Heavy frost this morning. See other local on fourth page. Read the new and attractive advertisement of Mr. L. Vollers as published in this issue. Harry Webb has in a splendid lot of New River oysters; finest seen here this season. P. T. Barnum was in Virginia last week but branched off at Danville and has gone Southwestward. So he has given North Carolina the go-by this time. Mr. Geo. F. Tilley has at his stalls in the Market House another lot of that beautiful premium beef from Weldon, and everybody is invited to call and see it and leave orders for it.

Explanatory. On Saturday and Monday we were engaged in removing the DAILY REVIEW office to its present location, corner Chestnut and Water streets, and we had proudly hoped to do this without losing an issue of the paper. In this we were disappointed, however, and late last evening, to late to remedy it, found some mechanical derangement in our power press which forced us to relinquish the idea of an issue for that day. It is hoped that this explanation will prove satisfactory to our friends.

Removal. The office of the DAILY REVIEW has been removed to the corner of Chestnut and North Water streets, up stairs, where we will be pleased to see our friends at any time, and to place our exchanges at their service.

Arms Received. The arms shipped by the Adjutant-General to Major Burgess for the use of his school, arrived yesterday morning. They are the old style army regulation muzzle loading rifle. Cartridge and cap boxes with the army regulation leather belt were also sent. Major Burgess proposes to do away with the strap and use white cotton bands such as are used by our citizen soldiery.

Vienna Rolls. To one quart of flour add two teaspoonsful of DOOLEY'S YEAST POWDER, sift thoroughly, put in a little salt, and rub a tablespoonful of lard or butter through the flour; use enough sweet milk for a soft dough, roll out and cut with a round cutter; fold over like a turn-over, wetting the edges with milk to make them adhere; wash over with milk to give them a gloss, place in a pan so they will not touch each other, and bake fifteen or twenty minutes. They are delicious.

Board of Aldermen. A meeting of the Board of Aldermen was held yesterday afternoon at the City Hall. The Mayor reported, in the matter of keeping the city mules, that, since the last meeting they seemed better fed and kept. The special committee on limited railroad tickets gave notice that they would report at the next meeting. The Sanitary committee, in the matter of discharging health officers, report, recommending that they be dispensed with their discharge to date from the 10th inst. Report adopted.

Consumption Cured. An old physician retired from active practice, having had placed in his hands by an East Indian missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung affections, also a positive and radical cure for General Debility and all nervous complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellow-men. The recipe will be sent free of charge, to all who desire it, with full directions for preparing and successfully using. Address, with stamp naming this paper, Dr. J. C. STOKES, 41 North Ninth St., Philadelphia, Pa.

Almost a Panic. There was considerable of a panic Sunday on the Street Railway. During the afternoon one of the cars coming down Red Cross street and approaching Front became unmanageable because of the breaks refusing to work and the cars swept down the incline at a frightful rapidity. The driver jumped off and left the passengers, of whom there was a car full, to souffre for themselves. Nearly all of these made a jump from it when the car stopped by running off the track, without injury.
