A good deal of fault is found, and perhaps justly with the habit some men have of staring at the ladies. Still, somebody must do the staring business; and if the men don't the women will.

The Charlotte Observer of yesterday's date failed to reach us to-day and therefore we are unable to publish the report of the Second days proceedings in Synod in this issue.

The Church Festival.

We regret to learn that the inclement weather last night interfered so much with the intentions of the ladies of the Fifth Street M. E. Church as to prevent them holding of the festival intended for last night. It will be held to-night at Megginney's Hall, where we hope that the attendance may be large and liberal.

Condemed.

Health officer James M. King acting under instructions from the Superintendent of health for the city, has condemned and ordered sent out of the city limits, about 500 lbs. of unsound beef and what is known as No 2 bacon, during the past week. The latter named article has been the cause of much sickness, so the City Physician thinks, among the colored population lately.

Detected in the Act.

An attempt was made about 8 o'clock Thursday night to fire the house of Lucy Jones on the corner of Dock and eighteenth streets. The villain was detected before he could accomplish his purpose, but made his escape. It is a pity he escaped; he should have been caught and Judge Lynch called in his case. We think it would have had a soothing influence over the minds of his brother incendiaries.

The Hunters' Moon.

The full moon which occurred Monday last, October 22d, was and is known among the Indian tribes, says an exchange, as the "hunters' moon," from its indicating with them the opening of the hunting season. This is the moon that is associated with the soft advance of Indian summer, a season generally due about the first of November, All Sanita's Day, on which account it has been often called "the summer of All Saints."

Thanks.

We make our bow and tender our thanks to the ladies of the Fifth Street Methodist Church congregation for a nice waiter full of good things from the festival at Megginney's Hall this morning. Which we will add, were very enjoyable.

Were Not Drowned.

The party of young men from this city who went on a little fishing excursion at New Inlet and who have been reported drowned returned to this city last night the liveliest looking dead men you ever saw.

Superior Court.

The attention of the Court is still occupied with the case of the Bank of New Hanover vs. Williams Black and Company. This case has proven a most interesting one to the business community, and is made doubly so, owing to the fact, that there is such able Counsel employed on both sides. Majors Devane and Stedman are employed as counsel for the plaintiff, and the Hon. George Davis appears for the defence.

Still Under Arrest.

Lemonade Jim is still cooling off in the guard house, and the Mayor has not touched his case yet. Jim's offence we believe was in besieging people on the outside of the hotels and trying to carry them to a place to buy something; in other words Jim was drumming.

The difference between Jim and the noble hero arrested last night, is that one went inside of the hotels and insulted people, and then came outside and insulted them too, while the other, the lemonade vendor, only made himself a first-class nuisance by being in the way on the outside of the hotels.

Phoenix.

Of Mr. Milton Nobles, who is to appear before our public on Friday and Saturday evenings of next week for the first time we believe, the Norfolk Virginian says: Milton Nobles and his company appeared at the Opera House last night in the "Phoenix" to a full house, and were received with much enthusiasm. The "Phoenix" is decidedly sensational and intensely interesting, with plenty of plot and numerous exciting, as well as ludicrous situations. The rendition of the piece last night was excellent, and at the conclusion of the various acts, the curtain fell amid shouts of applause. Mr. Nobles showed himself a fine actor, and the entire troupe were well up in the varied phases of the play. Mr. George J. Maddox, as Leslie Blackburn, took his part excellently, and Mr. Alonzo Schwartz as Moses Solomon, made a decided hit, and was tumultuously applauded. The entertainment lasted until a late hour and the very large audience retired after having enjoyed a hearty laugh and witnessed a very pleasing performance of its kind.

City Court.

Solon Shingle, for being drunk and disorderly again, was lectured and reprimanded pretty severely, by Mayor Dawson this morning, and then dismissed, with the positive admonition, however, that if there was a repetition he would suffer severe punishment.

V. Underwood, a sable looking individual from the country, waked up this morning to find himself in the guard house with the charge of being drunk and disorderly, besides using insulting language to the police officer who arrested him, and drawing his knife on the officer also preferred against him.

The defendant Underwood, it seems, walked into the Purcell House last night drunk and called for a drink and was refused. He then made himself obnoxious to the proprietors, when he was put out, whereupon he commenced a tirade of abuse, cursing and swearing &c., when Officer Green, of the night force, approached him and cautioned him to keep quiet, whereupon he drew his knife. Officer Green then very promptly and properly took the country individual in out of the wet and conveyed him to the lock up. All of these things were testified to, we believe, in open court this morning, when Mayor Dawson inflicted the heavy punishment of \$5 fine or ten days' imprisonment. Pretty severe, wasn't it? This done the court adjourned.

Festival of the Reformation.

To-morrow being the Sunday nearest to the 31st of October, Reformation day, this important event will be commemorated with appropriate services in the Lutheran church in the morning in the German language. In the evening the Rev. Dr. Bernheim will deliver a lecture in the English language descriptive of those localities of the Reformation which he visited during his recent tour in Europe. This lecture will no doubt be of a deeply interesting and instructive character, abounding as it will in information derived from personal observation and experience. The seats will be free.

Our Daily Bread.

We claim that there is greater certainty and uniformity in the production of good bread, biscuits, cake, etc., in the use of DOOLEY'S YEAST POWDER, and that the articles made with it are more wholesome and digestible than if made with any other kind of yeast or baking powder. Test it by the only reliable and truthful test, a trial by the oven. We claim also that it is just as represented and just what the public expect it to be by the name under which it is sold.

The People Want Proof.

There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue of BOSCHIE'S GERMAN SYRUP for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing every one that use it. Three doses will relieve any case. Try it.
