More rain to-day.  
The fashionable fall color in tomcats is yellow.  
Never judge a man by the color of the patch on his pantaloons.  
Some one says that a cauliflower is an educated cabbage. Wells, some men we know are cauliflowers.  
A man can sleep in church now without the everlasting fly disarranging his Sunday frame of mind.

Cleco wrote, "Nothing maintains its bloom forever," but he never studied a modern actress' complexion.  
It is better that a woman should keep her stockings in repair than that she should know the origin of the rainbow.  
A Goldsboro girl, who is no chicken, has got a young man whom she calls Henney and she "sets" on his knee.

Nobody can tell how many disputes the front of the bed have been settled by moving the bedstead into the centre of the room.  
Chief Joseph declined surrendering his gun to Oh! Oh! Howard. Cunning old Indian; he knew that he would never see it again.  
It turns out that Gen. Howard is a member of the peace society. So much have been inferred from his recent campaign against Joseph.

Plenty and indigence depend upon the opinion every one has of them; and riches, no more than glory or health, have on more beauty or pleasure than their possessor is pleased to lend them.  
Take care of the cents, and the dollars will take care of themselves, provided you can get them. Never neglect to pick up a dollar in preference to a cent. Don't pick up either if you can't find them.

A Pender county man insists that he saw a red and black snake forty feet long, and as big as a barrel of whiskey. We have no doubt that he did, but he unquestionably saw the barrel of whiskey before he saw the snake.  
**Compliments to our Representatives.**  
Hon. A. M. Waddell has been appointed by Speaker Randall Chairman of the Committee on Post Offices and Post Roads which is the third Committee in importance in the House.  
Hon. W. M. Robbins, of Salisbury, has been placed on the Ways and Means Committee.  
By the way we learn that Col. Waddell was not among the members who went to Baltimore to attend the Pinalco races.

**Festival of the Reformation.**  
Yesterday being the Sunday nearest Reformation Day, the day was appropriately observed by the Evangelical Lutheran congregation in this city. In the morning Rev. Dr. Bernheim, pastor of St. Paul's Church, preached in German to his congregation, and in the evening his discourse was in the English language. His lecture was repeated with historical allusions to Martin Luther, and was both full of interest and instruction. The music, both vocal and instrumental, was very fine, and added greatly to the impressiveness of the occasion.

**Lecture by a Colored Divine.**  
The Rev. W. G. McKinney, colored, who it is stated is lecturing for the purpose of raising funds to aid in the erection of a chapel for the benefit of the colored Episcopalians of Charlotte, will deliver a lecture this evening at Lippitt's Hall on Front, between Dock and Orange streets, on the subject of "Natural Talent." The lecture being under the auspices of the Church will of course be free from any political references whatever.  
There is no charge for admission, the lecturer depending entirely upon the generosity of his audience, to assist him in his undertaking.

## Superior Court.

His Honor Judge Moore appeared in Court this morning looking a little worsted from his encounter with the chills and fevers that attacked him last week.  
The case of the Bank of New Hanover vs Williams, Black & Co., which was in progress of trial when His Honor was taken sick, was again taken up and the counsel for the defence the, Hon. George Davis, continued his argument. The case will probably be given to the jury this afternoon.

## United States Court.

The U. S. District Court convened in the U. S. Court room this morning, His Honor Geo. W. Brooks presiding. The Court was formally opened but adjourned until 10 o'clock to-morrow morning without transacting any business on account of the absence of Mr. R. C. Badger, U. S. District Attorney for this District. Mr. Badger was expected to arrive on the noon train to-day. His Honor Judge Brooks arrived Saturday evening and is stopping at the Purcell House.

## The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:  
Augusta, 62; Cairo, 60; Charleston, 68; Cincinnati, 62; Corsicana, 71; Fort Gibson 54; Galveston, 74; Havana, 81; Indianapolis 77; Jacksonville, 70; Key West, 78; Knoxville, 58; Lynchburg, 58; Memphis, 65; Mobile, 70; Montgomery, 59; Nashville, 58; New Orleans, 65; New York, 70; Pittsburgh, 63; Punta Rassa, 73; Savannah, 63; Shreveport, 70; St. Louis, 40; St. Marks, 65; Vicksburg, 69; Washington, 57; Wilmington, 63.

## City Court.

His Honor Mayor Dawson presiding. There were three cases for the Mayor's consideration this morning, the result of Saturday night's arrests.  
The first case called was that of Edward Smith, white, charged with disorderly conduct. His Honor dismissed this case at a cost of \$3 for the defendant.  
A Spencer, colored for fighting was required to donate \$3 to the city treasury.  
E. Robbins, for fighting was also made to empty \$3 of the circulating medium out of his pocket for the benefit of the city finances. The court then adjourned.

## Meeting of the Bar.

At an adjourned meeting of the members of the Bar, held in the Court House this morning, Hon. Geo. Davis presiding, it was decided to adjourn again until tomorrow morning at 10 o'clock. The object of the adjourned meeting held to-day was for the purpose of receiving the report of the committee appointed last Monday to draft resolutions expressive of the sense of the loss the profession has sustained in the death of the late Adam Empe, Esq. Maj. F. D. Poisson, one of the members of the committee, made the motion to adjourn until to-morrow, which was carried.

## Military Redivivus.

The Martial spirit of the Old North State is being rapidly revived, already there are nearly enough companies in the State sufficient to organize two regiments, and the organization of new companies is still going on. The students at Davidson College have sixty members enrolled for a company, and have made application to the Adjutant-General for accoutrements. The Albemarle Times published in Edenton says "we have determined to have a military company in Edenton. Already there are very near enough names to organize." Speaking of military movements reminds us that the Adjutant-General of the State has issued by command of the Governor a congratulatory order, which we publish elsewhere in this issue, to all of the members of the North Carolina State Guard, who responded to his call, by appearing in review during the recent State Fair.

## Fashion Notes.

Very large buttons are all the rage. Moss green is the fashionable color. Cloak sleeves are rather large and loose. Jacquard cloth is a new cloaking material.  
Black Chantilly lace is again used on bonnets.  
Cleft halo brims are among the novelties in bonnets.  
Chevoit tartans are among the novelty wool fabrics.  
Clair de lune, or moonlight gray, is the coming color.  
Carrick capes and Carrick caps are handsome novelties.  
Slate, gray, and orange are fashionable combinations of color.  
Curled cock's feathers tipped with jet are very fashionable.  
Neigeuse and bourette are the leading winter dress fabrics.  
Oriental, torchon, Smyrna, and Ragusa point are the laces of the season.

The prevailing colors for chevoit tartans are combinations of gray, blue, and red.  
Side draperies are made of one large box or Watteau pleat on many stylish costumes.  
Cloak trimmings are large buttons, aigraffes, braids and passementeries, velvet, silk and fringes.  
New styles of underskirts have flounces trimmed with open work embroidery in Fayal designs.  
Bustles are no longer worn; three flounces on the back breadths of underskirts take their place.  
Anna of Austria cuffs, and large Puritan collars of sheer linen cambric are coming in vogue, trimmed with the finest Valenciennes.

Waistcoat fichus of Valenciennes, Oriental, and other laces, and gauzy materials are used to give a dressy effect to plain black or dark silk dresses.  
Waistcoat fronts and pompadour squares, formed either by trimmings or by lace, velvet and silk fichus, which simulate them, are very popular.  
A simple deep bias flounce falling over a side or box pleating is found to be the most effective skirt over which is displayed the long elaborately trimmed polonaises of this season.

Cloth round hats, matching the cloth of the ulster, are now in favor for traveling wear. They have soft, round Derby crowns, made of many gores, the rims stitched by the sewing machine. A little wing makes them look less masculine.  
**Delicious Cookery.**  
The most delicious, light, white and wholesome biscuits, rolls, muffins, waffles, cornbread, cake, etc., are possible to every table by using the celebrated DOOLEY'S YEAST POWDER. It is absolutely pure, and will go much further in use than other kinds of baking powder. It is impossible to fail with it in baking. Ask your grocer for it, and do not be put off with any other.
