Bread is the Staff of Life.
By Bread we mean all the various forms into which it is customary to convert cereal flour. When is Bread good? Bread is good when light, sweet and nutritious, and without deleterious qualities. How are these properties best secured? In no way, we answer, so well and certainly as by the use of DOOLEY'S YEAST POWDER. Try it thoroughly and convince yourself.

County Commissioners.

The regular monthly meeting of the Board of County Commissioners, adjourned from Monday, was held yesterday afternoon.

The following report was, on motion, received, ordered spread on the minutes and placed on file:
WILMINGTON, N. C., Aug. 3, 1877.
To the Honorable the Board of County Commissioners:
GENTLEMEN:—We, the undersigned, by your authority, visited the "Alms House" August 2nd, and examined each case therein confined and registered as insane patients.

We found Phillis Moore, colored; Joseph W. Moore, white; Fannie Jane Smith, colored; Mitchell Moore, colored; Emma Livingston, colored; Delia Gardiner, colored; Emma Burns, white; Mag Bradley, colored; Rhodie Lovitt, white; Eliza Faison, colored; A. O. King, white; and Julia Ann Moseley, colored, as proper subjects for your care and consideration. Elsie Lewis, colored, of Pender county; Lydia Smith, colored, of Brunswick county, and Sarah McKenzie, colored, of Wilmington, should be returned to their respective homes. We further beg to say that the appearance of each shows they are well cared for with food and clothing; but the building used to confine them in does not afford sufficient room or ventilation; therefore, we suggest an improvement be made, either by enlarging and ventilating their quarters, or the erection of a suitable building.

Respectfully submitted,
J. FRANCIS KING, M. D.,
WM. W. LANE, M. D.
It was ordered that an expert fee of \$5 per day be allowed Dr. A. E. Wright, for attendance on each case of the insane, provided such attendance does not exceed two days at each term.
It was ordered that commissioner Holmes be instructed to take Mathew Ashe, one of the inmates of the county insane asylum, before the county physician for examination, and, if pronounced sane, that he be released from custody.

On motion, it was ordered that the proposition of Messrs. Cronly & Morris, in regard to the tax books for 1878, be accepted, with the understanding that the Finance committee draw up an agreement more in detail, to be signed by them.
It was ordered that the school claim held by Messrs Sol. Bear & Bro., in favor of E. K. Pridgen, be paid out of the general school fund, and that the said amount be charged to Pender county, to be collected when a settlement shall take place between the two counties.
It was ordered that the school claim in favor of the School committee of Federal Point Township be paid out of the general school fund.

On application of Mr. S. Bear, one W. Green, a blind man, with his guide, was, on motion, granted transportation to Florence, S. C.
It was ordered that, at the request of Commissioner Holmes, a committee of three be appointed to look after the state of the prisoners under his charge. The Chairman appointed Commissioners Worth, Sanders and himself said committee.
The report of the Auditing Committee for the months of August and September was received and ordered spread on the minutes and placed on file.

The report of Elijah Hewlett, County Treasurer, for the months of September and October, in reference to the special fund of the county, was received and ordered spread on the minutes and placed on file.
The report of the committee on Outdoor Poor for the months of September and October, was received and ordered spread on the minutes and placed on file.
The report of James Smith, overseer of the public roads for Harnett Township, was received and ordered on file.

Fifty-two gold coupons.

amounting in the aggregate to \$780, were destroyed in the presence of a full Board.
Sundry applications in reference to tax matters were acted upon.
Several applications for the position of Janitor, were laid on the table, there being no vacancy.
The Board then adjourned subject to call of Chairman.

Ice This Morning.

Ice this morning over an eighth of an inch thick in horse and pig troughs on the Sound, as we were informed.
Thieves.
Last night Mr. Jno. H. Turner, who lives on the corner of Seventh and Ann streets, was visited by thieves and relieved of ten fine fowls. The family heard the chickens during the night making an unusual noise, but did not suspect the cause. No clue as to the perpetrators.

Dancing School.

Prof. J. H. Bailey has arrived in this city and will open a dancing school here next week in Megginney's Hall. Mr. Bailey is favorably known here from his long residence in this city during our most troublous times and we are glad to know that he has already met with much encouragement towards the opening of his school. We invite attention to the advertisement which appears in this issue.

A Wilmington Invention.

Mr. Berry H. Binford leaves this afternoon in the interest of Binford, Loeb & Co., proprietors of the Hoek and Eye Cotton Tie, which is purely a Wilmington invention. The tie is an invention which will be sure to claim the attention of our farmers throughout the State, and if any one can do justice to the subject we will put Mr. Berry H. Binford against the State, as a salesman of the first water.

A Little Piece of Iron.

The immense bed-plate (or whatever it is called) which is to replace that for some time past in use at the Cotton Compress in this city, has arrived here. It is in position, a stupendous undertaking, by the way. It came here from the North and was brought out on a very heavy car such as is used in the transportation of railroad engines from the workshops. It is a large piece of metal and cannot very well be handled by one man. It weighs 17 tons, which is two tons more than the weight of that which it is to replace.

Market Complaints.

Complaint after complaint is made to us in regard to the present condition of affairs in the market here, whereby speculators absorb almost everything, and consumers are obliged to pay two or three prices for everything. We tell our friends that it is not our fault; that we can't help it and that we have sin enough of our own to shoulder without trying to tote those of other people. Still, at the very urgent solicitation of some whom we esteem, we will remark that Capt. Flanner and Mr. Bowden and Mr. VonGlabn might do a good thing for their constituency by effecting a repeal of the present onerous regulation.

The School Census.

The Raleigh Observer of to-day's date publishes the school census for the various counties which have thus far reported. Some of them are, however, incomplete and we think that for New Hanover both incomplete and incorrect. TRIBUTE OF RESPECT.

ENGINE HALL HOWARD RELIEF FIRE ENGINE CO., No 1.
WILMINGTON, N. C., Nov. 6, 1877.
Whereas, It has pleased Almighty God, in the dispensation of His unfathomable wisdom, to remove from our midst, in the prime of life, our Brother Fireman, GEORGE F. W. BOSCH, we deem it a duty, due both to the memory of our deceased Brother and ourselves, to make manifest our sincere grief at his sad and untimely death; therefore, be it Resolved, That this Company, by the death of George F. W. Bosch, has lost one of its best members; one whose name stands engraved upon the annals of this Company as one of its bravest and truest members; one whose genial presence ever cheered and animated us with good feeling towards one another.

Resolved, That to his grief-stricken relatives we tender our deep and heartfelt sympathy in their bereavement.
Resolved, That a memorial page of our Record be duly inscribed to the memory of our deceased Brother, that the Hall Room be draped in mourning, and that our members wear the usual badge of mourning for the space of thirty days, as a token of our high esteem and appreciation of his good services and many social virtues.
Resolved, finally, That these resolutions be published in the city papers, and a copy sent to the family of the deceased.
