LOCAL NEWS.

New Advertisements. PROF. AGOSTINI—Dancing School. A. SERRI—Fall and Winter. THOS. W. BROWN, Agt—Opera House.

Rice birds 20 cents per dozen. Day's length 12 hours and 16 minutes. A self make man may be said to be nobody's child.

Warm lemonade is said to be good for consumption. We are promised cool northerly winds for this afternoon.

Shrimps are getting scarce and are selling at ten cents a quart. The economical baby puts its toes in its mouth in order to make both ends meet.

Babies may be said to be literally living from hand to mouth when they are sucking their thumbs. Col. B. R. Moore offers for rent a very desirable residence on Red Cross street.

The last of the regular regattas for the season of the Carolina Yacht Club was sailed to-day. Particulars to-morrow. The first fall poetry comes in just in time to kindle the first fall fires lighted to take the chill off the raw autumnal evening.

There has recently been considerable of a rise in the river at Fayetteville and the boats now run with more regularity and with full freights. We can look for some more high tides on the sounds now as the wind is from the northeast.

Prof. Agostini will be at his hall to-morrow (Wednesday) afternoon to receive the children who are to enter his dancing class, and on Thursday evening to receive gentlemen. Mr. J. C. Calhoun has been elected Professor of Greek in the University of Alabama.

There is no truth in the report that Osman Pasha is Blaine of Maine. The report originated in the fact that his great desire in Congress to continue the war made some people believe that he had joined the Turkish army. There is a married lady stopping at Sagatoga, who is pretty, if dress makes one so.

Purity, Strength, Economy. These three requisites are combined in Dooley's well-known YEAST POWDER. A few trials will convince you that it is not only the best, but also the cheapest. The Glove Fitting Shirt. BROWN & RODDICK, 45 Market street are the only firm North or South, who sell this Shirt for 75 cents each and guarantee them equal to any Shirt in quality or manufacture that can be purchased in this market.

It is a Well-Known Fact that many grocers sell DOOLEY'S YEAST POWDER at the same price they do the cheap, inferior kinds, and, as they pay more for it; make less money; hence they never sell it unless the purchaser demands, and insists on having it. They keep it out of sight, and urge customers to take the common kinds because they are more profitable. Good, pure articles have a value, and cannot be sold as low as those that are adulterated. Good Samaritans. The Independent Order of Good Samaritans celebrated their third anniversary by a parade through the principal streets this afternoon.

Will You Do It?

As there are three or four good row boats beside one regular racing scull, such as are used by the Harvard and Yale crews, owned in this city, we hope the owners of these boats will get up a rowing match on the river at no distant day.

Hop Last Night. A Cold Water Hop was given last night in Temperance Hall under the management of two young gentlemen in this city, Messrs. Register and King. It was largely attended and was thoroughly enjoyed by everybody.

The Excursion To-Morrow. Don't forget the excursion to be given to Smithville to-morrow on the steamer Underhill. Fare only 50 cents for the round trip. The indications now are that it will be the last of the season, and they say that it is just splendid at Smithville now—in fact the most pleasant season of the year on the sea coast.

The Mysterious Vessel. The schooner Jonas Smith, whose mysterious movements off our coast attracted such attention, a report of which we published yesterday, is asserted to be from Boston for Savannah, (as she claimed to be) with a cargo of ice, 35 days out. The revenue cutter found her off Cape Roman and furthered her on her course. Still, there are some points in our mind which remain to be cleared up, and we are not as yet fully satisfied as to the report made of her.

The Non-Commission. Capt. Walter Coney, of the Wilmington Light Infantry, has recently made sundry appointments of non-commissioned officers for his Company and the complete list now stands as follows: W. C. Lord, Orderly Sergeant. Jas. G. Bradley, Second Sergeant. T. F. Dagle, Third Sergeant. N. F. Parker, Fourth Sergeant. T. C. DeRosset, Fifth Sergeant. W. J. Gordon, First Corporal. Willis Turlington, Second Corporal. H. B. Jewett, Third Corporal. Jno. L. Holmes, Jr., Fourth Corporal. J. T. Munds, Color Corporal.

Public Schools in this City. The School Committee of the 1st and 2nd Districts, comprising the Township of Wilmington, had a meeting in the room of the County Commissioners yesterday morning. It was decided that the public schools under their jurisdiction, consisting of the Campbell Square and Heminy schools, in District No 1, and Williston and Union schools, in District No 2, should open Oct. 1st.

The hours comprising the school day were fixed at from 9 a. m. to 12 m. and from 2 p. m. to 4 p. m. The School Boards adjourned to meet again on Thursday next, in the Commissioners' room, when they will proceed to select teachers for the approaching scholastic year. Above information was inteded for yesterday's issue but was crowded out.

County Commissioners. The Board of County Commissioners met yesterday afternoon when the following business was transacted: Bond of T. O. Bunting, as Constable of Wilmington Township, for \$1,000, with S. H. Fishblate, H. G. Flanner and D. F. Hall as sureties, was presented, and, on motion of Commissioner Holmes, accepted and ordered recorded and placed on file. The Board then proceeded to elect a Constable for Federal Point Township, C. W. Oldham being the unanimous choice of the Board. Mr. Oldham's bond was fixed at \$1,000.

The bond of Jos. Smith, as Constable of Harnett Township, for \$500, was accepted and ordered recorded and placed on file. On motion of Commissioner Sanders, it was ordered that the overseer of the old Newbern road and Mr. A. R. Black be requested to meet with the Board at its next session, and state if there be any objection to the opening of a certain road to the Sound, petitioned for by the citizens of Harnett Township. On motion of Commissioner Grainger, it was ordered that the Special Committee of Tax Payers of the county of New Hanover, consisting of Col. W. L. DeRosset, Edward Kidder and Henry Nutt, be requested to superintend the issuing of the bonds for the county indebtedness. The Board then adjourned until 22d inst.

A Perilous Ride.

A tramp concealed himself yesterday under the coach of the mail train of the W & W. R. R. and succeeded in evading the vigilance of the conductor for at least fifty miles. The tramp straddled an iron bar between the axle and bottom of the car holding himself in position by bracing against the air brake. It is yet to be ascertained how he wedged himself in between the axle and car and why it is he did not fall off.

A Mail Robbed. A young man by the name of Lawton, of Magnolia, a son of a former Postmaster at that place, was brought here to-day charged with robbing the mail. For some time past money has been missed from registered letters, the letters generally coming to hand with only a part of the amounts they called for inclosed therein. A decoy was planned and carried out by Col. Brink, P. M., at this place and the young man was caught. Col. Brink himself accompanied the officer to Magnolia and it is a remarkable fact that the arrival, arrest and departure occupied but three minutes, the train being behind time and the stoppage at that point a very short one.

A Good Way. A certain gentleman in this place, a prominent citizen, who is blessed with two beautiful and accomplished daughters, young ladies "just turned out," and who receive great attention, has been considerably annoyed for some time past by the persistency of some of the young gentlemen callers who remain to a later hour of the evening than paterfamilias deems proper, he being a strenuous advocate of the "early to bed and early to rise" doctrine. He is a hard worker, his hands being full of business and his mind of responsible and weighty matters "from early morn to dewy eve" and one who wants to sleep when he goes to bed, undisturbed by laughter and music in the parlor below. Repeatedly have hints been tendered and taken and retendered and retaken, and so the head of the family has had a number of cards printed with the following inscription: 10 O'CLOCK IS OUR TIME FOR GOING TO BED.

These cards now hang from the chandeliers and adorn every mirror and picture in the room, and the result has so far proved very satisfactory. Appletons' Journal. For October presents a varied list of contents, some of the papers being specially noteworthy. Mr. Charles Carroll's "Good Bohemians" is a fresh and charmingly-written essay, with the object of showing how many of the better characteristics of the Bohemian tribe—its elasticity, wit, imagination, hopefulness, courage—are to be found in some circles everywhere. Another paper in an unusual direction is entitled "With Couture the Painter," that excellent novelette of the Franco-German War, "A Struggle," is completed; and the second installment is given of "By Gelia's Arbor." There are many other papers. Julian Hawthorne continues his "Out of London" series; Mr. Austin instructs us in the methods of taming and rearing nightingales and mocking-birds; there is a paper on the "Wise Women of the East," "M. E. W. S." passes "A Night in the Garden" to good and pleasant effect; and in addition to the usual number of poems, a brace of humorous ones are given. There is a well-written essay by Edgar Fawcett, on "Poetry as an Art," and a whole group of short stories. The "Editor's Table" is more varied and has a lighter touch than usual.

Another Bargain! Malta Lace Scarfs 2 1/2 yards long, decidedly the richest article of the kind that has been offered in this market. BROWN & RODDICK, 45 Market street.

At the Opera House. The inimitable Sol Smith Russell, backed by an excellent Company, will appear in this city for one evening only on Tuesday next the 25th inst. It is claimed by the troupe, and justly too, if our exchanges may be believed, that the entertainment presented by them is one of the best and most finished in America. Sol Russell is himself well known to the theatre going public and all are assured of the fact that he is one of the best comedians of this age and can "take down" a house in a dozen different ways. We predict for him a crowded house in Wilmington. Modern young ladies are not the daughters of Shem and Ham, but of hem and shan.

Give Another.

The gentlemen of the Cornet Concert Club say that their last Concert wound up the series of the season. We are decidedly opposed to it and would ask in the name of the music loving portion of our citizens for at least one more concert.

Quick Trip. The steamship Regulator, Capt. Doane commanding, one of the regular steamers of the Clyde Line, between New York and this port, left here last Wednesday and arrived in this port to-day on her return trip. This is, we think, the quickest that has been made between New York and Wilmington.

Narrow Escape. This morning two lads, aged respectively 15 and 18 years, the sons of Mr. Patrick Larkins, were driving their father's two-horse wagon to the Sound on the turnpike road and when at a point known as Sour Grass Pond, about 3 1/2 miles from the city, the wagon was capsized by one of the wheels running in a ditch. One of the boys (the younger) was thrown over the wagon into the water and the other, in attempting to cut the harness of the horses, became entangled in the gear and both would probably have been drowned had it not been for the opportune arrival on the scene of Col. Jas. G. Burr and Capt. Edward Everett, en route for the Sound, who, together with a colored man who at that moment arrived on the spot, went to their assistance. One of the horses was drowned before he could be gotten out of the harness. The water in this pond is very deep, a result of the recent heavy rains.

Sensible Advice.
