There's a whiskey ring in Virginia now. Prof. Cooke exhibits in Raleigh tonight.

Cole's Circus has gone to South Carolina.

The only wages never reduced—the wages of sin.

Ignorance has no light; error follows a false one.

He who takes advice is sometimes superior to the giver.

Some people look at everything, yet really see nothing.

It is better to need relief than to want the heart to give it.

The Roanoke and Tar River Fair opens at Weldon to-morrow.

The greatest truths are the simplest and so are the greatest men.

Those who know the least of others think the most of themselves.

The ambition appears to be to wear a dress made entirely and exclusively of Breton buttons.

Tweed says that an honest man is the noblest work of God, but that there isn't much work now.

Taxes for education are like vapors, which rise only to descend again to beautify and fertilize the earth.

The thermometer, as a rule, will be found to reach the highest point indicative of heat at about two o'clock in the afternoon.

It tries a man's patience and faith in human nature most sorely to buy a coal stove and then see all his neighbors lay in a lot of wood for the winter.

The mathematical father now gets in his winter's coal, and dividing it by his number of daughters, calculates what the quotient of marriages will be.

A Philadelphia dancing master is about introducing a new dance expressly for fat people. All the performer has to do is to sit on the floor and kick.

While the philanthropist is considering what he shall do with the tramp, the tramp is making up his mind what he shall do with the philanthropist.

Just imagine that the times are good and they will be good. Just imagine that you have a nickel when you have not, and you can ride on any street car—about a rod.

We were not one of the newspaper men who were swindled with the new counterfeit five-thousand-dollar bill. We compared it with others in our pocket and refused to take it.

It is positively becoming dangerous for pillars of the church and ornaments of society to be caught with stolen money in their pockets. Even the putting a part into the collection platé on Sunday seems to have lost its efficacy.

A passionate and revengeful temper renders a man unfit for advice, deprives him of reason, robs him of all that is great and noble in his nature, and occasionally, sends him home with a black eye when he attempts to try it on a man who won't have it.

Drive out with a horse and he will switch his tail 150 times a rod, to force away troublesome flies, but let him once get his tail over a line and the old quadruped will wander on for miles without thinking of the flies which revel unmolested in his living gore. What a horse loves above all things is to do the driving himself.

**The Queen of the Oven.**  
A breakfast-biscuit or tea-roll made with DOOLEY'S YEAST POWDER is certainly the queen of the oven—so light, white and delicious. You lift it tenderly, break it open gently, spread it daintily with fresh, sweet butter, waiting to be gracious. After breakfasting on biscuits made with DOOLEY'S YEAST POWDER, what man would contemplate suicide or grumble because his wife asked him for money?

**The Watkins Troupe.**  
On Wednesday and Thursday evenings of this week [the old] Wilmington favorites, Mr. and Mrs. Watkins, are to appear before our people at the Opera House. They will be sustained by a competent troupe and Miss Amy Lee, who as a little child charmed us all seven years ago but who is now a young lady, will assume a prominent part in the entertainment. We advise all to go. Mr. Watkins has never yet provided us with an entertainment that did not charm his audience, and those offered this week will not prove one whit inferior to the best he has ever presented to us. The Company have just closed an engagement in Raleigh and the papers there speak in the warmest terms of the performances they gave.

**Planetary Conjunction.**  
The four planets usually visible to the naked eye may now all be seen in the early part of the night, and will continue to be visible nearly all of the remainder of the year. Jupiter will disappear first; he may be seen in the southwest, Venus in the west, and Mars and Saturn in the southeast; the last named are now about half an hour apart—Saturn on the left—and will gradually approach each other until the 3d of November at about 6 o'clock, when they will appear to almost occupy the same place, or Saturn will get behind Mars, and afterwards appear on the right.

**City Court.**  
The first called by His Honor, Mayor Dawson, this morning, was Julius Bell, colored, for being drunk and disorderly, for which he was requested to pay \$3.00 in greenbacks.  
G. C. Shields, white, was next on docket for being drunk, was sentenced to two days on bread and water.  
James Brown, colored, charged with disorderly conduct. Two days on bread and water.  
Lewis Jackson, colored, arraigned for disorderly conduct, was given two days on bread and water.  
One white man was arraigned for disorderly conduct, but having proved a very good character, the case was dismissed. This closed the proceedings for the day.

**Superior Court.**  
The October term of the Superior Court for this county convened in the Court House this morning at 10 o'clock, His Honor, Judge Moore presiding. The morning was consumed in arranging the calendar for the term. His Honor ordered the Sheriff to summon a special venire of Seventy-five men for the trial of the murder case moved to this county from Bladen. The case is that of one Smith, who it is alleged killed a man by the name of Murphy, an account of which has already been published in the REVIEW.  
The Court adjourned to-day at 1 o'clock until to-morrow morning at 10 o'clock.

**The Thermometer.**

**The People Want Proof.**  
There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue of BOSCHER'S GERMAN SYRUP for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing every one that use it. Three doses will relieve any case. Try it.

**EDITOR REVIEW:**  
Substitute Wilmington for New York, and—well, anyone you think it fits, for Tweed and read below.  
In the closing sentences of a long and sensible resume of the developing Tweed rascalities, the Nation says:  
"The handling of enormous sums of money, and consequent opportunities to abstract 'per centages,' was made possible to Tweed for so many years solely by reasons of our vicious system of municipal organization—a system which, in its worst features, is repeated in nearly all the large cities in the nation, and has fastened upon them all modifications of the same evil from which New York has suffered so terribly. We have for a long time permitted all the paupers and criminals in the community—those who have no interest whatever in municipal administration beyond the fear of policemen or desire for free soup or city work and wages—to have an equal share in the management of enormous financial interests with those who furnish the money and who alone are likely to desire its economical administration. Tweed's revelations should at least open the eyes of all loose talkers about the natural rights and human brotherhood to the only possible practical effect of their a priori theories in a great commercial city. Power without correlative responsibility is a curse to those who exercise it and a constant injustice to those who suffer from it. To confer the privilege of disbursing money, or of choosing those who are to disburse it, upon one who has had nothing to do with its acquisition, has paid no share of it, and has every possible inducement to squander it, will soon, we believe, be looked upon in municipal affairs as the method of a madman, and any attempt to defend it as too irrational to call for serious discussion."

**TRIBUTE OF RESPECT.**  
CASTLE HALL, GERMANIA LODGE, No. 4, K. of P.,  
Wilmington, N. C., Oct. 18, 1877.  
WHEREAS, It having pleased our Heavenly Father to again visit us and lay upon us the hand of affliction, by removing from our midst our well beloved Brother, P. C. A. C. H. FINCKEN; and whereas our duty calls upon us to again pay this last tribute of respect to his memory; therefore, be it  
RESOLVED, That in the death of our Brother this Lodge has again lost one of its most useful and zealous members.  
RESOLVED, That in his sudden death we are again reminded of the uncertainty of life and the certainty of death.  
RESOLVED, That while on this earth Brother Fincken endeavored by his action to exemplify, and live up to, the principles of our beloved Order, and ever induce our members to so live as they would wish that they had lived when they shall come to die.  
RESOLVED, That a blank page in our Record Book be inscribed with the name, age, and date of death of our Brother, and that our Castle Hall be draped, and the Brethren wear the usual badge of mourning for the space of thirty days.  
RESOLVED, That a copy of the above resolutions be forwarded to the family of our deceased Brother with the assurance of our sincere sympathy in this their hour of deep distress, and to our daily papers, and the "Deutsche Zeitung" at Charleston, with a request to publish.
