Black Torchon lace is the latest novelty. Nor. barque *Labra* is reported in below.

He hath riches sufficient who hath enough to be charitable.

Gas bills grow longer as the "days of coldness come upon us."

A man is thought to be successful when he succeeds himself in office.

Stoop-shoulders can be remedied by backward lifts on a cook stove.

Enjoying the fat of the land—Thanksgiving and Christmas turkeys.

Of a happily married bridegroom, it may be said that his fortune's maid.

A new idea at fairs—Filling a bottle with beans and guessing at the number.

A new wall paper introduced in Germany varies in color as the room becomes brighter or darker.

The novelty for overdresses is called French coat, resembling the corduroy worn by gentlemen.

Young ladies are mercenary. A man sinks into nothing in their opinion, as soon as he is married.

The Board of County Commissioners were in session yesterday, but adjourned without transacting business.

Value the friendship of him who stands by you in the storm; swarms of insects will surround you in the sunshine.

We don't believe in any medium except the "circulating medium," and that has become so scarce that our faith in it is shaky.

A contemporary advises his young lady readers to make hay while the leap year sun shines. Does he want them torak in grass widowers?

Messrs Cronly & Morris will sell at auction to-morrow, from on board *Schr Laura A. Webb* at Mr. J. H. Neff's wharf, 10,000 choice cocoa-nuts.

There's no "perhaps" about it, Mr. Star. We have taken the trouble to look over the list of receipts, and yesterday was by far the biggest cotton day we have ever had here.

If you put two persons in the same bedroom, one of whom has the toothache, and the other in love, you will find that the person who has the toothache will go to sleep first.

Merchants and other handlers of money would do well to keep a lookout for counterfeit five dollar notes on the First National Bank of Tamaqua, Pa., which are now in circulation.

It's a poor rule that doesn't work both ways. When the telegraph companies pool their earnings, they gather them in, but when the nice young man goes to the billiard room and pools his earnings, the other man generally gets the most of them.

Dr. A. E. Wright, Superintendent of Health, reports as follows for the month October: Deaths, 19 white and 32 colored; marriages, 7 white and 8 colored couples; births, 24 white, and 9 colored, of which 15 were males and 18 females; still-births, 2 white and 4 colored.

A young lady up town tied a raw lump of red liver around her throat to cure her hoarseness. But when she awoke in the night and found a select company of rats sitting around on her chin and shoulders, making a lunch off the liver, she went back to the good old harshorn liniment.

Board of Aldermen.

The regular monthly session of the Board of Aldermen was held yesterday afternoon.

The Mayor reported in the matter of the reduction of the police force, that the number had been reduced to twenty-eight privates by the resignation of one and the discharge of two members of the force.

His Honor called the attention of the Board to the condition of the city mules, reporting from personal observation that they are in a bad condition, and called on Superintendent McGarrigle for a report as to the quantity of food the contractor gave them, which he considered bad, and the Chief of Police corroborated his statement; whereupon, on motion of Alderman King, it was resolved that the Mayor be requested to enquire into the condition of the city mules, and, if found to be improperly cared for in feed and stables, that he annul the contract.

Alderman Flanner arose to explain the condition upon which Dr. King was called in to assist in dressing the wound of a prisoner, and, on motion, Dr. King's bill of \$10 was allowed.

The committee on Streets and Wharves made a report in regard to the claim of J. G. Wagner, in reference to fatal injuries received by his horse in crossing a certain bridge within the city limits, and recommended that the same be not allowed. The report was read, and, on motion, adopted, and the Clerk was instructed to notify the Board of Audit and Finance to that effect.

The same committee made a report of progress in the matter of filling up the street railway.

The committee on Public Buildings were granted further time to report on matters before them.

The committee on Lights made a report recommending that an oil lamp be placed on the corner of Harnett and Sixth streets, and on the corner of Fifth and Queen streets, and, on motion, the recommendations were approved.

The committee on Finance reported in the matter of the pay of Messenger, recommending that the application be not granted.

On motion of Alderman Flanner the Mayor was instructed to enforce the payment of the Drummer's tax, in the following resolutions, which were carried:

Resolved, That the Mayor is hereby empowered to employ one man to act as detective, for the purpose of collecting the tax imposed on non-residents offering goods, wares, and merchandise for sale in the city, the pay of said detective to be fixed at 50 cents for each person detected in selling goods without a city license, provided the pay of said detective shall not exceed \$35 per month.

Resolved, That the Mayor is hereby instructed to rigidly enforce the payment of said drummer's tax.

On motion of Alderman Foster the following resolutions were adopted:

AN ORDINANCE for the prompt collection of special taxes.

Resolved, That the Treasurer and Tax Collector shall, on the second Monday of each and every month, commencing November 12th, inst., make up and deliver to the Mayor a complete list of all defaulting taxpayers as they appear on the special tax book; and on the same day he shall also serve a notice on each and every delinquent of the amount due on special tax account.

Resolved, further, That the third Monday of each and every month shall be specially set apart as the day for the trial of defaulting taxpayers, under sections 7 and 8 of the tax ordinance.

Resolved, further, That it is especially enjoined on His Honor, the Mayor, and the Treasurer and Tax Collector to enforce by due process of law the prompt collection of all special taxes.

Permission was granted G. G. Parsley, Esq., to erect a frame dwelling on the corner of Third and Ann streets.

Permission was granted Messrs. Grant and Haay to grade a part of Seventh street.

A petition of J. H. Heins, to be relieved of two months' tax, his place of business having been closed during that period on account of sickness, was granted.

On motion of Alderman Foster, it was resolved that His Honor, the Mayor, appoint a committee of three to confer with Col. A. Pope, General Railroad Ticket Agent, with a view of making arrangements (if possible) to allow passengers holding limited railroad tickets to stop over in our city at their pleasure without forfeiting their tickets.

The Mayor appointed Aldermen Foster, VonGlabn and Vollers said committee.

The September and October reports of the Superintendent of Health were read and ordered on file.

The Mayor was instructed to give notice that all real and personal property on which taxes for years previous to 1877 remain unpaid on December 1st, 1877, will be advertised and sold.

A motion of Alderman Foster, to discharge the remainder of the health officers

now in the employment of the city, was referred to the Sanitary committee for report.

Petitions of Messrs. E. P. Covington, W. H. Bernard and T. H. Smith, in reference to taxes, were referred to the Finance Committee for report.

The Board then adjourned to meet again on Monday next, the 12th inst.

Rumors of Mail Changes.

There is some talk, we understand, of a change of the mail schedules, which rumor says will take place next Tuesday, by which the fast mail will arrive here an hour and a half later and leave an hour and a half earlier. The change, it is said, will not affect the mail which arrives here at noon and leaves in the afternoon.

The Fayetteville Fair.

The next, and we believe the last fair, to be held in this State this season is to take place at Fayetteville next week. The promise now is that it will prove the most successful they have ever had in Cumberland county. Quite a number of our citizens will be in attendance on that occasion and they will not look in vain for a hospitable reception in that good old town.

Bonitz's Hotel.

The Goldsboro Messenger says: "Mr. Wm. Bonitz's new hotel was thrown open to the public on Saturday last. The house has been thoroughly renovated and furnished, and now offers every comfort to the traveling public."

Mr. Bonitz is a very clever gentleman and knows a thing or two. If he serves the traveling public as well as he did when he ran that popular little Club House he will be sure to succeed.

Judge Cantwell's Oration.

We are indebted to Hon. Edward Cantwell for a copy of the Oration delivered before the Wilmington Light Infantry on the 24th anniversary, which fell on the 20th of last May. It is in pamphlet shape, gotten out by Mr. S. G. Hall and is a very handsome piece of work. The Oration is prefaced by the account of the celebration as reported at the time in the columns of the DAILY REVIEW.

By the way, Judge Cantwell exhibited to us this morning the silver plate which belongs to the staff of the venerable flag which was the first planted on the heights at the National Bridge, a point on the old highway from Vera Cruz to Mexico, and about 60 miles from the former place. The inscription on the plate tells the tale. It reads:

"This Flag was borne by Company G, of the 12th Infantry, composed of North Carolinians, commanded by Capt. C. R. Jones during the war with Mexico. In the hands of Lieut. E. Cantwell, it was the first to wave over the Fort at the National Bridge.

Presented to the Wilmington Light Infantry by Capt. Jones, 22d February, 1856."

Going West.

Alex. T. London, Esq., of this city, left here yesterday morning on a prospecting tour to the West, with the ultimate design of removal to some growing town where he will continue the practice of his profession, the law. He will stop in Washington City for a few days and then do as Horace Greeley didn't do himself.

The forty-second annual meeting of the Stockholders of the Wilmington & Weldon Railroad Company and the eighth annual meeting of the Stockholders of the Wilmington, Columbia & Augusta Railroad Company, will be held in this city on Tuesday, the 20th inst.

Through some unaccountable neglect on the part of the compositor who failed to correct the proof, Archbishop Bayley's name was spelled yesterday Bagley, in one of two places in the resolutions published by us as adopted by the Young Catholic Friends Society of this city. The errors were marked on the proof but not corrected.

The Conjunction.

Mars and Saturn are now very close together, but are getting farther apart each day. On Sunday last they were in conjunction, but as the clouds covered everything here they were not visible. On Friday night the clouds lifted a little and a brief view was had. At that time they were very near together, both in the South about 8 o'clock and Jupiter to the left of Mars, the difference between them then being about one-fourth of the apparent diameter of the moon. At this time, and as they may be seen to-night if the weather continues fair, Saturn is some distance beneath Mars. The contrast between the fiery red of Mars and the twinkling blue light of Saturn is worth noting.

The receipts of cotton to-day at this port foot up 1,198 bales, against 1,093 bales for the same day last year and 73 bales for the same day in 1875.

New Firm.

We invite attention to the advertisement of Messrs C. E. Burr & Co., as it appears in this issue. Mr. Burr and Mr. Williams are both excellent painters, and understand their business thoroughly and will give satisfaction to all who may favor them with their patronage. They have taken room on Second street between Market and Dock, and will give prompt attention to all orders entrusted to them.

From The Old Country.

Mr. Michael Donlan, of County Roscommon Ireland, arrived here last Sunday afternoon on a visit to his two sons in this city, Messrs. Timothy and Patrick Donlan. He is in his 71st year and it is the first time that Mr. T. Donlan, the oldest son has seen him in the past twenty years, he having come to this country in 1857, while his brother, Mr. P. Donlan, came here eleven years ago. It may be imagined that the meeting was a happy and a joyful one.

A Sad Accident.

A gentleman by the name of Thaddeus Moore, belonging near Point Caswell, in Pender county, was drowned from on board the steamer *North East* early this morning. Mr. Moore came here a day or two ago in a row boat in company with Mr. Calhoun Pridden, from the same neighborhood. They were together last night and being well known on board of the *North East* went to sleep last night on the steamer, which was tied up to her wharf next below Messrs. Preston Cumming & Co's. mill. Some time during the night, said to be not long before daylight this morning, the engineer and hands who were sleeping on the boat were aroused by hearing a heavy splash in the water, and immediately thereafter cries for help. They ran to the side of the boat just in time to see the last of Mr. Moore, only his hand at that time being visible above the surface. At this moment Mr. Pridden who had also been aroused rushed to the side of the boat and he, too, fell overboard. As he was more immediately in reach he was at once helped out and by that time all traces of Moore was gone.

Deceased was a young man, probably some 25 or 28 years of age, and leaves a wife and three children. We do not know that any efforts have been made to recover the body.

Dr. M. J. DeBossett has located in New York City.
