of assault and battery upon the person of Hannah Bland.
The husband of Judy Bowen passed over the \$5, which had the effect of relieving his consort from durance vile. This ended the sitting of the Court for to-day.

Qualified.
Mr. Thos. O. Bunting, the newly appointed Constable for Wilmington township, presented his bond to the Board of County Commissioners at their regular session this afternoon, which was accepted. Mr. Bunting thereupon duly qualified.

A Pleasant Surprise.

Just before the close of the services at the Lutheran Church last evening, Rev. Dr. Bernheim stated to the congregation present that the members of the Church had seen fit to present to Rev. F. P. Cook, who had so ably and acceptably served them during his absence, with a testimonial of their appreciation of his labors, and requested them to remain seated after the Benediction had been pronounced. Dr. Bernheim, in a neat speech of about ten minutes, during which he alluded to the manner in which Mr. Cook had filled his mission here, and the great responsibility resting upon him as a young man just commencing his labors in the Lord's vineyard, and trusting that all his work would be much appreciated wherever his lot in life might be cast as it had been here, and assuring him of the love and best wishes of the entire membership of the Church here, in their behalf presented a beautiful gold watch, as a reminder to him of the esteem in which he was held by them. He also stated that a chain made of the hair of his mother and sisters would be given him as soon as it arrived here from New York where it was being made. Mr. Cook was altogether taken by surprise, and as he arose to reply, his voice trembled and he plainly showed his feelings. He however thanked the donors for their beautiful gift assured them that they had already won a warm place in his heart, and this watch would only serve as an additional and stronger tie to bind his heart to them; he hoped that his labors had not been in vain, and trusted that they would one and all prove wise sons and gather their harvest from the fields of the Lord while yet in the Summer of their lives. He thanked them again and took his seat. The members then crowded around tendering their regrets at his proposed departure from our city. The watch is a fine and costly one and was purchased by voluntary subscription from the members of the church nearly every member donating something. Mr. Cook proposed to leave for Mt. Pleasant, the home of his parents, some-time this week, and will carry with him many regrets at his departure from his friends in this city.

Day of Atonement.
The Fast of Yom Ha-Kippurim, or Day of Atonement, which is the most solemn day of the Jewish Calendar, began last evening at sunset and closes this evening at the same time. The authority for it is found in Leviticus XXIII, v. 26 and 32. Appropriate services were held in the Temple at 6 o'clock yesterday evening and during the continuance of the Fast to-day.

For the Review.

Proceedings of Democratic Executive Committee of Pender County.
The Committee met at Rocky Point Saturday, 15th September, 1877, at noon, and according to previous notice to all the members. A quorum was present. The object was to recommend to Governor Vance a suitable person to fill the existing vacancy in the Board of County Commissioners caused by the resignation of the Chairman, Augustus Gamberg, Esq. There were also present a number of leading Democrats from different portions of the county, manifesting a laudable interest in the selection of a successor to Commissioner Gamberg. After a free interchange of views the following resolutions were unanimously adopted by the Committee and the entire meeting:
Resolved, That the past services and excellent record as a Commissioner of Pender county of our Democratic fellow-citizen, Daniel Shaw, Esq.; his uniform and firm devotion to retrenchment and reform in taxation and public expenditures, as well as to official honesty and rigid accountability in public offices, entitles him to the grateful appreciation and support of every true friend of the county and of that just and comprehensive policy without which neither county towns nor counties themselves can either be prosperous or secure the public confidence and admiration.
Resolved, That he is our choice and the choice of the Democratic party of Pender, represented by us on this occasion, for the vacancy now existing in our Board of County Commissioners, and that in view of his fine administrative abilities, his well known integrity and devotion to the best interests of every section of Pender county, as well as his acknowledged acceptability to the people, we cordially recommend him to Governor Vance for appointment as Commissioner.
The Chairman and Secretary were requested to forward these proceedings to Governor Vance and to solicit his appointment of Mr. Shaw.
JAMES GARRISON, Ch'mn.
S. S. SATCHWELL, Secretary.

To destroy cabbage worms, sprinkle dry fine earth on the cabbage while the dew is on them. It is said to be a specific.
